FOREWORD

Beloved Reader:

The following is a general history of the innovation, development, and progression of an idea born in the heart and consciousness of the Beloved Maha Chohan.

Like all ideas, it depended for its subsistence upon the voluntary acceptance of the pristine essence through the consciousness of some members of the race to be benefited by its development, nourishment and sustenance.

Many such ideas are born and sent forth by their creators, only to die without fulfillment. Others are eagerly seized upon and pressed into the personal service of some individual ego. Others are fortunate enough to be reverently received by earnest, determined and sensitive lifestreams—such as composers, inventors, poets, statesmen, saints—and developed into workable, practicable benefits for the race as a whole.

The idea of inviting interested students on the path to visit the retreats of the masters of wisdom was conceived by the Beloved Master, El Morya. To amplify the blessings of the retreats to the mankind of earth, the Beloved Maha Chohan conceived the further idea of drawing the students together rhythmically, at the same time that the initial pulsation of the Retreat had begun to pour out its radiance into the atmosphere of earth, and of allowing them gradually to become conscious co-workers with the Great White Brotherhood whom they have loved so long, **AT THE SAME TIME AS THE BROTHERHOOD WAS ACTIVE IN ANY PARTICULAR SERVICE.**

The response of the students, the development of their spiritual dexterity, and the tremendous results manifest at inner levels can be traced on the following pages. The Beloved Maha Chohan Himself, has said:

“The reception of this idea and its subsequent development with the tremendous benefits to the race, to the atmosphere of earth, and to the three evolutions progressing upon the planet, is a marvelous proof to the Cosmic Law that mankind is interested in helping itself; that among incarnate lifestreams are many who will cooperate when the outer consciousness is given opportunity to do so.”

Thus the history of the birth and expansion of the Transmission Flame Activity stands witness before the Cosmic Law, the Lords of Karma, and the Spiritual Hierarchy, that there are individuals **WILLING** to “make things right,” to serve with the God-free, and to develop and mature any and all suggestions, desires and plans through the voluntary energies of imperfect but sincere lifestreams.

May the history of the future show expansion again in such overwhelming numbers and quality of radiation, that dispensations without limit will be granted to bridge the chasm between the Ascended Master octave and the human octave, and

not only the ideas and plans of the brothers, but their living, breathing selves may enter into daily association and companionship with the evolving race as well.

SO BE IT!

Louis Legatus

TRANSMISSION OF THE FLAME

DEDICATION

This Manual is dedicated in deepest love and devotion to Our Beloved Master and Teacher, The Maha Chohan, in gratitude for His great service to life through the ages. At His suggestion, the Transmission Flame classes were inaugurated to expand the Sphere of Influence of every Retreat on the planet earth. Through His counsel and guidance thy have been developed to the present day.

From His Cosmic Being comes forth the breath that animates every human being on the planet earth. To those who wish to dedicate a portion of that breath to the service of God the following pages will be of assistance.

To Our Lord Maha Chohan, Blessed Holy Comforter, we give our gratitude and blessings for the privilege of participating in His Endeavor to expand the gifts, powers, radiation and activities of the Great White Brotherhood throughout the world.

Thomas Printz

JANUARY 1954

When the Transmission Flame Classes were first inaugurated, the students did not have sufficient knowledge nor momentum of application to transmit around the world the powerful concentrated Rays, Flames and Radiations of the Retreat honored each month.

To remedy this, various members of the Great White Brotherhood and the Angelic Kingdom volunteered to assist the group activities and lend the strength and energy of Their individual momentums to help the students to receive, absorb and transmit the gifts and blessings from point to point on the earth's surface.

Now that the activity has become worldwide and the students have developed the capacity within themselves to perform this service in a satisfactory manner, the Masters are more and more transferring to the students both the responsibility and the opportunity for drawing and directing the Rays and Currents, so that the meritorious karma may be given to the members of the race presently embodied rather than add to the already glorious heritage of the God-Free Beings.

ORIGINAL OUTLINE FOR TRANSMISSION FLAME CLASSES

- 7.15 - Keynote of Retreat should be played for 15 min. - either by personal musician or recording.
- 7.30 - Give Invocation, Regular Outline, or use your own.
- 7.35 - Give at least 20 min. to "snappy" Violet Flame decrees - which clear the atmosphere of the room and purify and harmonize the individuals present, making it easier for the Great Ones to render Their Service.
- 7.55 - (a) Protective visualization and calls for Sanctuary by Director
(b) Candle lighting ceremony
- 8.05 - Read description of Retreat active, so the minds and consciousness of the students have time to "tune in" to the current activity, prior to the "breathing" ceremony.
- 8.15 - Director should explain the course of the current Flame - starting with the Retreat of Its Source.
- 8.20 - Group singing (or recordings may be used here for the next 15 min.) determined by the time you have available.
- 8.35 - Current decrees for 15 min.
- 8.50 - Read letter to group on Transmission Flame.
- 9.00 - PROMPTLY start rhythmic breathing - Director and alternate aloud for first 12 times - then group silently for 20 min. more.
- 9.30 - Group rises and sings "Michael! Michael! Michael!" to the hymn tune of "Holy! Holy! Holy!"

ORIGINAL SERVICE FOR TRANSMISSION CLASSES

ORIGINAL SERVICE FOR TRANSMISSION CLASSES

7.15 - Keynote of Retreat (currently active) should be played for 15 min. - either by personal musician or recording.

Explanation of "KEYNOTE"

This "keynote" represents the general melody that pours forth from the Retreat and Its Brotherhood. Because of the denser consciousness of the outer self, composers as a rule are not able to accurately reproduce these beautiful melodies exactly but often weave them into an "aria" or composition, often quite unconscious, of the fact that they have "tuned in" to a part of the "Music of the Spheres". The Masters have indicated some pieces of music known to the outer consciousness which most nearly portray the radiation of the various Retreats. In other words, the outer world composition such as, for instance, "Liebestraum", embodies the "Theme" of the music of the Ascension Temple as well as many extraneous notes from the composer's own consciousness and is not necessarily note for note - the original melody.

IMPORTANT: All who are participating in this transcendent activity should be in their places in the room during the playing of this "keynote" so that the Master in charge (The Divine Sponsor) may quiet and attune the inner bodies and atmosphere of all present. This is very important!

7.30 - Give Invocation - or use your own.

IMPORTANT! - Invocation.

To keep each Transmission Class CURRENT and up to date - and to give the Retreat and Radiating Masters the opportunity of entering both the Sanctuary and the consciousness of the participants therein, IT IS MOST IMPORTANT that a loving and reverent and sincere invocation be made to that Retreat BY NAME as well as to the Hierarchy in charge thereof and the particular activity of the Sacred Fire being released at that time - viz: "Thru the Love of my own Beloved "I AM" Presence. I call directly to the Beloved Ascension Temple at Luxor, Its Hierarchy, the beloved Serapis Bey and the full gathered momentum of the Ascension Flame anchored there. Establish in thru and around us and all participating in these Transmission classes this night the full Power and Glory of Your Ascension Flame, in ever-expanding radiance, to raise all life evolving on this planet and in its atmosphere out of everything human into all that is Divine and hold it there forever".

Invocation

In the Name of the Infinite, Glorious, Presence of God which "I AM"; in the Name of All that is good, we send our Love, Praise, Gratitude and Devotion to the Supreme Source of all life; We send our hearts love and call to You, The Great White

Brotherhood and Legions of Light; to Beloved Sanat Kumara, Lord Gautama, the Present Buddha, Jesus and Kuthumi, Beloved Maha Chohan and the Seven Chohans of the Rays, especially to our Beloved Ascended Masters, El Morya and Saint Germain; to the Seven Mighty Elohim, the Seven Archangels, the Great Beings in charge of the Nature Kingdom, to Beloved Helios and Vesta and to Beloved _____ (The Ascended Master Whose Retreat is open for the thirty-day period,") we do provide that Bridge from the human realm to Divinity's Realm and INVOKE Your Light, Love, Wisdom and Power of Your full gathered cosmic momentums of Special Qualities to Charge (3) into us and through us to all mankind and every living thing on the Earth, in Its atmosphere or beneath the Earth! Charge (3) us with....

1. Illumined Faith in the All-Power of God and His Goodness; (El Morya)
2. Illumination, Love and Wisdom; (Lanto)
3. Love for God and His Messengers, our fellowman and every living thing; (Venetian)
4. Purity that resurrects and raises all the good in our lifestreams; (Serapis Bey)
5. Truth which enables us to consecrate our lives to God (Good) and daily consecration of God's Life entrusted to us to fulfill His Will on Earth as It is in Heaven; (Hilarion)
6. Healing, Peace and the desire to minister to all life; (Nada)
7. The conscious power to Transmute through invocation of the Violet Transmuting Flame all human creation we have contacted in the past, contact now, or shall contact in the future; (Saint Germain)

UNTIL OUR EARTH AND EVERY LIVING THING IS PURIFIED, HAPPY AND GOD FREE, AND OUR EARTH IS FREEDOM'S HOLY STAR MADE MANIFEST NOW.

We send our hearts love and call to You, our Beloved Sponsor _____, the Present Buddha, Kuthumi and Jesus, to the Angels of Ceremonial, the Devas and Builders of Form, the Great Angelic Host and the Blessed Elemental Kingdom and ask that You will assist us in our service to the Light this day and everyday until all are wholly Ascended and Free. We especially call to You _____ (Master the Leader is magnetizing and Whose Words will be read in the context of this service) to bless us with Your love and light and what You see we require the most and that which will assist all in this locality and the entire Earth. Keep this eternally sustained, all powerfully active, ever expanding and world encompassing until ALL are wholly Ascended and Free. We thank You. We consciously accept this done right now with full power. Beloved "I AM" (3).

Leader greets the group by saying:

God bless you, dear students, for your Presence here. I salute the Immortal Victorious Three-fold Flame of God within your hearts.

Group responds:

We salute the Immortal Victorious Three-fold Flame of God within your heart and offer the full gathered momentum of our lifestreams to your service today. (The purpose is to create an especial affinity between the Leader and the Students which, in turn, creates a greater magnetizing current which draws the radiation of the Ascended Masters into each Forcefield.)

7.35 - Give at least 20 min. to "snappy" Violet Flame decrees - which clear the atmosphere of the room and purify and harmonize the individuals present, making it easier for the Great Ones to render Their Service.

VIOLET TRANSMUTING FLAME DECREES

When a group of students gather together for a meeting; a great Master Presence or Deva stands within the atmosphere. As the decrees, fiats, and songs go forth in a fairly rapid but balanced tempo, the rate of vibration of the atoms making up your physical and inner bodies increases and there is thrown off much misqualified substance which is instantly transmuted by the Great One in charge of the Meeting. You would be amazed could you see with the inner sight, how much impure substance of your worlds is thus transmuted by that beautiful, ever-present Violet Fire. This impure substance has been lodged in your physical and inner bodies.

This VIOLET TRANSMUTING FLAME is always blazing up around every Sanctuary once It has been called forth there - even when you are not present. It is so wonderful to know that the Violet Fire is always there. Whenever Purification is called for, that Violet Fire goes into action. It frees the elemental substance from all impurities - returning it to the Sun for repolarization by Divine Love.

The Ascended Master

Jesus

Have you thought - when you call for Purity, or when you call for Peace - that if some Being had not chosen to qualify primal life with that gift you ask for, that there would be no source of already consecrated Purity, Peace, Healing, or Forgiveness?

THE VIOLET FIRE AND THE SEVENTH RAY TO OUR EARTH, ESPECIALLY BELOVED
ARCHANGEL ZADKIEL AND HOLY AMETHYST:

ANGELS OF THE VIOLET TRANSMUTING FIRE COME FORTH NOW! And....

BLAZE (3) the Violet Transmuting Flame through all educational channels,
especially for the Younger Generation. TRANSMUTE (3) all wrong teaching of any
kind and PURIFY (3X) it RIGHT NOW today, and teach them all God's Perfect Way!

BLAZE (3) the Violet Transmuting Flame into the tongues and pens of every
human being on the Earth. PURIFY (3) all language and speech which is not
Ascended Master Perfection--especially where the Younger Generation is concerned,
so that they may learn only God's Perfect Way of speaking and living.

BLAZE (3) the Violet Transmuting Flame through all desire for dope, alcohol,
tobacco and all that seeks to contaminate the Younger Generation. TRANSMUTE (3)
all desire for these substances into the desire only for God's Perfection to manifest
today and forever.

BLAZE (3) the Violet Transmuting Flame into all books and literature through-
out the Earth that would contaminate the younger Generation. PURIFY (3) it all and
replace it with the Ascended Masters' Divine Reading for all present and future
generations.

BLAZE (3) the Violet Transmuting Flame thru all forms of amusement and
entertainment; thru all radio and TV programs; especially the movies and all places
where young people meet.

PURIFY (3) each one of these channels and replace it with Ascended Masters'
Divine Perfection! - We so decree it, Beloved "I AM"

Beloved Presence of God - "I AM" in us and in all mankind; all Great Beings,
Powers and Legions of Light; in the Name and by the Power of Almighty God, we call
for the Light of Cosmic Forgiveness, the Light of the VIOLET FIRE OF FREEDOM'S
LOVE, the Great Cosmic Light, and the Light of Cosmic Victory to flow out, from
Cosmic Sources to penetrate the atmosphere of Earth and TRANSMUTE (3) all that
is not of the Light, Cause, Effect, Record and Memory, before it can act, manifest, or
longer be sustained. Replace it by the Cosmic Three-fold Flame, and the full power of
the Cosmic Flames of Freedom and Illumination until Earth's Victory is assured and
Beloved Saint Germain's Golden Age becomes a reality We so decree It in God's
Most Holy Name "I AM"!

"I AM" (3) THE VICTORIOUS VIOLET FIRE OF FREEDOM'S LOVE for which we call!

"I AM" (3) THE VICTORIOUS VIOLET FIRE OF FREEDOM'S LOVE that raises all!

"I AM" (3) THE VICTORIOUS VIOLET FIRE OF FREEDOM'S LOVE that sets all FREE!

"I AM" (3) THE VICTORIOUS VIOLET FIRE OF FREEDOM'S LOVE that makes us all
like Thee!

Beloved "I AM" (3X)

WITHIN THE POWER OF THE SACRED VIOLET FIRE (3) "I AM" THAT "I AM"!

Also use: JOY, HARMONY, PEACE, MERCY, LOVE

In the Name of the Beloved Mighty Victorious Presence of God – “I AM” in us, and the Holy Christ Selves of us and all mankind , we make this call to Our Beloved Ascended Master Saint Germain and all Who serve in the activities as Of the Seventh Ray, to instantly and completely remove the CAUSE AND CORE of all fear (conscious or unconscious) in the use of THE VIOLET FIRE OF FREEDOM' S LOVE anywhere on the Earth, in the Earth, or in its atmosphere. Replace this INSTANTLY with a feeling of FORGIVENESS for all human mistakes and with Beloved Saint Germain's FEELING Of the ASCENDED MASTER FREEDOM which is within that VIOLET FLAME. As we call this blessing forth, we ask that it be made eternally active in the beings and worlds of all life belonging to Earth's evolutions still unascended. We pledge our Eternal Love and Gratitude for the instantaneous manifestation of this and our every call to Light. We thank Thee - in God's Most Holy Name "I AM"!

Beloved Mighty Victorious Presence of God - "I AM" in us; Beloved Holy Christ Selves of all mankind; Beloved Ascended Master Saint Germain and all Great Beings, Powers and Legions Of Light Who serve on the Seventh Ray. Blaze up, through and around us Your Mighty VIOLET TRANSMUTING FLAME, the Purifying Power of Divine Love in its most powerful, dynamic activity. See that this Flame of Divine Love, Mercy, Forgiveness and Compassion TRANSMUTES instantly and forever the CAUSES and CORES of human limitation and distress which we have created in our own beings and worlds and in the worlds of others, as well as anything of a destructive nature we may have accepted into our worlds which may have been driven against us. This we ask in God's Most Holy Name "I AM"!

THE VIOLET FIRE AND THE SEVENTH RAY TO OUR EARTH, ESPECIALLY BELOVED
ARCHANGEL ZADKIEL AND HOLY AMETHYST:

Beloved Silent Watcher over every city, town and village on the planet Earth; reach out, Your great Loving Arms and raise up a limitless number of individuals in every center who will awaken to the reality of the faithful use of the VIOLET TRANSMUTING FLAME OF COSMIC CHRIST MERCY AND COMPASSION. See that each such individual completely understands the full import of the opportunity now offered them to free themselves and their fellowmen from all human distresses. We decree that their conscious acceptance and use of this Mighty Power from the Heart of God will cause to be established within and over every one of these centers great purifying Foci of the VIOLET FIRE through which the inner bodies of all in their vicinities may pass at least once each day and oftener if desired. This we ask in God's Most Holy Name ... "I AM"!

In the Name, Authority and Power of the Beloved "I AM" Presence in us and in all life everywhere, we call to our Beloved Ascended Master Saint Germain and all Great Beings, Powers and Legions of Light Who serve in the activities of the Seventh Ray, and we invoke the full-gathered Cosmic Momentum of the Violet Transmuting Flame into the CAUSES and CORES of all bigotry, bias, prejudice, resentment and hatred caused by differences in - racial background, religious affiliations, national and planetary karmic differences. DISSOLVE and TRANSMUTE all them RIGHT NOW, and replace them with Tolerance, Kindness, Courtesy, Peace, Illumination, Reverence and Respect for God's Life in all, and hold these Virtues eternally sustained, all-powerfully active and ever-expanding in, thru and around all life everywhere until all are wholly ascended and free! We so decree it. Beloved "I AM"!

ARCHANGEL ZADKIEL AND HOLY AMETHYST:

We speak directly to the Heart of the VIOLET FIRE OF FREEDOM'S LOVE to SEAL (3) all lifestreams caught in the distresses of human creation especially all political prisoners and prisoners of war activities anywhere on this planet Earth, in a Mighty Focus of the Power of the FREEDOM FLAME that transmutes instantly, cause, effect, record and memory, of all their distress -- causing it to disappear and instantly BE NO MORE! Beloved Archangel Zadkiel and Beloved Holy Amethyst, BLAZE (3) the VIOLET FIRE OF FREEDOM'S LOVE AND TRANSMUTATION as of a thousand suns in, through and around ALL human creation that interferes in any way with the fulfillment of the Divine Plane for these lifestreams which is the

attainment of the Victory of their Ascension. Send Legions of Your Angels of the VIOLET FIRE to set them FREE- RIGHT NOW - and we thank Thee that this call is answered even as we speak.

"I AM" (3) the God-Victorious Light of Immortal Purity, Justice, Forgiveness, Protection, and Mercy from God, the Beloved "I AM" Presence, in, through and around every constructive person and nation on the Earth; and in the name of the Mighty Power Of the VIOLET TRANSMUTING FLAME, COMMAND (3) that the Divine Plan of Perfect Harmony for the Incoming Golden Age be fulfilled. "I AM" (3) the Love, Wisdom and Power of Almighty God that teaches Youth and Age alike to ABOLISH war, discord, gossip, selfishness and greed in men and nations; SEALS atomic power in the VIOLET FIRE; and RAISES ALL men into the knowledge that "I AM" IS THE LIGHT OF THE WORLD, and in that Light, ALL is merged into UNITY - eternally sustained. We so decree it in Gods Most Holy Name - "I AM".

"I AM" (3) the Ascended Masters' Blessing to ALL LIFE EVERYWHERE! We call to the Heart of the Great Central Sun to BLESS (3) the Spirit of the Great White Brotherhood and every Ascended Master and Cosmic Being wherever They may be in the Universe. We now consciously place the Authority for this Earth into the hands of the Great Host of Ascended Masters, and call forth the VIOLET TRANSMUTING FLAME to BLAZE (3) and RAISE (3) all life by the authority of the "I AM" Law of Life... We so decree this in God's Most Holy Name "I AM"!

O Beloved Presence of God - "I AM" in us, and our Beloved Holy Christ Selves; SEAL (3) us and all that is constructive throughout the world in Beloved Saint Germain's COSMIC FLAME OF FREEDOM and His Luminous Presence. May everyone FEEL His limitless God-controlled ENTHUSIASM for the Light; HIS ILLUMINED OBEDIENCE to the Light; HIS DEVOTION to that Light - serving it with all the Power of His Being until the Earth and all evolving thereon are wholly ascended and FREE! We thank Thee and pour forth our eternal Gratitude for the instantaneous answer to this and our every call to Light.

VICTORIOUS VIOLET FIRE OF FREEDOM'S LOVE!...Qualify all the energies of our beings and our worlds with the fullness of God's Love in action through us now and forever... INTENSIFY Thy Power through us each hour... By Beloved Saint Germain's Love, Wisdom and Power!

7.55 - (I) Protective visualization and calls for Sanctuary by Director

- a. Let us visualize the walls of this place as tho CHARGED into walls of White Fire, like sun on glistening snow (about 3 feet thick) dissolving and consuming INSTANTLY all that is not of the Christ sustaining and expanding forever in its place, the FULL PERFECTION of "The Light of God that NEVER fails!"
- b. Let us picture a pillar of Blue Flame coming from the Heart of the Earth, up underneath this room (as though the room were resting on it). And then see that Blue Flame expand in all four directions, up around the room, high into the Ascended Masters' Octave - holding the room within a gigantic CUP OF BLUE FLAME of the Ascended Masters' Divine Love and Invincible Protection. Then see the radiation from the stem and the Cup move out in all four directions, thru the earth and its atmosphere, and meeting on the other side of the planet, return again to this room for greater intensification. And call for this activity to be eternally sustained and ever-expanding; dissolving and consuming forever, the entire sinister force and psychic plane, replacing it with the Perfection of the Divine Plan fulfilled to-day and forever!
- c. Picture the Violet Consuming Flame from the center of the earth to the Great Central Sun, thru the room itself and all within it; charged and qualified with everything for which we have always called, especially the purifying, HEALING, supplying Power of Divine Love, and see it expand itself WITH the Blue Flame to produce Perfection everywhere forever! Then see the Walls of WHITE FIRE move out and replace all that has been consumed of imperfection, by the full Perfection of Itself.
- d. See every chair in the room as tho it were the ATOMIC ACCELERATOR - a chair of Dazzling, Blazing, Golden Light - and where your shoulder blades rest against the back of the chair - FEEL that Golden Light DRAW UP from your feet, and DOWN from the top of your head, and TAKE OUT thru your spleen (at about the shoulder blades) all substance that has shut in the Light of the Electron, and see your entire body BLAZE with the Crystal-White Light of the Higher Mental Body. Hold this picture as clearly as possible for a minute or two to let THAT LIGHT TAKE HOLD of the substance of your body! And the more you can do and ACCEPT the reality of this - the more quickly will you be free from all body distress.
- e. See in the center of the ceiling of the room THE SECRET LOVE STAR - a nine-pointed Star of Blazing, Dazzling, GOLDEN LIGHT. And by your Imaging Faculty, picture a Ray of this Star, coming right into your heart and expanding INSTANTLY for at least 9 feet around the physical body; making a blazing Sun of the Golden Light of Beloved Sanat Kumara's Love and Patience of the Cosmic Christ; a cloak of invisibility, invincibility and invulnerability, to all that is not of THE LIGHT, and a gigantic magnet to draw and hold the limitless abundance of money and every good thing, by the power of Precipitation - instantaneous or otherwise - tax free, as a glad free gift of Love, that

carries automatic invincible protection, and can only be used for the fulfillment of God's Great Divine Plan.

- f. In the center of the room, with the point toward the Secret Love Star, and the base across the middle of the floor, see the Crystal Triangle of the ALL-SEEING-EYE of God, with that Glorious Eye within sweeping forth a mighty Ray to the front of the room, and then in a circular activity from left to right, thru the head area of each one, and thru the aura of each one, annihilating instantly and forever, ALL human concepts, feelings and opinions; all human prejudices and dislikes; all human patterns and thought-forms of imperfection; all destructive etheric records of mankind's disobedience to God; and their frightful rebellion against the Purity and Perfection of God's Great Divine Plan; all habits of thought and feeling that are not the fulfillment of that Plan; and all psychic substance, in, thru and around or driven against us - cause, effect, record and memory - before they can act, approach or encroach upon Life longer.

LEADER then says:

"Beloved All-Seeing-Eye of God, Elohim from the Sun! We Love Thee, Bless Thee, Thank Thee. O! Thou Great Almighty One! Blaze thru us THY LIVING LIGHT - Raise us all on High! Beloved Elohim of God - God's All-Seeing-Eye!"

g. LEADER continues with Adoration to Archangel Michael:

"Great Archangel Michael, Great God from the Sun! We give ALL WE ARE to Thee, Thou Mighty One! We love Thee! We bless Thee! Thou God of Great Might! BLAZE thru us! Blaze THRU US! MAKE US ALL THY LIGHT! Protect us! Perfect us! MAKE US DO RIGHT! Blest Archangel Michael- DEFENDER BY LIGHT!"

(II) Candle lighting ceremony - LEADER ONLY says, as the candles are lighted:

NOTE: In lighting the candles if more than one is used, they should be lighted from left to right of Leader and extinguished in the opposite direction, extinguishing last candle first.

"In the Name, Love, Wisdom and Power of the Immortal Three-fold Flame of Life, we call forth these Flames and qualify them with ALL THE POWER AND PERFECTION, INVINCIBLE PROTECTION and LIMITLESS SUPPLY from the Great Central Sun, the Physical Sun, and the Retreat _____ CHARGE (3), FLOOD (3), SATURATE (3), us and all under this radiation, and every person, place, condition and thing in the earth, on the earth and in its atmosphere with that fiery essence until It has set the earth and all within and upon it eternally free.

8.05 - Read description of Retreat, so the minds and consciousness of the students have time to "tune in" to the current activity, prior to the "breathing" ceremony.

8.15 - Director should explain the course of the current Flame - starting with the Retreat of Its Source.

Transmission Flame Course:

It is suggested that the Sanctuary or Group Director AND THE STUDENTS as well, familiarize themselves with the maps showing the course of the Transmission Flame as it leaves Its Original Source (the Retreat currently active), and proceeds from West to East around the globe.

This should really be done AT HOME, prior to attending the Transmission Class so each one individually is fully conscious of the exact location on the earth's surface of the Retreat in action. Then, consulting the Time Chart, the course of the Flame may be easily followed, enabling each locality to know from whence comes the Flame into his or her Sanctuary and to what further point toward the East, he is to consciously direct it.

It might be well for the Director in charge - immediately before the stroke of your "breathing hour" to read aloud from the "Time chart"- the focuses (cities) through which the Flame passes, starting of course with the active Retreat of the month. Particular attention should then be given to the point from which you receive the Flame and to which you should direct it.

IMPORTANT: The breathing is done thru both nostrils at once with the mouth closed.

There should be no sound whatsoever as the air is drawn into the body or released from it.

Beloved Saint Germain in His great wisdom establishing the initial pulsation of the Freedom Flame from His Retreat in Transylvania, on July 19th, 1952, requested the first group to be ready to cooperate with the actual transmission of the Flame at exactly 9 P.M. Eastern Standard Time (Philadelphia). Since we all understand such tremendous release of power always requires a preparatory release of protective calls, etc., It was thought wise to begin the meetings one hour and a half before the actual releasing of the transmission breath was effected.

The Masters wish to honor the hour of the original pulsation of the Freedom Flame in this transmission activity. Those participating are requested to adjust the time of their meeting to correspond with this initial pulsation of 9 o'clock Eastern Standard Time.

The transmission of the flame classes are requested to meet the first Saturday after the 15th of each month - on the 15th itself if that date falls on a Saturday.

8.20 - Group singing (or recordings may be used here for the next 15 min.) determined by the time you have available.

NOTE ON "GROUP SINGING"

Allowing the congregation to sing together is always preferable to recorded music in this instance, because as the Beloved Master Saint Germain has said, "It brings the already harmoniously qualified energy right into the octave where the greatest discord abides and allows the students the meritorious karma of giving their own life energy to drawing the Masters' love and blessings, both thru the words and the feelings that accompany such songs of praise and thanksgiving."

In this connection the Group Director should use his or her initiative and base his songs, decrees and visualizations on the Retreat and Masters being honored. When you have knowledge of the Sponsor of your Sanctuary or locality, you can also sing to him or her.

When Darjeeling is honored, for instance, you may use songs which refer to active Retreat, – "The Will of God" or the one personally to Beloved Master El Morya.

Some time ago the Beloved Maha Chohan asked us to use, at least once in each meeting - the following lines sung to the hymn tune "The Church Has One Foundation".

"Beloved Holy Christ Self - descend now into me -
Possess my world with all Thy Light and set me ever free;
Let Thy dominion take control for the sake of Saint Germain,
HOLD Thy Dominion in me now - forever to remain.

Dissolve, consume, annihilate the human now - today -
By the power and might of Cosmic Light - see I that Light obey;
And Hosts of Light, in glory bright, let me Thy Victory be -
Beloved Holy Christ Self, descend now into me".

** The word "THEM" may also be substituted for "me" above - when using it not for the individual alone but for the 10 million recently given the grant under the Great Cosmic Law. This call from the hearts of unascended beings enables greater assistance to be given these souls.

8.35 – DECREES for active Retreat for 15 minutes.

8.50 - Read letter to group on Transmission Flame and instruction on Rhythmic Breathing

INSTRUCTION ON RHYTHMIC BREATHING

in connection with the classes held each month for the TRANSMISSION OF THE FLAME
around the world

These classes, held always on the 15th of the current month (if that date falls on a Saturday) OR the first Saturday AFTER the 15th of the month, are the Divine Idea from the Beloved Maha Chohan which He was kind enough to release to us over a year ago. The attention of the chelas (meaning "disciples") being drawn to a special Retreat of the Great White Brotherhood every 30 days enables that focus of Their Light to expand tremendously and give Its special Quality of Blessing into the atmosphere of earth and into the bodies, minds and feeling worlds of its people, especially those who are conscious of this activity and its importance at this time. As we all know, the Great Cosmic Law has given the Great Ones a period of twenty years in which to awaken all the life streams embodied on the planet earth, endeavoring to get their loving cooperation in assisting the earth to emit more Light. This is done, in part, at least, by the willing release rhythmically, of their own breath (which is their LIFE). You can live quite a while without food and without water, but how long can you live without BREATH?

In order to give the Great Ones the best assistance possible in releasing this energy for Them to use, it becomes VERY necessary for all to put aside everything of the outer world's demands in every way and, for at least ONE evening a month, join with others who are interested in this same endeavor and make these "Transmission" groups as large as possible in numbers. In this way, each one individually receives the benefit of all present and the cooperative action gives Them more energy to use. However, we understand there are conditions at the present time where it is not possible or practicable for chelas to join others but this will be remedied in time as we continue to make the call.

The breathing is ALL DONE thru the nostrils, NO mouth breathing is done during those exercises - just a normal, relaxed, effortless, rhythmic breath on a definite "beat" is most useful to the Great Ones.

In the beginning, we started with the count of 4 - 4 breaths IN, then HOLD them 4 counts, then breathe OUT 4 counts and HOLD (without breathing) 4 counts. After we had done this about 6 months, the Beloved Maha Chohan said He felt we were ready for a greater control of the breath and we should use 8 from then on. You will notice the statement we use for the breathing has eight distinct "counts" or "beats" which should be done to BRISK MARCH TIME - not too fast however, but very DEFINITELY NOT SLOW! A good friend has suggested the use of a "METRONOME" - our musical friends will know exactly what we mean by that - if any do not, YOU can go to some good music store and

ask them to let you see and hear one – perhaps you could buy one, if they are not expensive. However, I think you can get the "beat" from hearing one "click" - have the gentleman at the store set it to a brisk march tempo and give your decree or statement to that beat. Your statement is always marked in your monthly letter, 1-2-3-4-5-6-7-8. Each "click" of the “Metronome” would correspond to one of the numbers. Is this clear? It seems more difficult to put it on paper than to give it to you personally, which I do hope someday to be able to do. If you have any more questions on this, PLEASE write them to ME PERSONALLY. Thank you and God bless you!!!

The Beloved Maha Chohan recently explained to us that, without these “Transmission of the Flame” activities each month, it would be quite impossible for Them to accomplish all that must be done within the period of twenty years allotted Them. So you can see how very important these classes are.

Rhythmic “Breathing”

Where there is more than one present have the Director give the first line and another willing individual give the second line; the leader should give the third line and the other individual the fourth line. This “four-point” activity should be given ALOUD twelve consecutive times - the audience remaining silent during this release. After this - the entire audience continues on in silence - repeating the same statements within themselves on the same rhythmic beat, for the next 20 minutes.

Quite naturally, it is not humanly possible for an individual to inbreathe and breathe out at the same time - as speaking carries the breath OUT OF THE BODY. Therefore the Group Director and alternate, actually begin their rhythmic breathing AFTER the four statements "inbreathing", etc. have been given 12 times.

Beloved Saint Germain:

“The Director represents the Ascended Master Who is the Hierarch of the Retreat and Who anchors thru the Director, His Personal Ray. The alternate speaker represents the student body and accepts the radiation and blessing for the group.

It would be better to have two people perform this ceremony whenever possible, because the Master's currents are so much higher than that of the student body that it requires a rapid change of vibratory action thru one form.....

Do not allow any jerky or spasmodic motions in connection with the drawing in, sustaining or expelling of the breath - all depends on smooth, fluidic, effortless motion.”

9.00 - PROMPTLY start rhythmic breathing - Director and alternate aloud for first 12 times - then group silently for 20 min. more. Appropriate music can be played during 20 minutes of silent breathing.

9.30 - Group rises and sings "Michael! Michael! Michael!" to the hymn tune of "Holy! Holy! Holy!"

Michael! Michael! Michael! Lord of the Archangels
From the earnest souls of men does gratitude arise!
For Thy Heavenly Presence, let all on earth adore Thee -
God from the Sun! In all that Name implies!

Michael! Michael! Michael! Let defending angels
From Thy Heavenly Legions, flood earth, and sky and sea;
Purify, illumine, guard the God-free concept
Of Light's Perfection for all men to see!

Gabriel and Raphael, Jophiel and Uriel
Chamuel and Zadkiel and all the Hosts of Light -
Cherubim and Seraphim, from the height of glory
Rend human veils - stand forth to human sight!

Director then says:

In the words of the Beloved Archangel Michael, we gratefully dismiss those who have assisted us in this meeting:

"In the Name of the Sun from whence I came, I speak to Thee, O! Archangels and Archaii, Seraphim and Cherubim and great Angelic Host; - In the Name of Life and Light Eternal, I speak to Thee, O! Cosmic Beings, Ascended Masters and Holy Christ Selves of all mankind; In the Name of the Beloved Maha Chohan, the Directors of the Forces of Nature and Builders of Form. Mighty Elohim and Devas and Elementals come today in response to the heart-call of these people - GOD SPEED THEE NOW! Go north and south and east and west and cover this planet round with Love. So be it - In God's Name!"

Extinguishing of Candles -

"As we return these little flames to the heart of the Great Central Sun from whence they came, in the Name and authority of the Beloved Presence of God "I AM" in us, we command them to be our little messengers of Divine Love and Gratitude supreme, for the privilege of living, loving and serving life. As they leave the physical octave of earth, let them be charged with all the combined gratitude of all who belong to the earth's evolution at this time. Intensified without limit by beloved David Lloyd's Cosmic consciousness, feeling and full gathered momentum of Cosmic Christ Gratitude. As this proceeds to the Throne of the Eternal, may it be enough to let that Great One release the one mighty stroke that wipes from the records and memory of life in a flash all that

was never intended to be, replacing it at once by all the power and perfection of God's Great Divine Plan fulfilled, sustained and expanded by the Sacred Fire without limit, today and forever. We thank Thee it is done!

Meeting dismissed with Benediction. Select a Benediction from the following or use one of your own.

BENEDICTIONS

BENEDICTION 1:

SEALED in Lord Zadkiel's Shield of Protection, Beloved Presence of God --"I AM" in us and in all mankind, Great Host of Ascended Masters and Cosmic Beings, the Angelic Host and Elemental Kingdom Who have served us this day; we thank You for Your outpouring of Light and Love. We thank You for Healing, Supply, Wisdom, Protection, Perfection and Your Blessings of every kind. Hold them sustained in, through and around us, and pour them through us for the blessing and raising of all life on our planet Earth.

May the BENEDICTION and BLESSING OF THE MOST HIGH LIVING GOD, and the PEACE which does surpass the understanding of the human mind be with you, each one. May the God of Mercy protect and guide you on your Spiritual Path toward Enlightenment and Freedom.

Beloved Uriel and the Angels of Ministration and Ceremonial; we love, thank, and bless You for Your wondrous service to us this day. Take up our humble efforts and amplify them with Your Mighty Love. Take them North and South, East and West, and cover our dear planet Earth with Love and Light, with Peace, with Illumination, Healing, Freedom, Victory, and the Will of God made manifest through every electron belonging to this planet and its evolutions in any way. THIS SHALL BE for I have spoken as God's Most Holy Name "I AM"!

BENEDICTION 2:

Sealed in the Flames of Purity and Resurrection from the Hearts of Beloved Serapis Bey, Archangel Gabriel, the Elohim of Peace, and Mighty Astrea, we thank the great Ascended Host of Light, the Angelic and Elemental Kingdoms for Your outpouring of Purity and Perfection. Hold them sustained in, through and around us, and pour them through us to bless all life everywhere.

Beloved Archangel Michael and Beloved Archangel Uriel, we thank You and Your Angels of Protection, Ministration and Ceremonial Who have served us at this Class. Amplify our humble efforts with Your Love and Purity, and take them North, South, East and West, and cover our dear planet Earth with Light, Peace, Purity, Freedom, and the Will of God made manifest through every electron belonging to this planet THIS SHALL BE for I have spoken as God's Most Holy Name --"I AM"!

BENEDICTION 3:

Sealed in the mighty Balancing Activity of the Three-fold Flame from the Hearts of Beloved Sanat Kumara, Lord Gautama and Lord Maitreya, we thank You, Great Beings of Love, for Your outpouring to us this day. Let it pour through us to bless every part of Life we contact into its Divine Plan fulfilled. We Love, Bless, and thank each One of You for Your long and selfless Service to our Earth and to all Life everywhere. We call to the Infinite Presence of All Life to Bless You and Bless You and Bless You in ways that even You know not of. We thank You.

BENEDICTION 4:

MERCY IS BEAUTIFUL

Tenderly I tread through God's flower bed On my way through the day and the night. The dawn calls me on with Celestial Song; And the dusk with its hush lingers on. I live in a sea of such beauty to me That I ponder how all this could be? Then a petal unfolds; and so gently --I'm told This is the way God meant it to be. Thus I journey hence, and I pray: no offence Shall ever again find its way through me. For as I travel on, I can think of no song; But of Love --grateful Love, Mercy and God Peace!

BENEDICTION 5:

BENEDICTION OF THE MAHA CHOAN

Blessed is the heart that can pierce through appearance and find Truth.

Clear is the Spiritual Aura of one who needs only touch the fringe of Godliness and, in humility, bow before the Grace of the Holy Spirit.

Pray always that when the Spirit of Truth comes among you, you may be among the first to kneel in adoration before Its Flame.

Wiser than the greatest Seer in the Kingdom is he who can pierce through the garments of flesh and salute the Pure God.

The man who lives true to all Life, has his senses constantly sharpened to hear the Voice of Life that may emanate from any tree or bush or bird that flies, according to the Spirit of God Who may want to speak with him at various times for the good of the whole.

Be alert ever, for the Homeland is constantly endeavoring to reach you and wise is he who is ever attuned to Its Celestial Song.

BENEDICTION 6:

Now 'til we meet another day, May God's great Angels with us stay To ever raise
our consciousness on high; That all of life is blessed as we pass by, Thus we do God's
Most Holy Will, And our own Plan Divine fulfill. May the Light of God surround us
Like a halo all around us, 'Til we attain our Victory bright In our Ascension's Holy
Light.

BENEDICTION 7:

The Sign of the Heart, Head and Hand to you-
Let the Peace of the Presence abide with you!
Wherever you stop, Wherever you go!
Let the glorious Peace from Presence flow!
Through days of service and nights of rest
Let the Peace of the Presence keep you blessed!
The Sign of the Heart, Head and Hand to you
For the Peace of YOUR PRESENCE abides with you,
and seals you safe forever in Its Golden Heart Of Light.

BENEDICTION 8:

THE BLESSING OF BELOVED KWAN YIN, GODDESS OF MERCY

May the Peace of God be upon this household! May the Love of God be in your
hearts. May the Light of God be in your souls! May the Wisdom of God be in your
minds! May the Strength and Vitality of God be among the members of your
household! May the Health and Well-Being of God be manifest through the bodies,
the garments which you wear! May the Grace of God be in your worship! May the
Talents and Genius of God be manifest through your senses! May the fullness of the
Victory of your own God Plan be manifest through your souls at the close of your
Earth life!

Beloved Frances,

"I AM" so vitally interested in the progress of the Transmission of the Flame around the earth, because, My Service to Life is connected with the tying of the breath into the physical body at the time of birth and the releasing of the final breath from the body at the time so-called death.

The USE of the breath in the course of the Life determines the amount of vital essence that can be released to and through the individual from the finer ethers. Within these subtle ethers is the elixir of Life, the secret of eternal youth and beauty and the purifying agency by which disease and decay are transmuted into immortality.

Mankind, for the most part, are not discriminate in what they INBREATHE nor what they OUTBREATHE into the universe.

When mankind voluntarily offers to contribute some of his breath to the forward progress of the race, he automatically receives from Life a greater proportion of the gifts that lie within, the substance of the air and ethers.

The forming of "The Bridge" from point to point across the face of the earth, by the VOLUNTARY CONTRIBUTION of the breath of certain students is a marvelous Cosmic Action of the Law. Up to this point, we felt it enough for the students to concentrate upon the Flame to be released and then attempt to regulate the rhythm of the breath so that the primal substance of the unified breath of the group might be moulded by the Master Sponsor, directed by Him and sustained by Him, to form the conductor of the Flame in the world wide circling of the globe. However the intensity of the individual's interest, and the clarity of comprehension, make it possible for Us to experiment with the further development of this endeavor ... giving to the chelas the greater responsibility of drawing, absorbing, qualifying, directing and expanding the Flame on the breath. We shall watch carefully to see how each one co-operates in this endeavor.

The same rhythm of breathing will be as follows - four activities, INBREATHING - HOLDING - OUTBREATHING and HOLDING. However, We shall "step up" the activity and complete the cycle in one consciously drawn, held and released breath, as follows:

ON THE INBREATH - let the students CONSCIOUSLY DRAW THE FLAME from Beloved Hilarion's Retreat on the Island of Crete INTO THEIR BODIES. The leader will, of course, have to step up the worded decree which will direct their attention accordingly –

"I AM" inbreathing the Flame of Truth of Beloved Hilarion from the Island of Crete.

ON THE SUSTAINED BREATH in the body, let the students CONSCIOUSLY absorb that Flame and expand it through the pores of the body and through the aura and the atmosphere of the locality in which the group is held.

"I AM" absorbing the Flame of Truth of Beloved Hilarion from the Island of Crete.

ON THE OUTBREATHING, let the students consciously DIRECT that Flame, with the added quality of their individual and collective Love and Light, to the next point in the course of its progress –

"I AM" EXPANDING the Flame of Truth of Beloved Hilarion from the Island of Crete.

AS THE BREATH IS HELD OUT OF THE BODY, let the students visualize the Flame covering the earth in rhythmic circular movement and love and thank that Flame and the Great Retreat from whence it issues forth.

"I AM" LOVING the Flame of Truth of Beloved Hilarion from the Island of Crete.

Then this may be repeated in its fullness twelve times, - then silently. It is wisdom for the leader from time to time to repeat the rhythmic decree audibly to allow the students to check on their individual rhythms.

Love And Blessings

ORIGINAL TRANSMISSION OF THE FLAME MAPS

From the maps you will note that the Masters' Currents are directed from west to east. If your city or locality does not appear on the map, it is suggested that you direct your currents to the point of Transmission towards the east nearest to you from whence it will be picked up and sent on eastward.

***THE HISTORY
OF THE
TRANSMISSION FLAME CLASSES***

THE HISTORY OF THE TRANSMISSION FLAME CLASSES

About three years ago the Master Morya applied to the Cosmic Law for a dispensation whereby he might endeavor to reach the consciousness of certain lifestreams and secure their cooperation and assistance in forwarding the Divine Plan, which is the service of The Great White Brotherhood.

As all students of spiritual truth know, this Mystic Order of Divine Beings has dedicated its collective and individual life to helping the evolving consciousness of mankind on the earth.

At certain points on the surface of our planet, these Beloved elder Brothers and sisters have foci and from these Centers They constantly send out blessings and assistance to mankind.

It has been the plan of the Master Morya to open the door to the mankind of earth who are interested in cooperating with this Brotherhood by providing them with a knowledge of which Retreat was currently active, what the Masters were endeavoring to do through Its Radiation, and, generally, give a comprehensive understanding to the students who might wish to join their energies with the endeavors of the Brotherhood while such endeavors were in progress.

Master Morya felt that both the cause of Heaven and the individual's own evolution as well could be hastened, if every man might become an "actor" in the Universal Drama WHILE IT WAS YET BEING STAGED.

The Beloved Morya received a limited dispensation whereby He was privileged to endeavor to contact certain chelas who, through past association, might respond to His overtures. If they did so respond, He would be given additional freedom from the Impersonal and Impassionate Law. The way and means by which He should make such overtures would likewise depend upon the questionable cooperation of whatever lifestreams he could secure to "bridge" the chasm between the Ascended Masters' octave and the realm of Human consciousness. The acceptance of His Presence behind the endeavor would depend upon the spiritual perceptions and sensitivities of those chelas chosen, with some trepidation, for the experiment.

The acceptance by the chelas of His offer of friendship made it possible to provide a simple journal (THE BRIDGE TO FREEDOM) the pages of which were wholly at the disposal of the Masters. Through this journal our Beloved Morya has acquainted an ever growing group of sincere and interested students with the current activities of The Great White Brotherhood, the Retreat which is playing Spiritual Host to Its Members, and the general outline of Their service to mankind in the present and immediate future.

Our Lord, Maha Chohan, seeing an opportunity through cooperating with His Son's Endeavors, then conceived the Idea that there might be individuals who would

choose to gather together once a month and CONSCIOUSLY RECOGNIZE, ABSORB, RADIATE AND DIRECT the Radiation from the Retreat which was active in that thirty day Cycle. These individuals would re-create in their local environment a forcefield of qualified energy which would act as a “transmitter” of the blessings and currents from the actual Retreat Itself. The creation of such a forcefield would act in a manner similar to that employed by the radio and television companies who transmit programs across the face of the globe by means of transmitting stations which “pick up” the original beams of energy, revitalize them and direct them onward in their progressive course toward a given goal.

The life of the Students flowing out in thought and feeling would make up the substance of the forcefield. The Maha Chohan further suggested that “breath being life itself” the students intensify their local power unit by rhythmic breathing. He further desired to give the good karma of such personal service to the unascended lifestreams and thus suggested that the “conductor” of the Flame and Radiation from the Retreat be the very breath of life of each student, woven into a strong, directed beam of intelligent energy.

Our Great Lord Maha Chohan had further plans for these groups which He did not divulge at first. One among them is to permanently establish these “forcefields” in strategic locations upon the surface of the globe so that at any time of crises or need the Masters will have a conductor of harmoniously qualified energy from which can be directed protection to any specific locality requiring assistance; through which the Masters can flash the Flame and Power of Their Protection, Healing, Illumination, or whatever the requirement might be.

The Maha Chohan presented the outline of His Plan to one of the Beloved Chelas who He felt has a momentum for drawing ideas into action quickly. This beloved chela interested several others in the surrounding locality. On July 19th, 1952, the first group of eleven students met and endeavored to tune into the radiation of the Retreat of the Master Saint Germain, located in the Transylvanian Alps.

The following letters show the progressive development of the classes as other cities and interested individuals began to join these pioneer students who were given the opportunity of being conscious conductors of the Masters’ blessings to the planet and all its evolving life.

The initial pulsation for the first Transmission class formed the spiritual spark around which the larger endeavors have developed. As it is obvious that the location of the Retreats throughout the entire planet would make the time change each month confusing to the peoples, the Masters honored the initial pulsation, which was at nine o’clock Eastern Standard Time, and the rhythm begins at this time no matter where the Retreat Itself is located.

EXCERPTS FROM MAHA CHOCHAN'S INSTRUCTIONS

March 23, 1952

Every activity and every individual has a forcefield around them. I have chosen to call this the "Sphere of Influence", beyond which the directed vibrations are not potent enough to become the master activity. In other words, the farther from the body pass the rays of an individual or a Sanctified Flame, the less strength they have. After that some other creative center dominates the energy from the periphery of such a sphere of influence. For instance, to explain it in a homely fashion, a radio or television transmitter can only send a program for a certain distance and individuals who have receiving sets will find that if there is a powerful station nearer to them than the one in which they are interested at the moment, the predominating power station is the one most likely to come in over their radio, despite their choice.

In cross country or international transmission of programs, for instance subsidiary stations take up the original vibration which has exhausted its transmitting power, revitalize it and send it forth again to a new and further point, which can be benefited by such a transmission.

The Masters of Wisdom, through the cooperation of the chelas, have used this means of transmitting vital forces and directing them for many centuries, but it is expedient in this New Day that the 'Receiving Station' who becomes part of the 'life-line' be alert enough to re-generate the blessing and then direct it on its course to a new portion of humanity. Through the energy of another trained individual or group who is waiting by pre-arranged signal to receive the projected Will of the Master as well as the Radiation, at that point on the earth's surface, they pass it on until it arrives back again at the original broadcasting center, after encircling the planet.

If the stations from New York to California did not immediately relay the vibration they carried of a national program, it would be impossible for a New York concert to reach say Los Angeles, or vice versa.

In the case of the Retreats, more especially the one that is active for the month, those nearest to it are most powerfully influenced and benefitted. It is particularly difficult to project radiation across large bodies of water, like oceans. The number of generating centers combined effect the power of transmission of course, as well as their individual capacities. But, in this new activity wherein Spiritual Foci are opened for world benefit-- if We could establish groups of conscious chelas in KEY POSITIONS particularly along the sea coasts, and on the rocky promontories of the various continents they could, at set hours, receive the directed force from the active Retreat (if their continent was Host of the world in a particular month) and then, as mechanically as the radio company, transmit that blessing through the very energies of their bodies to waiting groups in each continent who, in turn, would project the force, (without the dissipation of space) thus the transmission would be affected

successfully across the oceans and through the continents without the loss of either its force or efficacy.

This, in reverse is what the tom-tom drums of Africa do which excite the passion of war, but which shows the power of conveyed vibrations. It is also the method used in sending mystic messages through the length and breadth of India in a split second. However, Our method would depend on conscious, reliable and responsible 'Way Stations' who are always (not when they feel amiable only) both receivers and transmitters.

To be a receiver without being willing to be a transmitter is a grievous fault.

Every active retreat is dedicated to a special quality necessary to the evolution of the race as well as to the individual, and the procedure the Masters observe in the transmission of this quality, its radiation and benediction is as follows:

Around the central Focus of Flame representing the God-quality stand a number of Liberated Beings of Light who consciously draw into Themselves the Essence of this Flame in a rhythmic breath. They hold this breath for a given time and then breathe it out again in unison, holding it outside of Themselves and mentally projecting it to the periphery of the Retreat's Sphere of Influence. They consciously add Their own light and life to the essence of the Flame during this transmitting process and the whole procedure is carried out with mathematical exactness both with regard to the time and place of the 'receiving and transmitting stations' as well as the breathing process itself.

Heretofore, as stated above, the subsidiary work has been carried on by chelas in the Retreats not active, but now it is hoped that in the outer world sanctuaries there will be found those students who will submit to the training of thought transference and thus become active partners with the members of the Great White Brotherhood Whose service includes this activity. The timing of the activity as well as the placement of the individual or groups could be determined when We find enough students willing to cooperate with Us in this world-wide benediction of the One God-Flame.

Let Me not forget to emphasize the importance of directing the soul hither (to the active Retreat), consciously before entering sleep, for the impetus behind the directed will, like the power driving the engine, carries the consciousness toward its objective like a rocket, whereas those who are drawn hither through the magnetic pull established for this purpose, without the individual's application of self-conscious direction, proceed like a feather in the wind or a lazily drifting cloud in the sky and reach only the periphery of the active benediction.

The transmission of the Flame is accomplished through the breath. The awakened student is taught the value of deep and rhythmic breath and it is through

the conscious participation in thought, feeling and rhythmic breath that this cosmic blending of Ascended and unascended consciousness takes place.

The opening of each Retreat is attended with great pomp and ceremony at Inner Levels. For days before the great celebration, the Brothers connected with the Retreat draw forth all the beauty and artistic development that Their Ascended Master Consciousness has at Its command and it is always a surprise and a delight to even the Masters to see the exquisite decorations that these Blessed Ones draw forth from Life and yet there are never any two alike.

Beloved Chelas:

I am eager to establish centers in those cities where good heart cells can be found. They will form the nucleus for the Transmitting Centers which the Maha Chohan desires to perfect for conducting the radiation of the Retreats throughout the world. They will also be foci into which We may draw individuals Who are pointed out to Us by the Silent watchers of various localities as ready for the more than ordinary assistance of The Brotherhood in expanding their light. We are primarily interested in expanding the light within the souls of men at this time so that We may present to the Karmic Board sufficient manifestation of the efficacy of Our Plan and thereby secure additional dispensations at the January Council.

September 3, 1953

Beloved Spirits of God Incarnate!

I greet you in the Name of the Voluntary Dedication of qualified life which makes of you an Honorary Member of The White Brotherhood, whose purpose and Service to the evolutionary scheme is to teach mankind now to create and sustain perfection.

When it has been said, "there is no outer order of This Brotherhood" the truth which was meant to be conveyed in such a statement is that "there is no way to become a Member except by the voluntary dedication of a portion of the individual life to impersonal service whereby life, as a whole, might be blessed, purified, raised, transmuted and freed from shadows, limitation and distress of every kind."

It is one thing for an individual to signify an interest in spiritual knowledge because the pressure of personal discomforts prods the intelligence inherent within life to find a way and mean of alleviating such unpleasant manifestations ... and such a desire is worthy of commendation ... but when the intelligence voluntarily offers to apportion its daily gift of life to help the evolution of the entire scheme, such an one is accepted by The Brotherhood and becomes part of the living breathing body of this Celestial Guardian Presence!

Your breath is qualified life ... drawn into your body, clothed in the substance of your consciousness ... and breathed forth again to contribute to the heritage of the race - for good or evil - according to the state of that consciousness from time to time. In the course of a natural day, the lifestream who is yet not Master of his energy, qualifies the breath according to the mood of the moment, and in periods of prayer, meditation, contemplation and decreeing, offers that qualified life on the constructive side of life ... and in periods of individual confusions and the struggles against the shadows of the appearance world, offers that misqualified life to the sustaining of the astral realms creations of imperfection.

When the idea of asking for the qualified breath of the chelas to be contributed to forming a bridge of energy through which the Flame of the Retreats might be passed was conceived, We were fully cognizant of the opportunity afforded each such one of receiving back into the personal heritage of the lifestream the good karma for such proffered service. As you apply to the universal for breath - you are given a grant of pure life which enters through your nostrils the qualifying consciousness of your bodies. As you hold that breath within your physical body, your inner bodies pour the color of their consciousness into that breath, and as you exhale, the qualified breath becomes a bridge of actual energy which connects with the point of consciousness toward which you direct it. Over this bridge, the subtle energies of the Qualified Flame of the Retreat flows, stepped down in vibratory action to a point where it can be felt and absorbed by the inner bodies of all

mankind. I cannot emphasize too much the importance that lies within your qualification of this breath, and that is why it is wise to contemplate the color and activity of the Flame and the specific service of the Retreat so that you, in turn, qualify your breath with the same activity, and your own mental picture of the Flame in the Retreat activates that Flame through your Sanctuary Home and local environment.

This month, for the first time, the beautify Retreat and Sanctuary of the Liberty Flame in the Heart of France is brought before the conscious minds of the chelas. This Flame is the original pattern from whence the lovely Fleur de Leis of France has been designed. Like the focus of Shamballa it is triple in its outpouring, and concentrates the color of pink and gold and blue in a beautiful and harmonious aura of multi-colored radiance, seen often in a beautiful sunrise on a clear day. The author of the Marseilles incorporated the keynote of This Flame into this stirring melody, and the pulsation of the Liberty Flame is a tremendous stimulus to the heart flame within the souls of men.

I AM sure you will feel the physical expansion of your own heart flame as the Cosmic Liberty Flame is activated and suggest that you accept deeply the God Liberation of the natural powers of your own being as that Flame circles the planet round, finding a new impetus to its journey through the hearts of those who are gathered together in honor of Its Presence this night!

Blessings children and love!

Maha Chohan

Beloved Friends,

I greet you, again, in the Name of Life and Breath and the Opportunity afforded each one in the use of both! How little the individual thinks of the opportunity that lies within the use of life, and yet I have seen so many souls - after the change called death - filled with such a deep remorse and desire for just "one day of life to make things right". Oh, ponder – precious Hearts - the opportunity each new day brings when you are allowed, again, the precious flowing essence of life to weave into your experience and that of those you love all the happiness and harmony of Heaven and to "make things right" and keep them so while yet you each one have the time to do so.

We enter this month the Cosmic Temple of Truth! It is a month of contemplation of the use of your energies in this embodiment, when the varnish and veneer of subtle appearances should be removed and the motives of the heart that sent into action qualified life examined honestly and sincerely. And here again, We must have no unbalance of condemnation and judgment of self - but the deep realization that through the use of the Sacred Fire of Mercy and Compassion we have yet the opportunity to redeem energy, balance karma and give peace and happiness to life. Most people do not relish an audience with Truth! I who love Her well say to you, that She is one of the Sweetest Friends of Man, for if you do not know the truth, how can you be set free?

Enter into the Temple of Truth and throw off the veils of subterfuge and deceits, subtle and apparent, and accept the love of the Great Chohan of the Fifth Ray, Hilarion, and My Beloved Goddess of Truth and enjoy the Revealing Power of That Sacred Fire that enables you to comprehend the nature of your own life and then to learn how to consciously qualify that life to create and sustain perfection in action for you!

Love and Blessings

Maha Chohan

October 18, 1952

Beloved Friends,

In the Holy Name of The Cosmic Comforting Presence of Life, I greet you tonight! "I AM" nearer to you than you yet know through the activity of the outer mind, for it is one of the services of the Holy Spirit to provide the spiritual impetus which causes every newly born infant to draw in the first breath. Therefore, I was present at the birth of each of you within this room and - at the close of this embodiment - I shall also stand by your side as you return the final breath to the universal and leave the physical form to enjoy the Immortal Garments of Your Electronic Body of Blazing Light.

Therefore, you will see how your use of breath is closely connected with the gifts of the Holy Spirit, and that as you come to use that breath to bless life, you will find released from the essence of the ethers a certain substance which is both energizing and uplifting and which - for the most part - is not assimilated by the bodies of mankind.

The use to which mankind puts the breath of life, not only in one embodiment but through century after century, has done so much to cause the limitations in the physical garments they wear, as well as the density of the etheric envelope, for breath is Holy Spiritual Life Force which is given into the keeping of every man in order to expand the glory of God and the Will of His Divine Plan.

"I AM", therefore, deeply appreciative of the fact that you have voluntarily chosen to contribute some of the breath of your own lifestreams to form the spiritual Bridges over which the blessings and currents of The Retreats of the Beloved Brothers may flow into the vicinities in which your Higher Mental Bodies have chosen that you presently abide. Where any lifestream can CONSCIOUSLY tune into the Specific Outpouring of The Retreat which is currently active in the Pattern for the Twelve Month. We are grateful to have an Outpost of the Brotherhood whereby the Sphere of Influence of the Retreat is actually recreated to pour out its vitalizing, uplifting, purifying rays. The currents flow from the Retreat on the outgoing breath of the Masters and are drawn by the inbreath of the students and then expanded thru the auras of the students into the atmosphere. It is beautiful to see the Great Masters gathered together around the Flame in the Heart of the Retreat increasing that Cosmic Flame by Their Love and Adoration. At a given moment, They all inbreathe the Flame and hold it within the Powerful Center of Their Individual Heart Flame, and then as One, breathe, it forth, directing it toward the Chelas gathered as you are here to-night eager to receive it.

The Flame from the Heart of Suva has a golden center but the periphery of Its Sphere of Influence is electric blue. I shall join the Masters at Suva in sending that Current across the vast expanse of the Pacific Ocean. Saint Germain and the

Brotherhood at Shasta have agreed to accept it and redirect it across the continental United States to you here and to the group in Philadelphia, and Lord Maitreya with twelve of his pupils will stand in This Sanctuary to help you to receive it, and then send it forth throughout the Western Hemisphere and eastward across the Atlantic. In Europe, Saint Germain's Chelas in Transylvania will pick up the current and send it onward to Luxor, which will re-direct it again to my Retreat at Ceylon and from Ceylon, Morya and Kuthumi will bathe Asia in Its gifts and return the current to Suva. This is our first "around the world" transmission; The Brothers taking the parts that we hope will soon be assumed by others belonging yet to the unascended mankind.

Blessings and Love

Beloved Shining Hearts of the Eternal Flame of Truth:

God bless you! Beloved Hilarion wrap and seal you now and for all Eternity in His Flame of Eternal Truth and make you the full expression of Its Almighty Perfection, drawing like a mighty magnet that same Flame of Truth from the heart of everyone and everything you contact, everywhere you go, today and forever. Consciously accept this DONE NOW - with FULL POWER!

Again we have the tremendous opportunity to bathe our consciousness in the WHITE LIGHT OF ETERNAL TRUTH from Beloved Hilarion's Retreat - the color of the Flame - white within, surrounded by bright green. The keynote of this Retreat is our old favorite and familiar "Onward Christian Soldier".

After reading the enclosed letter from the Beloved Maha Chohan, I feel sure every one of us will want to do exactly what He asks of us - set to work deliberately and with no uncertainty to purify and perfect our worlds - resolutely consuming all destructive etheric records and all habits of thought and feeling that are not the fulfillment of the Divine Plan or that will not produce it and trying, to the fullest possible extent, to see the Divinity of Life within the Heart of each other, instead of disliking and resisting the personalities of our separate selves.

I earnestly PLEAD with each one individually and all collectively in this respect - no matter how difficult it seems - can we not JUST ONE NIGHT A MONTH, forget the likes and dislikes of the outer self, and regardless of any and all inconveniences, gather together with those in our vicinity who love the Light as much as we, and who are lending their energies thru the release of their breath, to this World Movement which is endeavoring to bring PEACE to all life on this planet forever! Think it over! It will be worth every effort you make - both from within and without your own being and will make SO MUCH possible for the Great Ones at this time. The time is short for accomplishment! The harvest is great - the laborers few, as is usually the case - then let the FEW OF US throw everything to the winds that is not the LOVE AND JOY OF GOD and give the Masters a WIDE OPEN DOOR through which They may come in Person and, in that closer association set us all free much more quickly. This cannot come as long as we refuse to love all life as They do.

"Truth is Perfection" said Beloved Pallas Athena and we ask Her RIGHT NOW to sweep thru all our beings and worlds Her Heart Flame of Eternal Truth and replace all else less than Its Victory forever!

Lovingly, Joyously, Victoriously in the Light –

***THE TRANSYLVANIAN RETREAT OF THE BELOVED ASCENDED MASTER SAINT
GERMAIN***

July 15 - August 14, 1952

The Beloved Saint Germain's Retreat in Transylvania was opened for the first time to the mankind of earth on July 15, 1952.

In the foothills of the Carpathian Mountains, near the Hungarian-Romanian border, stands the beautiful old manor house which is presently the sanctuary of the Ascended Master, known in the Western Hemisphere by the name of Saint Germain. He is one of the great Benefactors of the human race, and as Chohan of the Seventh Ray, will play a predominant part in the immediate future of the earth and its peoples. There are specific qualities and activities required to sustain the spiritual impetus of the race upon the planet Earth. These qualities and feelings are energized through the establishment, at certain points of earth's surface, of a concentrated momentum of hope, peace, healing, or any other unseen but potent factor that distinguishes the soul of man from the unreasoning passions and lusts of the lower nature. Great Beings, seeing far in advance, a specific requirement that will be apparent in an age yet unborn from the womb of time, offer to draw and concentrate that quality through their own life's essence and prepare for the day and hour when humanity will cry out for such a gift of spiritual force. These souls will then be fed at the cosmic fountain established and maintained in sanctified locations, called retreats and sanctuaries of the Great White Brotherhood.

In the case of the home of the Master Saint Germain in the heart of Transylvania, his service to life began long before the crying need of the peoples of earth for freedom was aroused. He incarnated again and again, always choosing to live a life whereby he might increase the consciousness and momentum of Freedom's Flame through his own lifestream. Many of these embodiments were in the immediate neighborhood of this estate, which is to be the host of the Great White Brotherhood and mankind, at a time when world conditions require the balancing presence of good in the heart of the tinder box of world affairs.

Thus, the very atmosphere and inner akashic records of the Transylvania home of freedom are powerfully charged with a momentum which is to be expanded through the hearts of men, by the combined efforts and energies of the Brotherhood and the volunteers among the sons of men, who gather here consciously during this period.

Through the centuries, many of the benefactors of the human race have been entertained in this gracious home, although not always fully aware of the true status of their host. The Princess Louise of England, the Marquis de Lafayette, Napoleon Bonaparte and Mme. Josephine, Catherine of Russia, and Baron von Steuben are among the more illustrious of the visitors, as well as thousands of seekers after truth,

whose work and service to life is recorded at inner levels, more than on the pages of world history.

In the seventeenth century, George Rakoczy, directed strong movements toward a free and united Europe from this retreat, and to the present day, it is a private sanctuary and council hall of the Brothers, whose particular activities, at inner spiritual levels, center around affairs of state, national and international.

Among its many interesting features, the lovely old home houses some of the priceless treasures that mark the milestones and progress on mankind's journey, as well as those which have particular sentimental value for our kind Master. For instance, the round table of King Arthur, the rough drafting of the Magna Charta, Roger Bacon's picture designs for aircraft and his formulas for explosive (gun) powders; also crude maps of Galileo, the old compass readings of Columbus, unpublished manuscripts of Bacon's New Atlantis, an old grey riding habit of Queen Elizabeth, the sword and shield of King Richard, the Lion Hearted, a worn habit of Saint Francis of Assisi, as well as countless other mementos of the great and the simple. You are invited to enjoy well your visit here, for you are sure to find many things which will attract your interest and fancy, through sympathetic remembrance, or otherwise.

Because this retreat has not been particularly used for such tremendous gatherings, the Master has prepared a lovely wooded glen, surrounded by the Sylvanian Woodland, which you can re-create in mind and heart through playing or listening to the music of Johann Strauss, who loved so well the gentle beauty of this section of Europe, the velvety green grass and the soft bird song. Whether by moonlight or under the leaf-sifted light of the sun, there is something ethereal and mystical about the natural beauty of this outdoor cathedral.

During each twenty-four hour period of this month's cycle, the Masters and their chelas will be fathered here in different groups and those among mankind who wish to attend these councils, in spirit, may bathe in the light of freedom and become active, conscious co-workers in carrying the very substance, nature and ideal of freedom into their individual orbits. These aspirants are requested to direct their consciousness and being toward this sanctified home before entering sleep at night and as often as conveniently possible at other times.

The first one whom you will meet in spirit is the smiling, gracious presence of your host, whom, even the Brotherhood call, the Prince, because of his natural courtliness and gentle dignity of love divine. You will be imbued with his enthusiasm and love for his fellowman and will come away enrolled upon his ever-growing list of loving chelas who are desirous of serving as he serves and of becoming that which he has become.

"HISTORY"OF THE FIRST TRANSMISSION FLAME CLASS

In July of 1952, the Beloved Master Saint Germain approached one of His chelas and asked that those who might be entrusted with the responsibility, and who had the necessary qualification of spiritual integrity and development, be gathered together and He, together with the Brotherhood at Transylvania, would attempt to amplify the radiation of the sphere of influence of the Freedom from his retreat in Transylvania, across the Atlantic Ocean, to connect with energies of the students thus assembled.

This chela and eleven other students participated in the initial endeavor of attempting to draw the power of the Freedom Flame through the Western Hemisphere, thus widening the sphere of influence of the Master and His Brotherhood.

Two of three other groups, having been apprised of the idea, also participated in this first class.

After the completion of the experiment, the Beloved Saint Germain commended the students on their temerity in making such an experiment.

"As the rhythm of the breathing was not strong enough, the breath of the students did not meet the flame directed from Transylvania over the wide expanse of the Atlantic Ocean. I, Myself, stepped out into the atmosphere and took that breath in my own hands, and welded it into the cosmic breath of the brotherhood, thus effecting the connection, and making the first endeavor of conscious cooperation between the Ascended Masters and the mankind of earth a successful experiment."

July 24, 1952

Beloved Chela:

We are very pleased with the first experiment of the transmission, not only of the radiation and energies, but of the Flame Saturday last (July 19). Here are our findings:

It would be wise to prepare the collective minds and outer consciousness of the students by reading or giving a memorized description of the retreat, immediately preceding the actual connection. This unites the mental and emotional bodies with the physical service.

Please train your inner circle on the importance of the unanimous control of the breath—in the deep inbreathing, the holding of the breath, and the steady outbreathing. Do not allow any jerky or spasmodic motions in connection with the drawing in, sustaining or expelling of the breath. All depends on smooth, fluidic, rhythmic, effortless motion.

It would be better to have two people perform the physical ceremony—one to issue the Master's decree, and another to give the response for the students—because the Master's currents are so much higher than the response of the students that it requires Us to keep raising and lowering the vibratory action when one representative is directing on all the breaths.

Saint Germain

THE TRANSMISSION FLAME ACTIVITIES

The intensification of the flame of Freedom in the heart of the Transylvanian Retreat was effected by the direction of a Cosmic Ray from the Great Central Sun and the physical sun of our system, at the EXACT moment when the vibratory action of the Rocky Mountain Retreat receded into its usual pulsation. This added impetus of the directed rays from the Sun expanded the sphere of influence from Transylvania, just as an added release of electrical current lights a greater area in the physical appearance world.

The Liberated Masters and all Emancipated beings Who direct Their consciousness and individual powers to the councils being held, again intensified the parent Flame of Freedom by Their own light, each one contributing from the very substance of His own heart an added stimulus which further expanded the sphere of influence. As the momentum gathered and as the magnetic power of the cause of Freedom began to attract the conscious and unconscious members of the human race—seen with the inner eye—wave after wave of the outward flowing substance of Freedom, like a growing tide, expanded the periphery of Freedom's Flame. This continued until even from our higher state of consciousness, the ultimate accomplishment could not be estimated, until the contributing factor of each free will being's life poured all the substance of his own energy into the momentum already gathered here.

All during the period while the councils are in session, and the individual Masters are engaged in the instruction of their students, there is in attendance a successive group of Angelic, Cosmic and Devic beings who form the anchorage through which that rays from the Central Sun and the physical Sun are directed into the Flame Room. Here the actual Cosmic Flame of Freedom has burned undimmed through the centuries. No unascended being even in the finer body, could enter into this Holy of Holies and retain his equilibrium. Therefore, outside of the circular corridors wherein the light of Freedom's flame is tempered, and the development and maturity of the attending student determines how close he can come to the Flame Room, receive the benefits derived from Its Radiant Presence, and yet not be overpowered by Its Light.

In each of these corridors, there are always twelve of the Liberated Host Who regulate and balance the inner bodies of the visitants, so that they may receive the greatest possible benefit from such close proximity to Freedom's Flame. These people may then carry that radiation back into their own personal atmosphere and orbit, on re-entering the physical world in the waking state. Each member of the group who is allowed entrance into one of the three outer rooms has signified before the Angel Deva of the Freedom Flame his own heartfelt desire to contribute to that flame by the expenditure of some of his own voluntary energies. This is the only "passport" which allows him such entrance.

The direction of the heart flame from the Central Sun, the physical Sun, the Angelic, Devic, and Cosmic Host, as well as from the Liberated Masters and the members of the human race, is regulated by the rhythmic breath. The outbreathing of the Sun is followed by the inbreathing of all connected with the adoration and devotion to the Freedom Flame, and the Heart Essence from the Sun is absorbed into that Flame, making a concentration of power. Then all participants draw the Flame inward into their own bodies, holding it until the Master in charge of their section bids them to direct it outward to the periphery of the sphere of influence of the Transylvanian Retreat. At the instant that the individuals begin to outbreathe this flame, the concentrated Heart Flame Itself begins to expand through the conductors—Divine and human.

Looking at the action of this retreat (or any radiating retreat in its thirty day cycle) from above, it appears like a great breathing wheel, the light concentrated in the hub, flashing out to the periphery, and returning again to the hub in the rhythmic pulsation of its breath. Every lifestream drawn within the actual physical aura of the Retreat is blessed by the radiation on the outbreath of the Flame, but only those who have signified within their hearts a desire to spread the cause of Freedom, become actual participating factors in expanding the periphery of its sphere of influence. The many hundreds of thousands who float in a somnambulistic state in the atmosphere in and above and around the retreat, are more or less “absorbers”, their value mainly lying in the fact that as their inner bodies are charged with the substance, intelligence, power and quality of Freedom’s Cause, they carry that blessing back with them into their waking state, where it becomes an emanating force for good their homes, worlds and communities, as well as in their individual endeavors to live a constructive and positive life.

Those who consciously enter into the great circular rooms become such tremendous batteries of concentrated power, that I counsel with the wisdom of centuries of experience that each participating individual place a guard over this added energy and maintain it there by the alert indwelling spirit, so that the mental and emotional bodies, upon their return to the physical plane, may not dissipate this great gift through misqualifying the cosmic energies in any discordant manner.

After about an hour in which the lifestream is engaged in adoration to the Freedom Flame, as described above, he is then free to enter the particular council chamber where the masters are working on current projects, most of which are connected with the dispensations granted by the Lords of Karma in their half-yearly councils. Here he may act through his etheric body or Christ Self, and the other instrument (mental and emotional) are released for their training in the school rooms which are being presently provided through the kind offices of Beloved Kuthumi, Beloved Lord Maitreya, and Beloved Jesus and Mary.

Any students who chooses may create in his own home and environment a similar wheel of light and, following the pattern and visualization set forth above, become an outpost of the Freedom Flame directed from the heart of the Transylvanian Alps at this time, and he may duplicate this activity in cooperation with whatever Retreat the Beloved Sanat Kumara designates is to be the focus for the Great White Brotherhood in the coming days.

THE RETREAT OF THE GREAT GOD MERU IN THE ANDES MOUNTAINS

August 15 - September 14, 1952

During this thirty day period the attention of the Great White Brotherhood is centered in the Retreat of the Great God Meru, to intensify the Blessings of peace in the individual and the world.

Within the heart of one of the most majestic mountains of the Andes Range in South America, is the spiritual Sanctuary and Retreat of the great God Meru, Lord Manu of the Sixth Root Race, whose final perfection is to find expression on the South American continent in the not too far distant future.

Approaching the entrance to the ancient Sanctuary, we come upon a lodge, with rough-hewn beams and braided thatch roof, which simplicity, upon first glance, deflects the interest and curiosity of the sightseer. Entering into the spacious living room, we see a stone fireplace at one end, many cushioned seats, the covers woven in glorious colors by the talent of the native countrymen. Along the opposite wall is spread a beautiful tapestry, depicting one of the early rulers of the Inca civilization in the act of raising the flame to the morning sun.

As we wait in this quiet, peaceful, resting room, the tapestry curtain is drawn aside, and a tall, graceful man garbed simply in a linen tunic, stands in the entrance. He beckons us to follow him through the long stone passageway, into the heart of the mountain.

We move along in silence, coming suddenly upon a large, natural Cave, lined with the same rocklike substance. In the very center of the room a great Flame burns, rising upward in a column of white essence, and disappearing in some manner through the roof of the cavern. In a semicircle around this Central Flame are placed over two hundred cushions, so arranged as to allow ample room for each person to sit a space apart and—facing the central altar—have an unbroken view of the Flame and any officiating beings who might manifest within it for a specific purpose. As we stand in the threshold, we see that over one hundred of the cushioned seats are occupied, and that the great God Meru, himself, stands by the pillar of flame.

The God Meru is the archetype of the entire sixth root race, with all its seven subraces. This means that he is the perfect God-image for each one of the countless millions of spirit sparks called forth for evolution upon the Earth by his God flame.

All the individuals who belong to the sixth root race are his special charge, wherever they are presently living upon the planet Earth. He can never know full freedom of release from the responsibilities of guardianship, until every one of these individual souls are developed and matured in the schoolroom of earth's experience. When his particular children do evolve spiritually, he will establish a great

civilization in South America, which will be a golden age of great perfection, enduring for over ten thousand years.

Looking at him, we see the delicately-carved features, the singularly beautiful, graceful dignity of his tall body, and the promise that lies in his exquisite and unfathomable eyes. We reflect on the possibilities of an entire race, carrying their heritage, his characteristics, his simple beauty, this harmony and rhythm and dignified simplicity.

“THE OPENING OF GOD MERU’S RETREAT

After the opening of the Retreat of the Great God Meru in south America, the Beloved Master Saint Germain told the students who were to participate in the second experiment, that the transference of the Mystic Currents (which held by the spiritual impetus of embodying souls for the planet earth) from the Eastern Hemisphere to the Western Hemisphere was to be effected at the time of this Transmission Service.

The Great Elohim, in the creation of the earth, projected two mighty convex rays which joined much like an ice tongs at the lower end, forming a matrix or cradle, into which the electronic substance of the universal light was drawn to mould the very body of the planet. The masculine ray was focused through what is presently the Himalayan Mountain Area, guarded by the great Lord Himalaya—the feminine ray being focused through the Andes Mountain area, guarded by the great Lord Manu.

Up to the present time, the masculine ray has been predominantly active as the religious stimulus of mankind, but the great feminine ray is now being accelerated and loosed in its power. The initial pulsation for this release took place on August 16, 1952.

The Beloved Master Saint Germain says that the outer manifestation of this inner activity will be apparent in the awakening of spiritual interest in the people of the West. The incoming egos who have “clamored” for the opportunity to incarnate in the spiritual climate of the Orient, will now turn toward Western embodiment. The excess population of the East will be decreased proportionately, and the Western population increased accordingly. The Lords of Karma are endeavoring to direct many of these spiritual souls into Canada, Central and South America, and into United States of America in order to equalize the opportunities of the entire Western hemisphere in this spiritual awakening that has been so evident in oriental consciousness, the apex of the civilization which will cap the Seven Great Rays’ outpouring will be expressed in South America in the future.

THE ASCENSION TEMPLE OF BELOVED SERAPIS BEY AT LUXOR

September 15 - October 14, 1952

Up the river Nile almost 480 miles from Cairo, the glorious Temples of Luxor stand out in bold relief from the sands of the desert, proclaiming to the world a magnificence of splendor, a transcendence of purposeful worship that is little understood by modern civilization. The Temples seem to throb, not only with the akashic records of spiritual invocations and endeavors of the Illuminati of the past ages, but with a very present, powerful, potent and active stimuli to the upliftment of soul and spirit.

The contrast between the arid desert that lies within two feet of the outer wall and this verdant, glorious garden, with the musical fountains, its varied, colored flowers in full bloom, and the brilliant plumage of the bird life, renders us speechless with admiration and delight.

Set back from the courtyard is the famous Sanctuary of Luxor, known throughout the Spiritual World as the Host to those sons of men who are about to finish their earthly pilgrimages and who desire to hasten the development of the necessary qualifications to pass, with awareness, into the next realm of conscious life through what is termed the Ascension.

Ah, Luxor! How many dreams and hopes, how many heartbreaks, disappointments and despairs are written in the invisible ethers above your seemingly placid appearance!

As we enter the sanctuary from the garden, we are each led to a separate cubicle, which is to be our private sanctum during our stay, the simple contents of which comprise a pallet, a small straight table on which is a bottle filled with sparkling fresh water, an individual chair and a covering which looks like an Eastern prayer rug on the floor. The room contains no books, no pictures and there is only one small window set high into the wall so that it is required of a person to stand upon the chair to see the possible distracting activities of the outer courtyard.

Within this narrow compass, the aspirant is forced to face himself, with no props, no mental stimuli, nothing outside of his own spiritual guide or mentor, who lives deep, deep, deep, deep within the heart. We are not long allowed to ponder within our uncompromising solitude before we are summoned to appear before the HIERARCH he whose name has spelled discipline to men through centuries of time—the very one from whom the present “spartan spirit” is derived and who was the originator of that great race whose memory lives yet in the immortal history of ancient Greece.

We follow our guide to the library and as the doors open, we see HIM sitting straight, impersonal and unsmiling behind his great desk. Our messenger departs

and we are left alone, standing before the Hierarchy. Why did we come? If only we might escape! He looks at us and his piercing eyes gaze deep into our very hearts. We experience the sensation of having our thoughts and feelings literally pressed out of our inner bodies, until they stand externalized in the room—not only our present feelings of trepidation, but all the uncountable, muddled, garbled lot of incoherent reactions to experiences throughout our life stand visible as our silent accusers.

Try as we will, we can neither suppress them nor keep them from flying, like the inhabitants of Pandora's box, all over the room, filling the sacred sanctuary with our personal iniquities. Finally, all is uncovered and we stand revealed in our human nature, expecting instant dismissal. Then, oh then, the indescribable relief and joy, the great Master smiles.

Serapis, Lord of Love, divine Lord of the Seraphic Hosts, who bear thy name, how sweet is thy simple, thy gracious benediction. Instantly all our creation disappears, and although we are uncomfortably aware that it has been swallowed up again within our own undisciplined human nature, at least it no longer stands before our eyes and those of our great host. Inwardly, we determine to attend to its annihilation. Of this we are sure, lest we ever again are forced to stand in the presence of purity, unveiled, and find ourselves unworthy. Thus, vow number one is voluntarily taken!

The great Master then explains that Luxor provides the opportunity for the development of the spiritual nature, but that there is no teacher other than the individual's own life flame. There are great libraries full of priceless volumes, but there is no one to point out a single course of reading. One is left to the inspiration and intuition of the heart. There are countless symbolic treasures of art, all containing the secrets, codes and messages of immortality, but no one will ever suggest that we look upon them.

Yet, the entire resources of the retreat are ours for the duration of our stay, even as are all the glorious opportunities of everyday life, the proving ground of every man! Then he bids us go, develop our own course of study and, if, after a given time, when we are again called before him, there is even a slight improvement in our externalized aura, we may stay on. Otherwise, in blessed love, we must depart.

HISTORY AFTER TRANSMISSION FLAME CLASS

September 20, 1952

The sphere of influence of each retreat is determined as to size by the number of members who belong to the brotherhood, each one being part of the “Cosmic voltage”, so to speak, of the whole endeavor. Because of the extreme severity of the disciplines at Luxor and because of the small number of eligible applicants for this retreat, the sphere of influence of the Ascension Temple (Luxor) is comparatively small when examined against the almost world-wide outpouring from the Rocky Mountain Retreat, Shamballa, and others better known and more often visited by students on the path.

When the students were invited to participate in the Activity of the Transmission Flame from Luxor, there was unfortunately an unavoidable delay in the distribution of the bridge in which the instruction was given, and many earnest students who would otherwise have participated in this activity, did not do so because they were unaware of the outpouring from the retreat until it was over.

As a result, the beloved Serapis Bey, hierarch of Luxor, reported that the sphere of influence did not cover more than the Mediterranean area, northern Africa and Southern Europe. It did not cross the Atlantic, nor proceed into Asia to any great extent, it brought to mind forcibly how very important is the energy of each lifestream who consciously turns his attention toward the retreat, and becomes actually “fuel for its flame”. Beloved Serapis Bey requested from the cosmic law and the beloved Sanat Kumara another opportunity to prove to mankind what the radiation of Luxor could do, when a larger number of individuals participated, he was granted this, and the Brotherhood returned to Luxor again on January 15, 1953.

THE RETREAT OF BELOVED SURYA NORTHEAST OF SUVA

October 15 - November 14, 1952

On one of the Fiji islands of the south pacific is the spiritual sanctuary and focus of a great Cosmic Being Whose service to the earth and her people stretches back into unrecorded time, when Mu cradled the Third Root Race, and the forerunners of the Fourth Root race under the guidance and direction of the Master Himalaya, the Manu of the Fourth Evolutionary Cycle.

The Brotherhood of Suva have dedicated their life energies to expanding and directing the power and presence of pure divine love. They are a protecting band of consciously dedicated individuals, and many fine souls who have disappeared into the vastness of the Pacific Ocean have been rescued by this brotherhood and are being prepared from within this sanctuary for service in the New Age.

When the continent of Mu has reached the apex of its powers, the spiritual leaders of that day focused and sustained the currents of the sacred fire at specific points upon its landed surface. The leader of their priests was an individual of great light and power, and his temple was located on the mountain whose top today forms the isle of the brotherhood of Suva. He, himself, is known as the being, Surya. His sanctuary guarded the directed ray from the central sun which formed the bridge over which the third and fourth root races passed into incarnation. When the discord of the majority of the people forced cataclysmic action and Mu, folding her mantle about her, sank beneath the waves of the Pacific Ocean, Surya was granted a dispensation whereby he might hold a connection with the newer world theater through the maintenance of the island sanctuary of Suva and its directed ray, that, when the third and fourth root race people were ready for their ascension, they might pass upward into God's heart over the same bridge by which they descended into incarnation.

In appearance, the mystical island is not unlike any of the beautiful tropical islands of the Hawaiian or Fiji chain. When the mountainous seas, that form an impenetrable ring around it are stilled, through the directed will of the Brotherhood, it lies like a green and verdant jewel, the white sands of its beaches setting it apart from the deep azure blue of the surrounding seas. The luxuriant tropical verdure and foliage is emphasized by the symmetry of the clearly-defined mountains that stretch, like pointing fingers, toward the Sun God of the heavens.

The habitations of the brothers are simple in the extreme, blending with the natural beauty of the island's tranquil presence. The whole atmosphere is one of extreme peace, and the tensions and strifes that seem so important to the outer world mind are stilled, even before the visitor sets foot upon the shore itself.

To enter the aura and atmosphere of Suva is to find oneself cut off, temporarily, from the pull of the senses, and to abide for a time within that self-communion and contemplation so requisite to self-mastery and attainment upon the spiritual path.

Because of the approaching Holy Season, and the invitation of the children of men to enter the holy sanctuary at Shamballa, the Lords of Karma have asked the Brotherhood of Suva to become host to the earth people from October 15th to November 14th, inclusive, in an endeavor to prepare them, through this inner peace and tranquility, to enter the halls of Shamballa and absorb its cosmic blessings at the beginning of the Christmas feast days.

The radiation from the mystic island is a concentrated power of love, peace, tranquility and opulence, and the mankind of earth who direct their consciousness and attention toward this retreat and the great Cosmic Being, Surya, at this time, will feel a tremendous quieting effect in their inner bodies, which will be absorbed into their physical bodies as well, if they are able to accept its palpable presence alive within them.

The radiation from the Mystic Island is a concentrated power of love, peace, tranquility and opulence.

OCTOBER 1952

By the time the transmission flame classes had been in action three times, other groups began to show interest, and in October the Beloved Maha Chohan chose to add the great impetus of his light and instruction to those desiring to be a part of this service.

Thereafter, he provided for the students wishing to participate in the actual transmission class a letter of instruction prior to the evening of transmission, and incorporated the report of what transpired at the class, both in the retreat and in the sanctuaries, through his great gift of the bulletin.

His letters and his reports on the activities in chronological order follow, as well as the digest of the retreat honored in each thirty-day cycle.

October 18, 1952

Beloved Friends,

In the holy name of the cosmic comforting presence of life, I greet you tonight! I am nearer to you than you yet know through the activity of the outer mind.

It is one of the services of the Holy Spirit to provide the spiritual impetus which causes every newly born infant to draw in the first breath. Therefore, I was present at the birth of each one of you, and at the close of this embodiment, I shall also stand by your side as you return the final breath to the universal, and leave behind the physical form, to put on and enjoy the immortal garments of your electronic body of blazing light.

Therefore, you will see how your use of breath is closely connected with the gifts of the holy spirit, and that as you come to use that breath to bless life, you will find released from the essence of the others a certain substance which is both energizing and uplifting, and which, for the most part, is not assimilated by the bodies of mankind.

The use to which mankind puts the breath of life, not only in one embodiment, but through century after century, has done so much to cause the limitations in the physical garments they wear, as well as the density of the etheric envelope, for breath is holy spiritual life force which is given into the keeping of every man in order to expand the glory of God and the fulfillment of the Divine Plan.

I AM deeply appreciative of the fact that you have voluntarily chosen to contribute some of the breath of your own lifestreams to help create the spiritual bridges over which the blessings and currents of the retreats of the beloved brothers may flow into the vicinities in which your holy Christ selves have chosen that you presently abide. Where any lifestream can CONCIIOUSLY tune into the specific outpouring of the retreat which is currently active in the pattern for the twelve months, We are grateful to have an outpost of the brotherhood whereby the sphere of influence of the retreat is actually re-created to pour out its vitalizing, uplifting, purifying rays. The currents flow from the retreat on the outgoing breath of the masters, and are drawn by the inbreath of the students, and then expanded through the auras of the students into the atmosphere. It is beautiful to see the Great Masters gathered together around the Flame in the heart of the retreat, increasing that cosmic Flame by their love and adoration. At a given moment, they all inbreath the Flame, hold it within the powerful center of their individual heart flame—and then as one, breathe it forth directing it toward the chelas gathered as you are here tonight—eager to receive it.

The Flame from the heart of Suva has a golden center but the periphery of its sphere of influence is electric blue. I shall join the Masters at Suva in sending that current across the vast expanse of the Pacific Ocean. Saint Germain and the

Brotherhood at Shasta have agreed to accept it and redirect it across the continental United States to you here in the East. Lord Maitreya, with twelve of his pupils, will stand in this city to help you to receive it and then send it forth throughout the western hemisphere and eastward across the Atlantic. In Europe, Saint Germain's chelas in Transylvania will pick up the current and send it onward to Luxor, from which point it will be redirected again, to my retreat at Ceylon, and from Ceylon Beloved Morya and Kuthumi will bathe Asia in its gifts and return the current to Suva. This is our first "around the world" Transmission—the ascended brother taking the parts that we hope will be assumed by those who belong yet to the unascended mankind.

Blessings and Love

Maha Chohan

October 19, 1952

Beloved Chelas, who are to be a comforting presence to life,

It was with extreme gratitude and not a little surprise that we witnessed the tremendous release of light which circled the planet round in a rhythmic pulsation from the heart of the retreat of the brotherhood at Suva last evening.

When the Lords of Karma revealed that the plan for the progress of mankind would allow us to open the retreats of the world to the consciousness of interested students, it became my particular desire, in cooperation with the great plan, to interest certain dedicated spirits at various points on the earth's surface who might, at a given moment, receive the consciously directed radiation from the retreat that was active during that thirty-day period, and by the power of their own light, recreate the sphere of influence in their locality, forming a transmitting center for the powers, gifts and radiations going forth from that retreat, and then redirect these powers to a further point wherever waiting chelas would accept it and duplicate the process.

Last evening we put this plan into action for the first time on a worldwide scale, various members of the brotherhood volunteering to take the places of unascended beings until such groups could be interested in the activity and assume the responsibility of being transmitting stations themselves.

From the retreat at Suva the golden Flame of cosmic love was directed to beloved Saint Germain and the brotherhood at Mount Shasta, who in turn redirected it to Philadelphia and New York. Beloved Lord Maitreya and the beloved ones in the New York directed the currents to Transylvania, and from there they passed to Beloved Serapis Bey and the Brotherhood at Luxor. From Luxor they were directed to Beloved El Morya and Kuthumi at My Retreat at Ceylon, and these two Brothers completed the circuit by returning the currents to the Brothers at Suva.

At the instant when the great Surya asked those of us who were present in Suva to inbreathe the Flame, which formed the full gathered Cosmic momentum of Suva's service to life, each of the Masters drew that Golden Flame into His own body, which immediately became so brilliant with that concentrated essence that their very auras throbbed with a pulsation of power which has been increasing there since the day of Mu's greatest glory. We all held this Flame within Us, adding to it the momentum, quality, color and tone of our own lifestreams, gained in God's service. Then, at a given instant, we all breathed that Flame out across the Pacific Ocean into the retreat and the loving presence of Beloved Saint Germain and the Brothers at Shasta.

The picture as seen with the inner eye looked like sheet lightning, that lit up the Pacific Ocean as with a Golden Flame, and through that lightning a clearly defined blue ray connected with the heart Flame of Saint Germain and His brotherhood, it

produced what seemed like inner explosion at Mount Shasta, the rays from it running north and south, up through Alaska and down the Western Coast of the Continental United States, and on down the South American continent as far as Cape Horn. The light from this flame emitted from the heart of Shasta, then spread out eastward, again with that blanketing activity similar to sheet lightning, and the directed blue ray forked off at Chicago into Philadelphia and New York, where again a similar blue ray explosion sent a direct current up through Newfoundland, Greenland and Iceland, and southward along the eastern seaboard of the United States into Cuba, the west Indies and the eastern coast of South America.

The beloved Lord Maitreya in New York and the Beloved Victory in Philadelphia, again directed the blue ray to the brothers in Transylvania, and the same sheet lightning swept through the Atlantic Ocean, suffusing the British Isles, Norway and the western coast of Europe proper, and Africa. The brothers at Transylvania again redirected that explosive action of the electric blue ray northward through Russia and the Near East, and the blue ray was sent down into the retreat at Luxor. Beloved Serapis Bey and the Brotherhood there again formed the nucleus of a light explosion which filled the entire African continent and the Indian Ocean with this blue sheet lightning. The blue ray from Beloved Serapis Retreat was directed to Beloved El Morya and Kuthumi in India and the light explosion there directed the flame up through Siberia, China and Malaya, from which point the blanket of light passed again into the heart of Suva, completing the circuit and giving Australia, Antarctica and the eastern sea coast of Asia the beneficence of its light.

In the course of the half hour during which the beloved students provided the nucleus of unascended beings, which made this magnificent experience possible, the globe was encircled thirty times. At the final time the momentum had risen to such a point that there was no longer distinguishable any separation in the rhythm by which the light was transmitted, the entire globe being held in a Golden Flame, the axis resting upon a Blue Lotus, and the atmosphere up to the ten thousand foot level completely permeated with the powerful fiery breath of the cosmic Flame of the cosmic light, which shall be its redemption.

You can, therefore, see the magnificent accomplishment in four shorts months, and the possibilities that lie within the voluntary cooperation of unascended mankind as this activity is developed and as groups can be formed and sustained in every nation on the planet—particularly on the sea coast of the various continental countries, because it is always most difficult to transmit light energy waves across bodies of water.

Until such cooperating individuals can be found, I have the assurance of Beloved Sanat Kumara and the Great White Brotherhood that they will represent mankind in these strategic locations. I believe, Myself, that the natural stimulus of an outpouring

such as took place last evening, will make it but a comparatively short time before such groups are found developed.

I thank you, each lifestream, whose breath formed a part of the initial pulsation for a cosmic event, whose records will remain on the pages of akasha as a permanent memorial to your Presence with us and the voluntary contribution of your breath to this service.

My love enfolds each one of you.

November 2, 1952

When the retreat at Transylvania began its rhythmic outpouring to the peoples of earth at the close of the Rocky Mountain Council, Beloved Saint Germain, through the directed ray into the heart of the inner circle, established the initial pulsation for the creation of a new heart, and those lifestreams who have been the heart of Freedom, became the primary cells in this organism.

With each successive monthly outpouring a new group of cells is being incorporated, and the process mystically takes place when they become conscious conductors of the Flame of the retreat which is active. Thus New York joined at the time when Suva and the Flame of love were acknowledged, and it is desired that at the time when Shamballa opens her doors, all of the groups who have already signifies their willingness to become a part of the activity shall be in cooperative attendance in their respective localities, and through the impulse of the Unfed Flame which is the heart of Shamballa, a great new group of heart cells will join the already established nucleus.

THE RETREAT OF SANAT KUMARA AT SHAMBALLA

November 15 - December 14, 1952

Shining with the celestial light of God's purest love, above the sands of the Gobi Desert, pulsates the Holy City of Shamballa, with its golden domes and spires, emitting a light of other realms, more brilliant even than our blessed sun. The inner eye can plainly see its aureole of brilliant colors, which, like a cosmic rainbow, suffuses the upper atmosphere for many miles in every direction, the intensity of the colors mingling with the blue of the sky at the periphery of its circular orbit.

Shamballa! Thou great spiritual center of the illuminati of all ages—because thou art, our planet is today! From the holy great heart of thy sacred halls have come forth ALL the messengers that have brought light to the children of men, and within thy holy of holies dwells our spiritual lord and king---beloved SANAT KUMARA, "The Ancient of Days."

When the spiritual eye becomes accustomed to the intensity of the inner light and the protecting aureole of colors no longer hides the heart of the holy city from the pilgrims, we are privileged to look upon the etheric city of Shamballa—throne of the lord of the world—and see it as it was once made manifest in the physical substance of the third dimensional world many centuries ago.

A deep blue sea of pure fire surrounds the city, the only approach to which is over a beautifully carved marble bridge which spans this sapphire sea, its farther end connecting "the city of the bridge" with the etheric "mainland." The entire city with its white minarets pointing heavenwards and its golden domed temples, gives the impression of a gigantic white fire lotus, suspended in the atmosphere.

As we place our feet upon the bridge, the powerful radiation from the sea blue fire beneath is so intense that it is by a supreme effort of will that we are able to proceed. The accompanying Brother informs us that our ability to control this energy is our "passport" to the presence of Sanat Kumara. In silent adoration, we find ourselves proceeding along a beautiful tree-lined avenue, the central island of which is interspersed with fountains of rainbow colors. Directly facing us is the central temple, the sacred home of the Lord of the World, SANAT KUMARA, Head of the Spiritual Hierarchy for the planet earth, and supreme authority for the evolution of all its people, embodied and disembodied at this time.

The temple is built on a high elevation, approached by marble steps, the ascent of which is broken by grassy terraces at intervals of about a dozen steps. On these beautiful terraces gorgeous rainbow hued fountains of crystal clear water play. Gaily colored flame flowers border the sides, the peace and beauty of the whole scene emitting a radiation which to the visitor seems a foretaste of paradise.

Many pilgrims may be seen making their way toward the city, intent upon their various errands, some bearing messages to the king, others hoping to secure from him some dispensation, conferring upon them the required authority to pursue their chosen course of service to mankind. One by one, and group by group, they disappear into the blazing light of the city, itself.

From time to time, beautiful beings appear, coming from the direction of the city. The auras of these celestial messengers are radiant beyond description, and we are told that they carry with them to the far corners of the earth the radiation and spiritual blessings from this golden city of the sun. Memory stirs within us, as we contemplate the “going in” and “coming out” of these shining ones, and faintly, through the “bands of forgetfulness” comes the remembrance that we, too, took part in such activities before we assumed robes of flesh.

Seeing our interest, our master guide waits patiently and then by a gesture, signifies his readiness to escort us to the temple of the King. As we place our feet upon the bridge, the powerful radiation from the sea of blue fire underneath it is so intense that it is by supreme effort of will that we are able to proceed. The Master informs us that our ability to control this energy is our “passport.”

SANAT KUMARA! Lord of Love! Thoughts of him fill our consciousness. Love for him fills our hearts, and, losing all thought of self in this silent adoration, we find ourselves proceeding along a beautiful, tree lined avenue, the central island of which is interspersed with fountains of rainbow colors. Directly facing us are the central temples, the sacred home of the Lord of the World, SANAT KUMARA, head of the Spiritual Hierarchy for the planet Earth, and supreme authority for the evolution of all its people, incarnate and discarnate, at this time.

The temple is built on a high elevation, approached by marble steps, the ascent of which is broken by grassy terraces, at intervals of about a dozen steps. On these beautiful terraces gorgeous rainbow-hued fountains of crystal-clear water also play. Gaily-colored flowers border the sides, the peace and beauty of the whole scene emitting a radiation which, to the visitor, seems a foretaste of paradise. The constant going in and coming out of the visitants bear silent witness to the activity taking place in the heart of this temple of love, and we are happy to recognize among the visiting and departing guests many of the dear Masters we have come to know and love. At last we stand before the great door to the temple. This door is of tremendous height and its golden filigree work reflects the light of the spiritual sun, like a gigantic mirror.

On one side of the beautiful door stands a golden vase and as each visitor approaches, he finds a bouquet of his favorite flowers appear, by some celestial magic, in this vase. We find ourselves no exception to this gracious rule and delighted and happy, each one adorned with his or her favorite blossoms, we enter the vast hall. Here on an ornamental table stands an enormous golden bowl

containing a heavenly elixir, which is proffered to each visitant in a crystal cup. Each one gladly accepts this token of divine hospitality and feeling refreshed and strengthened thereby, we await with joyful expectancy the audience with our king.

Soon the great doors of the audience chamber open and we follow our Master into the presence. With downcast eyes we enter and stand, at last, beneath the throne. The presence of love permeates every atom of our being; the comfort of his peace enfolds us, and we raise our eyes to behold HIM. There he sits, smiling, gracious, gentle, the embodiment of all we must one day become.

Without words, we absorb the grace of his great presence, and it is given us to know that for this came he into the world, that we, seeing his Godliness, might become like him and manifest the will of the Father who created all his children in love, according to the one divine pattern.

Oh, SANAT KUMARA, Lord of Love, how obedient has thy life been to this pattern! Oh! Life, forgive us for the poor manifestation we yet show! Oh God, now that we have seen, give us the strength to BECOME! And from the heart of the presence of SANAT KUMARA flashes forth the fire of benediction, of confirmation that we shall, by the very asking, know such fulfillment of love's pattern in ourselves and thus glorify the one God who lives in ALL men.

Having found our way to the feet of our Lord, it follows that any individual who cares to do so, may, through contemplation, also find himself, with the help of his Presence or any Ascended Master he may invoke, pass through the Sacred Fire of Purification, and enjoy a visit with SANAT KUMARA.

November 16, 1952

My Beloved Chela,

The opening of the great retreat at Shamballa represents the close of a great cycle of time during which the very existence of the earth was sustained by the radiation and light of those blessed beings who voluntarily chose to lend the power of their developed radiation to a planet whose existence contributed no spiritual value to the system of which it is a part.

The condition upon which the universal law accepted the offer of Sanat Kumara and his court to provide the light required to sustain a place in the system for the planet, was that by reason of this grant, lifestreams upon the earth would, in time, develop enough light within themselves to provide the minimum requirement of the law.

Sanat Kumara and those who came with him from Venus have been called "Lords of the Flame of immortality." In his descent into the heart of Shamballa, he brought with him a concentration of the flame that had never been known on the planet earth, because it represented the vibratory action of Venus. This Flame he externalizes at Shamballa, and it has grown and intensified through those millions of years since that time, pouring out the keynote of Venus and the vibration of this superior star into the atmosphere of earth and the consciousness of her peoples. A stream of light from this Cosmic Flame is anchored into the heart of every human being who incarnates on earth.

The action of the Flame from Shamballa was primarily designed to create self-conscious, generating centers of light through the life intelligences inhabiting the earth. The sole purpose and reason for Sanat Kumara's Presence is to create these self-conscious light-bearers. This is the only way and means by which the planet can fulfill its destiny and contribute to the universal solar song. Therefore, when the plans were made to expand the light at Shamballa for the current month (November 15 through December 14), the nature kingdom, the elemental kingdom, as well as the human kingdom, all offered to become a part of the activity, and the beings who are in charge of the forces of the four elements, the builders of form, the angelic host, and the devas all sent representatives to Shamballa. (Of course, the human family was represented by certain Ascended Master Sponsors.)

All these representative beings were authorized to direct the Flame into their specific kingdoms. It was a marvelous sight to see the Flame entering the various oceans, under the direction of Beloved Neptune, cleaning and purifying the inhabitants of that element; to see it entering the substance of earth, and through all its creatures under the direction of Beloved Virgo; into the air, and all the bird life on the planet under the mighty Aries. Then, with the assistance of Lord Michael, the mighty Astrea and the Angelic host, it was directed into the realm of the discarnate,

penetrating through darkness which has not been visited by a beam of light for countless centuries.

When Sanat Kumara entered the Flame room last evening (November 15, 1952), accompanied by the other Kumaras and the Brotherhood at Shamballa, there began the intensification, through the power of that Flame, of the spiritual light in the hearts of all peoples. After he had directed the Rod of power into the Flame, it expanded to almost three times usual size, and naturally the beam of light connecting it with every human heart received a tremendous added impetus.

The masters held the expanded Flame concentrated in eastern Asia, through Korea and the war belt for over one minute before it began its journey around the earth. As the ray from this great Flame was received in each waiting Sanctuary, and unfed Flame sprang up, taking the appearance of a large tulip bud, which held the sanctuary and all within it in its cosmic presence. The presiding master then directed the ray to the next retreat or sanctuary, and the same activity took place there. The flame flowers wherever either the students or masters were in attendance, and then returned to Shamballa.

The next time the ray went forth to Suva and Shasta, and on across the continental United States into Europe, Africa, Asia and Australia, the bands of light was wider, and when it reached the various retreats and sanctuaries, the flame flower was increased almost twelvefold in size, the large petals began to open and the radiation covered a much larger area in the environment of the various foci.

The third time the ray went out from Shamballa, the band of light looked like a great highway, as compared to a footpath, and the beautiful flame flower increased to almost continental proportions. At this point, Beloved Sanat Kumara stepped into the flame, which caused it to expand to a universal size, and the blazing light that poured toward Suva was as wide as the ocean. The flame at the Suva retreat reached up almost to the ten thousand foot level, the flame flower opening its petals to their fullest extent, like the water lily or lotus plant when they are in full bloom. This was repeated in every retreat and sanctuary, the presiding master in each case duplicating Beloved Sanat Kumara's action of stepping into the ray and becoming the stamen in the center of the flame flower.

When the flame returned to Shamballa and the final outpouring took place, all of the masters stepped into the flame around Sanat Kumara, and the earth and Venus became ONE. When the flame reached Suva, it connected that retreat with Venus, and all the masters at Suva stepped within it; and so on around the world, the same activity taking place in each retreat and sanctuary, thus was completed a most marvelous spiritual service to life which will have a permanent effect upon the soul growth of all mankind, all in the discarnate realms, and nature itself. This action will continue throughout the entire month. The rays will go forth at the same appointed time every evening, and we invite as many as possible to take part in the drawing in

and projection of the flame at the same hour that the ceremony was held in your sanctuary, no matter where your bodies may be at the time. It is always possible, even in the midst of outer world activity, to withdraw into yourself for a few moments, consciously connect your thoughts with the activity of Beloved Sanat Kumara and the Masters in Shamballa, and experience the joy of assisting in the bathing of the planet once more in Sanat Kumara's Cosmic Flame of Cosmic Love. The light is not an intellectual radiation, but rather one of feeling. We are hoping that through the impetus of this mighty activity at Shamballa, the capacity of mankind to create and sustain shadows will be lessened, and the desire and power to emit light will be increased—first, through the self-conscious cooperating students, and the through all men.

The opening of the retreat at Shamballa represents the close of the great cycle of time, during which the very existence of the earth was sustained by those Blessed Beings Who voluntary chose to lend the power of their developed radiation to a planet whose existence contributed no spiritual value to the system of which it is a part. Millions of years have elapsed since these great ones took on our responsibility, and the time of the dispensation runs out, with yet the far greater majority of mankind engaged in creating shadows rather than sunshine. Even the patience of the universal law cannot allow the sacrifice of beings as great as Sanat Kumara to go on indefinitely—hence, this great impetus of expanding the light was set into motion by the brotherhood, in the hope that it would stir the souls of men and provide a proof to the cosmic law that the mankind of earth were rising to fulfill the office and service of these great friends of life. The year 1952, therefore, represents the beginning of the great cosmic “push” in this direction, which we hope will result, with the assistance of the self-conscious students, in the redemption of the race.

Blessings and Love

THE ROCKY MOUNTAIN RETREAT OF BELOVED LANTO

December 15 - January 14, 1952

June 15 - July 14, 1953

This Retreat is established in the Rocky Mountains in the Western part of the United States of America, at the location where the human race first set foot on the planet earth, following the descent of the Lord Manu of the First Root Race, who was accompanied by Lord Michael, the Archangel.

Twice each year, at the beginning of the twelve month cycle in January, and at the end of June, the Great White Brotherhood have the opportunity of gathering together before that August Body of Divine Justice and Mercy, Who are known as the Lords of Karma, in this beautiful Retreat which plays host to the Ascended Masters and Their chosen chelas, pupils and aspirants toward wisdom.

At the close of each twelve-month cycle, the Great White Brotherhood meet in the heart of the retreat established in the Rocky Mountains in the western part of the United States at the location where the human race first set foot on the planet Earth—following the descent of the great Archangel Michael and the Lord Manu of the first root race.

Here, the harvest of the twelve months is gathered and the results of every brother's service to life in obedience to the pattern given to them in January of the year just spent is examined by the Lord of the World and the Lords of Karma.

Each member of the Great White Brotherhood brings a report of the activities in which he has been engaged in endeavoring to fulfill the design of the yearly cycle. Each retreat is represented by a chosen ambassador, and the ultimate good that has been effected through the endeavors of every member, and the retreat itself, is presented to the Karmic Board, for upon these reports will the grants, dispensations and directives for the following year be based. Every retreat, individual Master, and human, angelic and elemental being who has been given an opportunity to expand the God-plan is called to render an accounting, to explain the services rendered or ignored, and the records are all entered upon the scroll of life.

This activity takes place as soon as the council meets, in order that the heart of the Holy Season—December 21st through January 21st— may be dedicated to the spiritual contemplation of the Christ and the celebrations in honor of Jesus and Mary's great service to the planet and its peoples.

As the year 1952 closes, on New Year's Eve, the Cosmic Silent Watcher for the planet, Earth, receives, from the heart of the solar system, the divine edict for the year 1953, contained within a beautiful symbol. This pattern contains within it the concentrated activity to which every member of the Great White Brotherhood will contribute his particular talents during the coming year.

Sanat Kumara stands upon the rostrum to receive this divine thoughtform the instant that the old year closes, and then he recreates it through his own thought and feeling centers and projects it into the atmosphere of the room before the entire assembled Brotherhood and whatever members of the human race are present at this time. No one (not even Sanat Kumara) has any advance notice as to what this thoughtform will be, so it is a moment of extreme anticipation and tremendous solemnity, as the Great Silent Watcher lowers this thoughtform into the holy grail of Sanat Kumara's upraised consciousness.

As this communion takes place, all feel the charge of divine will that accompanies Sanat Kumara's inspiration. As he directs this pattern into the visible atmosphere before the lectern, it appears in colors, with the musical vibration that always accompanies divine creation, and the pattern for the New Year stands vibrant and beautiful before the eyes of the assembled guests. All of the members bow before the divine edict, and absorb the significance of the directives within this simple, beautiful symbol of the God-will for the planet, the angelic, human and elemental kingdoms for the year that has just been born.

After this contemplation, each member, having absorbed the thoughtform into his own individual consciousness, Sanat Kumara signifies that it is time for the council to use their individual creative centers to recreate it, and every member moulds the thoughtform out of the universal light substance by his own visualizing power, and energizes it with the enthusiastic, loving power of his own feeling nature, holding this duplicate form, until a burst of music signifies that Sanat Kumara desires these multiple forms to go forth from the retreat and cover the earth, interpenetrating the atmosphere which mankind breathe, and forming an influence toward the fulfillment of this God-design by the magnetic power and impelling God will that is within them.

The mountain seems to dissolve into pure light, each member expands his own aura to its fullest possible extent, and millions of facsimiles of Sanat Kumara's thoughtform, containing the pattern for 1953, are catapulted forth in rhythmic pulsations, until they cover the earth and fill the inner atmosphere (which mankind breathes in with every breath) with their presence and their edict. The mankind of earth who have attended the council are particularly impregnated with the power of this release.

At the close of this ceremony, the Brotherhood prepare for the presentation of their petitions and proposals for 1953. They post their scrolls outside the audience chamber and endeavor to secure the interest, cooperation and sponsorship of as many members of the human, elemental, and angelic kingdoms as is possible, so that when they are given the opportunity to present their proposals to the Karmic Board, and are asked, "Who among the sons of men will volunteer their energies to the

development of this proposal?" they may have enough voluntary contributors to secure the assent of the Karmic Board and a grant of energy from the cosmic fount.

Many petitions and plans are heard, the sponsors presented, and the grants given by the Karmic Lords and sometimes a messenger from the Central Sun is present, if more than ordinary dispensations are to be offered. Here, mankind, as individuals, will do well to prepare their own petitions in writing and study them before retiring, so that they may also appear before the Karmic Council, if they have any suggestions of merit to offer to the Brotherhood to further the cause of good. All will be given a hearing.

The final week of the council is spent in imparting the designated plans for 1953 to the retreats, the Brothers and the volunteers from the angelic, human and elemental kingdoms as well. Sanat Kumara prepares to return to Shamballa and set up the orderly procession of the twelve retreats which will be activated during the year of 1953. The Brothers return to Shamballa, receive this information, and then go to their individual focus of light to set into motion their activities which will contribute to the greatest manifestation of the divine plan and pattern for the year.

THE COMING OF LORD MICHAEL, THE ARCHANGEL, By Thomas Printz

When the Father-Mother God gave into the keeping of the great Elohim the responsibility for the creation of a habitable globe upon which certain intelligent spirits might evolve to God-perfection, the Elohim, from out of their own hearts' light, projected forth the convex rays which formed the cradle, or matrix, for the earth. Where these masculine and feminine rays met, the permanent atom for the earth was formed.

This atom contained, within itself, the magnetic power by which the universal light substance was drawn into this spherical form and, with the cooperation of the builders of form, the nature devas, and the directors of the forces of the elements, the sea, the earth, the atmosphere, came into being, with the cosmic fire interpenetrating all.

One cosmic day, the work of creation was completed, and the Elohim signified to the Sun that the planet Earth was ready for habitation.

Three distinct types of intelligent life were to be given an opportunity to unfold their God-nature on this small star - angels, men and elementals, each contributing, in some manner, to the well being and progress of the other, and their combined life force was ordained to weave the spiritual bridge to tie the earth to the heart of God.

As kind and loving parents prepare for the coming of an expected child long before the advent of the infant upon the earth plane, so did the God-parents prepare for the guardianship, sustenance and protection of the evolving lives who were to be called forth to people this star.

Mankind were to be given the opportunity to experiment with the creative centers of thought and feeling, and to learn to draw and mould energy into beautiful forms, becoming co-creators with their God-parents and, in time, builders of suns and stars of their own, in the ever- widening circle of the rhythm of life.

To sustain the bodies of mankind, the elemental kingdom was sent earthward, charged with the fiat to obey the every direction of man, to make for him "coats of flesh," to keep these in repair, and to materialize out of the primal substance of earth and air and water, the nourishment for the replenishing of his bodies, and the necessities and luxuries which would make his exile a happy and harmonious one. These elementals were put under the direction of the great nature devas, and builders of form, and as they served the mankind of earth, they were promised evolution into the kingdom of directors of the elemental life in the future.

To guard and nourish the spiritual nature of mankind, and to help the development of the inner spark of divinity into the flame of conscious mastery, the angelic host was sent earthward, to stand by the side of mankind, radiating the love, the faith, the will of the Father into the atmosphere and aura of the evolving God-

consciousness in every man. The angelic host was under the direction of the seven great Archangels, who came from the Central Sun of our system, and abided within our physical sun until the Elohim had prepared the planets which were to be their charge out of the primordial and unformed light body of God.

The angelic host, through association with mankind and the elemental kingdom, were promised that they, in time, might attain the estate of the Archangels and become guardian powers in systems of worlds yet unborn from the consciousness of future Solar Lords.

When the elemental kingdoms had made verdant the earth, with produce and beauty, and the angelic kingdom had filled its atmosphere with the stimulating essence of Godliness, the planet was ready for the beautiful ceremony by which mankind was welcomed to the hospitality of a new theater of evolution, filled with opportunity, promise, beauty and plenty. And then the descent of man into the world of form took place, a ceremony whose remembrance is written for all eternity on the sensitive substance of Akasha, which will be revitalized and re-vivified one day for the enjoyment and education of all mankind.

The Godhead charged the directed ray into the permanent atom which was to be the magnetic power holding the lifestreams destined to evolve upon the planet within its orbit.

The great nature devas of every mountain, sea and plain vivified the life wave through the abundant verdant gifts of nature awaiting the coming of man.

The angelic host stood, visible and tangible, upon the surface of the Earth, looking upward as the gates of heaven opened, and the First Ray, in a burst of celestial music, suffused the heavens, with its lovely azure blue, and then formed a radiant pathway from the heart of the Sun to the planet Earth, over which the first sons of men might, in dignity, descend into incarnation.

Then, before the eyes of the silent witnesses and the visitors from other planets and systems, there appeared in the open gates of heaven, the presence of the Prince of the Heavenly Host, Lord Michael, the Archangel, wearing the crown of immortality, clothed in the light of the Central Sun from whose bosom he had come, to guard and guide the children of earth through the centuries of experience yet to come. At his presence, the earth itself, began to sing her cosmic song, the angelic host poured out their praise at the coming of their Lord, the devas and builders of form joined the spiritual anthem with their majestic overtones, and the sister planets of our system added to the symphony of celestial sound.

Archangel Michael, son of the King of Kings, Angel of the Resurrection of the God nature in angel, man, and elemental, came to insure the safe return of every son of man, every angel, every elemental at the close of the cosmic day!

Then began the great descent—Lord Michael sweeping earthward along the Blue Fire Ray, which was anchored into the earth in the vicinity of our present Rocky Mountain Range in the Northwestern part of the United States of America. Behind him, with slow, majestic grace, came the glorious Lord Manu of the First Root Race, a seven-pointed crown upon his head, a mantle of royal blue upon his shoulders, the embodiment of the Father God's design for every lifestream who followed him innocently into the world of form.

Then began the descent of the “innocents”—the first group of mankind to be given an opportunity to incarnate and develop God-maturity on the earth. One by one, or hand in hand, they came, following Lord Michael and the Manu, until the entire number designated by the Father for this first experiment in earthly forms had descended, accompanied by myriads of guardian angels, the protective aura of the seraphim and the light of the cherubic hosts, who carried the atmosphere of heaven in their shining bodies, and effulgent auras.

Thus, in great beauty, in limitless abundance, in the visible, tangible presence of Lord Michael and the angelic host, and under the kindly guardianship of the Lord Manu himself, the first Golden Age was entered into and enjoyed by the sons of men. At the close of the cycle, they easily and harmoniously followed their Manu up the ladder of evolution into their God-estate—ascension—and the evening and the morning was the First Day.

Through all the succeeding cycles of time, as ray after ray provided the pathway for the descent of new spirits, Lord Michael has remained as the guardian overlord of the angelic host, the mankind of earth and the elemental kingdoms, and he shall not fold his cosmic wings about him to return HOME until the last man is redeemed, the final angelic being freed, and the last elemental returned to its perfect state. This is the love of Lord Michael, who like Sanat Kumara, is a prisoner of love to the life he serves. Beloved Lord Michael! Thrice blessed be thy sacred name.

December 15, 1952

Dearly Blessed Children of God,

After the establishment of the Great White Brotherhood by Our Lord, Sanat Kumara, in the heart of Shamballa, so many centuries ago, there were slowly but surely drawn into the aura of that Sacred City those lifestreams who responded to the magnetic power of His Love. These individuals voluntarily chose to accept the discipline of the outer self and prepare to accept the responsibilities and offices of the Hierarchy as soon as possible, and relieve the Cosmic Beings from other system Who had volunteered to serve with Sanat Kumara until earth's children might be spiritually educated and developed to a point where they would assume the Government of the planet and its evolution themselves.

These beloved children of earth, from time to time, asked permission to establish and maintain foci of light at other points on the earth's surface, and when found ready, were graciously granted the opportunity of rendering this service. The Lords of Life knew where to plant these "spiritual seeds" that would flower one day into great spiritual centers whose radiance would be the spiritual nourishment, anchorage and stimulus of all mankind. At certain geometrical locations such foci were planned, and when the beloved volunteers asked for an assignment, their individual momentum, capacity, nature and vibration were deeply studied before they were vested with the authority and power to draw and sustain the Cosmic Flame, representative of some specific quality of radiation required at a certain place on the earth's surface.

When a lifestream was found who passed the requirement of the Cosmic Law, the Investment of such a one with the Flame from God's Heart took place, and the succeeding embodiments became the individual responsibility of the invested One who—through the use of his own initiative, tenacity of spirit, and powers of love and light—had to establish in the physical world these Retreats, Sanctuaries and Homes of Light. Century after century these great souls labored, drawing toward them those other lifestreams whom they could attract by their own love and enthusiasm, and if these proved worthy, the Cosmic Flame—at a given moment—was directed through their hearts into the physical substance of earth at a particular location, and a Permanent Focus of the Great White Brotherhood established there as a Radiating Center of God's gifts of love and light for all succeeding generations.

For the few who succeeded, there are on the rolls of those who "tried", countless thousands of dedication to a Cause. The permanent Retreats have poured out their love and inspiration through the fidelity of their Hierarch, Whoever He might be. If such a Hierarch desired to enter Cosmic Service, He could not graduate from His Self-chosen dedication to the Flame, until a successor could be found and prepared to assume His Guardianship of the Sacred Fire, and remain a voluntary prisoner of love until released by his own pupil in a later day.

The many who endeavored to establish Retreats, but were not able to endure the discipline and self-correction necessary, carried the remembrance of their vow, and these lifestreams, in almost all embodiments, endeavored to contact and work with the spiritual communities of the day, and joined the Orders established by stronger men.

The sphere of influence of each Retreat is as strong as its full gathered Momentum of blessing. The quality and radiation of the Sacred Fire released into the atmosphere extends as far as the periphery of that sphere of influence.

Studying the glorious colors of the various Retreats as they suffuse the inner Atmosphere of earth, I came upon the idea of expanding their sphere of influence to cover the entire planet, and the inner atmosphere which enfolds it. So was born the idea of presenting the Cosmic activities of the Brotherhood each month to those beloved students who would enjoy becoming a part of the service consciously. Through My Beloved Son, Morya, this presentation is made in the pages of The Bridge.

To carry the radiation of the Retreat which is Host or Hostess to the people of earth, around the world, transmitting stations which could relay the power of light drawn, were necessary. In March of 1952, I placed the idea before the Brotherhood for their consideration with the hope that interested chelas might choose to gather together in their own localities at the same time, upon a given night, and receive the radiation from the Great Council Halls, and redirect that radiation until the entire earth, rather than a localized area in which the Retreat was located, might be the beneficiary of the specific God quality and Flame which represented that Retreat's outpouring to life. Talking it over with the beloved Chohans around My council table in Ceylon, I told Beloved Morya that I had a chela who could set an idea into action rapidly. He soon gave this chela the opportunity of incorporating the idea through chosen students. The results have been so gratifying to the Brotherhood, that We are endeavoring to have each monthly outpouring attended by as many beloved student as choose to experiment with the power of drawing and focusing the Flame through the contribution of the breath of their own lifestreams.

As the entire Brotherhood enter now into the Heart of the Rocky Mountain Retreat for the half-yearly council, the Gold and Green Flame from this Retreat will carry all the consciousness and power of light drawn and developed through this Year of Harvest, as well as all the enthusiasm and love of the light from the hearts of the Brothers, into the lives and experience of each group is focused, will become a potential permanent Chalice for the Sacred Fire in the New Day.

December 21, 1952

The Great Council Chamber at the Rocky Mountain Retreat was opened in order to accommodate more than five thousand members of the Ascended and Angelic Host Who participated in the Transmission of the Flame around the world last evening.

The entire Council Room was decorated with lilies, and the Master Kuthumi, Wearing heavily embroidered golden bands on His sleeves and robe—complementing the natural beauty of His appearance—played on the great organ.

Beloved Lanto and Serapis, because of the great number of guests, chose to draw the Flame from its own chamber into the Council Room, as there were not sufficient facilities in the Flame Room to accommodate all the members who wished voluntarily to participate in the expansion of the Flame.

On the center of the great altar the Golden Flame took the form of a lily, and the Green Flame took the form of the leaves and the stem, from which it rose as high as the nave in the vaulted ceiling.

The Thrones of the Lords of Karma faced the audience from high in the atmosphere over the altar and the Presence of the Silent Watcher clothed in azure blue, encompassed the entire assembly in His radiant Presence.

The Throne chairs of Beloved Jesus and Mary, each canopied entirely in lilies, were placed one at each end of the semicircle forming the first row, so that they connected with the side altar and formed two arched doorways of lilies into the great Flame in the center of the altar.

Because of the interest of the Holy Christ Selves of mankind in the activity of 1952, the upper atmosphere was filled with a great multitude of these Christ Selves, and a beam of light from the heart of each one entered into the lily-formed Flame on the high altar.

The Sponsors of the various groups left Their seats just prior to the actual ceremony, although all the Masters spent an hour in contemplation of the Flame before taking up Their posts in the different localities. Through the faculties of Their own vision and contemplation, They drew a tremendous concentration of the Flame into Their own consciousness, and re-created these beautiful lily-forms in the vicinities where the groups were gathered.

The Master Serapis, completely clothed in white, His vestments being unrelieved by any color, presided over the actual projection and direction of the Flame. His robe was of a shimmering material, the contrast on sleeves and hem, emphasizing His Ray, being of a shimmering crystal-like substance.

The Master Lanto, Who served with Him, also wore a pure white vestment, but His was complemented with jade green. The members were asked by Beloved

Serapis to visualize the Flame-lily around Every lifestream belonging to the earth's evolution—incarnate as well as those Waiting for re-embodiment—and for thirty minutes, while Beloved Kuthumi played the sacred songs honoring the birth of the Master Jesus, this visualization took place. Then, at the moment when the Flame was to be directed, both Serapis and Lanto projected Their individual Flames into the sacred Flame-flower, which made It grow larger and more brilliant and was the signal to the Brotherhood to breathe It in and then project It forth upon the pathway around the world. The reception of the student body was so beautiful that it took the Flame less than thirty seconds to encircle the planet and return to Its source. Every lifestream upon the earth received a permanent focus of that flaming flower, which will act as a stimulus to the development of their own Christ Nature.

The entire earth took on the appearance of a gigantic lily resting on a green Base, and during the half-hour's contemplation following the projection, the inner atmosphere of the planet and the various kingdoms, as well as the very substance of the earth itself, was blessed with the greatest outpouring of the Cosmic Christ Light that has been known since the last Golden Age.

Beloved chelas,

Writing these lines on the founding of our beloved Luxor, brings back memories that are both sweet and yet filled with that nostalgia that always accompanies “partings”—from home, from loved ones, from familiar routines which have formed the pattern of living in this world of form. As the edict of the eternal father is unity and oneness, that which makes for separateness and partings is against the nature of the heart, and like all inversions of law brings pain in its experience.

Among these forty individuals who sallied with me from the sweet islands of Atlantis remaining glory, were many students re-embodied today. All in all, one hundred of the great Atlantean Fleet set forth, some going westward and settling in the neighborhood of the Easter Islands, Peru, and Mexico. Others ventured further across the expanse of the Pacific into Asia. Of the one hundred parties, only ten established an enduring focus which contains within it today a portion of the actual undying Sacred Fire from the Atlantean Temples, which we carried with us in the Great Golden Braziers which used to hang above the altars of those early times.

After the establishment of a portion of that flame at Luxor, we lived through our lives, each one. And many times since, we returned and took embodiment in and around Karnak and Luxor, serving again the flame we so adored. In those early days, no written discipline was necessary, for we remembered well the purity and honor of the priests and priestesses of the flame. Only as the light of the Atlantean day grew dim, preceding the days of Moses, did the Hierarchy insist upon our writing the disciplines for the neophytes to preserve them through these darker days.

Many of the early Israelites were guests at Our Temple—Joseph, who was to rise next to the Throne of Egypt; Moses, Aaron, Miriam and those who were to be instrumental in the Exodus; and Jesus, Mary and our Beloved Saint Germain in later lives. Much of the Hebrew law incorporates the instructions in our temple, and much of the Mosaic Law was embedded in the consciousness of Moses long before the ascent into the Mount, thus is truth conveyed from the heart to heart, and carried by the feet of men into far places.

Today, Luxor opens her temple doors to the masses. Nightly shall I speak on the law and all men will, I know, remember some of the truths so spoken.

This I do decree! Blessings on your noble hearts and stalwart spirits, from your friend,

Serapis

My Beloved Chelas,

The memories of Atlantis are again stirring the etheric memories in the hearts of those who were present in her glory, who suffered at her decline, and who volunteered to leave her shores with the heritage of her culture, before the great seas fulfilled their appointed task, and folded their mantle over her glory for a time.

Certain of the great cities were hermetically sealed and these will rise again in the coming changes, and reveal the Truth of Atlantis' perfection to all men.

However, much of her culture was to be given to the race and the generations that would live between the time of her submergence and her ultimate resurrection. To sustain this perfection on the surface of the earth, volunteers from among the Priests and Priestesses of that day, were requested to offer this service. Four thousand lifestreams volunteered, and together with forty priests, prepared to carry the Sacred Fire across the seas to certain designated locations where New Foci of the Ascended Master Perfection would be drawn forth, sustained and expanded, for the good of the race.

Of these four thousand, only four hundred reached their destination. Time and karmic conditions were such that the Cosmic moment could not await the arrival of the vessels at their locations, if they were delayed for any reason beyond a certain date. We were among those fortunate enough to encounter no adverse winds, no particular unconsumed destructive karma in the members of our little band, and with the pressure of My Will, and with no sleep for ten of our number who spelled each other off each night, we rowed night and day, and succeeded in reaching the mouth of the Nile only a matter of hours before the cataclysm spent itself.

How long have I loved the land of Egypt! I believe that she will again rise a queen among the nations of the earth! Kwan Yin so loves China, and Morya India. I find a sponsor in love for nearly all nations that will survive the "change", so that it is hopeful that each will reach its Christ Estate again.

While the attention of mankind is upon Luxor, I pray the Law of Life may assist Me in reaching through to the outer selves of these two hundred thousand lifestreams whom I have chosen for the experiment, by which I hope to prove to the Karmic Counsel that dispensations, when granted, yield a good return in universal progress. The same God-Will which drove our galleon across the sea, will so awaken these sons of men. This I do decree!

All My love, dear hearts, always,

Serapis Bey

January 18, 1953

Beloved Chela,

Since the time when Sanat Kumara established the Great White Brotherhood, and the Retreats and Sanctuaries were created by the voluntary contribution of the life energies of that Brotherhood, one of the activities of this selfless order was to send forth the power of the Sacred Fire to bless mankind.

The sphere of influence of each Retreat was determined by the amount of the Sacred Fire that was drawn and focused by the Brothers. Naturally, the efficacy of that sphere of influence was determined not only by its size, but by its potency.

When I determined within Myself to increase the sphere of influence of the Retreats by acquainting mankind with the particular action of the Sacred Fire which was the Gift of each Retreat, I did not realize how great an interest the consciousness of the people would evince in such a service. Time has proved the beneficent outpouring and radiation absorbed by the blessed ones who have become outposts of the Retreat which happens to be the host of the world of men, and makes this service one of the greatest hopes for mankind in this hour of universal crisis.

Because the consciousness of the Western world up to the present day, has not been trained in the power that lies within the breath, We do not think it possible to allow the responsibility for the actual direction of the Flame to lie with the students. For this reason a Sponsor for each group was provided from the Ascended Host to render this service, the student body merely giving the substance of their rhythmic energy as the material for the Bridge, the Master Presence molding the breath into the bridge and directing the Flame across it. However, the acceleration of the individual consciousness has been such that we will now be able to entrust the actual direction of the Flame to the student body. The Sponsor will, therefore, transmit the responsibility to the Director, although the Master will remain in attendance for some months yet.

This means that the instruction for the new classes will be a little different, and I shall ask the student body not only to accept and expand the Flame, but also to direct it on its way to the next point on the path of the course through their cooperative efforts. The Director, through the thought and feeling centers of his own consciousness, will make and sustain the Bridge over which the Flame flows to the next point of contact on the Earth's surface.

Devotedly yours,

Maha Chohan

THE RETREAT AT LUXOR OF BELOVED SERAPIS BEY

January 15 - February 14, 1953

The Great Ascension Temple at Luxor in Egypt will again be the Host – from January 15 through February 14, 1953, to the Masters of the Great White Brotherhood and those individuals who choose to accept the opportunity of visiting this Retreat in consciousness and absorbing the gifts of light, freedom and purity which form the atmosphere and power of this Retreat.

Before the final cataclysm that was to carry the remaining islands of Atlantis beneath the waves, the High Priests of the Temples were notified by the Spiritual Hierarchy to gather together all the priceless treasures from the Temples in which they officiated and load them into the vessels that rode anchor in the placid harbors.

Thus, the preparation for the exodus of the Illuminati and the spiritual culture of Atlantis began. Quietly and leisurely, the Guardians of the Atlantean Era prepared for the final hour when they would be required to leave their Island Home and journey to far distant lands, each group proceeding according to sealed orders which the Leader carried upon his person, but which were not to be opened until the fateful moment of departure had come.

Among these High Priests was the Master Whom we know as the Beloved Serapis Bey. North, east, south and west were the chosen ones to sail, each with a portion of the heritage of the great Atlantean culture, each toward a haven of safety where the light and power and knowledge might be secured for the generations yet to come. Over one hundred vessels were prepared, and no less than forty persons were chosen to go with the High Priest in every such vessel.

Finally, the great moment came. The Priests and their companions left their Temples and bidding each other “goodbye”, turned their faces toward the point which was designated in their individual orders. Soon the vessels passed from sight of each other and their Lovely Home.

The galleon of Serapis Bey and his forty companions sailed eastward, coming finally after many days to the mouth of the River Nile in the land of Egypt. Following the carefully drawn course set forth for them, they proceeded up the Nile to the vicinity of Luxor, where they disembarked. Kneeling around the brazier that held the embers from the Immortal Fire on the altar of the Home Temple, Serapis and his companions breathed on the smouldering sparks until the Fire leaped up, renewed and warmed their hearts and spirits with the memories of a loved land, a culture, a home they would see no more, except in the light of memory, or the softly moving folds of Akasha on certain spiritual occasions when a Great One would choose to revivify the glory of That Day. Thus, did Beloved Serapis and the forty chosen ones breathe into the Flame the first pulsation of their own life and breath. This Flame

has endured unto the present day and forms the White and Gold Ascension Flame in the heart of the Retreat at Luxor.

As they knelt so, the earth beneath their feet shook violently, the river swelled mightily, and the Priests and their attendants bowed their heads, knowing that in that moment, as the Flame leaped upward, somewhere to the westward the sea had fulfilled the prophecies and Atlantis, Jewel of the Sun, with all her children, had been claimed in the purifying waters of the Great Ocean which still bears her name. Thus birth and death alike arose in waves of tumultuous feeling in the breasts of the Keepers of the Flame, and sadness tinged the worship of the New Fire of Hope that lived on the breath of those pilgrims from the Homeland –and Luxor—as a Focus of Light – was born.

THE CANDIDATE FOR THE ASCENSION ENTERS LUXOR

After entering the Temple at Luxor and being shown to a private cell, each applicant is summoned to appear before the Hierarch for a personal interview. At inner levels, the Master Serapis is the directing Intelligence of the Fourth Sphere. In this Great Sphere, the Higher Mental Bodies or Christ Selves of the greater number of the human race abide, awaiting the hour when They can assume the authority over the outer personal self and fulfill their God Plan. Beloved Serapis, therefore, is well acquainted with the Divine Self of each applicant and knows full well what the spiritual pattern and destiny is for each personal ego who has the temerity to stand before Him.

The measure of development of the personal self and the clear picture of the Christ Self are registered in His Consciousness simultaneously during the interview, and the particular type of Bridge (training, discipline, instruction and purification) required to draw this Inner Christ Self, and the outer personality together, is here designated by the Master and given to one of the Brothers who is assigned the responsibility of seeing that the student is given the opportunity to develop according to the Hierarch's plan. This tutelage is done entirely from "behind the veil" and the neophyte is never conscious of a teacher at any time. He is forced back into communion with the God-self within his own heart and made to rely upon its promptings at all times. The circumstances that seem to "happen" are, of course, carefully planned to give him the opportunity to gain mastery through self-control and initiative. Only those who are able to move forward according to the promptings of the God-self are allowed to remain. The others, after a given time, are asked to withdraw.

It is a peculiar fact that, although the membership at Luxor Temple has always been smaller than at any other Retreat on the Earth, the interest of the people has always been turned toward it by reason of his reputation for discipline and training. It is the hope of Its Great Hierarch that the people of Earth who come in their etheric bodies, may ENJOY this month at Luxor, as well as the explanations given of the Law which are behind the discipline and form the Vow of the Neophyte, and – through an understanding of this Law—they may be eager to comply with it and thus gain their individual Victory in the Light.

January 15, 1953

My dearly beloved Hearts of Freedom,

Today, through the great kindness of mercy of the Cosmic Law and the Lords of Karma, I am afforded another opportunity to be Host to the children of Earth for the thirty day period just ahead.

You who gather together the evening of January 17, are each one representative of the Brotherhood of Luxor and the Ascension Flame which We have nourished with Our life energy since that day, almost twelve thousand years ago, when we left the Homeland on the Island of Poseidonis and, according to the sealed orders given us by our King, Himself, sailed eastward toward the land of Egypt. We carried with us the wealth of spiritual culture from the Temple in which I had the honor to be Officiating Priest, and We carried also in a golden brazier, some of the Sacred Fire which burned on the altar of the Temple, century after century, never being depleted, but furnishing from its sacred embers the Fire which lived on the altars of the lesser Temples and on the hearths of the homes of the Realm.

We reached our destination (about 480 miles from the present mouth of the River Nile) just before the final cataclysmic action shook the foundations of the world, rocking continents and overflowing the great seas, and even as we knelt together and breathed upon the smoldering embers of the Sacred Fire, Atlantis sank beneath the waves of the ocean that still bears its name. This Flame which we kindled to new life by our very breath has been sustained these many centuries by the life breath and protection of all the Brothers and Sisters at Luxor since that day. From this Flame, Moses drew the Fire of courage, and Aaron, the Arts of the Priesthood, and before Its blazing Presence, the blessed Jesus drew the sanctity which amplified His Christhood. How many of the Illuminati of the ages have bathed in the Sacred Fire of Luxor, and then through Its strength proceeded forth to fulfill some God Mission, vested with the Powers of that Flame!

And now, for the second time in the history of the human race, unascended beings are contributing voluntarily their breath to carry the golden and white Ascension Flame of Luxor round the world, permeating the consciousness of mankind with its Sacred Power. Blessed are you, each one, in this service!

We shall enter the Ascension Flame together, the entire Priesthood of Luxor. We number less than one thousand strong. As We stand within it, it will expand by the power of our individual life energies, and then We shall direct it forth to Arabia, and They in turn will send it on to India. Then We shall follow the same track which was used in the previous Transmission of the Flame.

I am so desirous of awakening the outer consciousness of mankind to the receptivity of this Flame, for these two hundred thousand lifestreams given Me by the Karmic Board are the proof which I must offer to life if we are to prevent the dangers of cataclysmic activities as the only means to shock mankind awake. If these

whom I have sponsored can make a better showing in July, than We could offer in January, I have hope. As the Flame moves forth in its journey over the earth, visualize it accomplishing its end, awakening Mankind. I thank you, Hope of My Heart's Love.

Serapis Bey

January 18, 1953

The Brotherhood at Luxor, as well as all visiting members of the Hierarchy last evening wore white robes – the Beloved Serapis wearing the headdress of the Retreat, a golden band with two wings of Flame from the forehead, which was the sole distinguishing characteristic of His high office.

The Luxor Brotherhood entered the Sanctuary of the Sacred Fire, and at a given moment the entire thousand members stepped consciously within that Flame. In exactly the same manner as physical fuel expands a fire, so did Their individual heart flames increase the sphere of influence and expand the Ascension Flame westward to the Cape of Good Hope, and eastward through the Arabian Sea to India. This was the size the great Flaming Lily of White Fire BEFORE Its Transmission around the world began, and you will note that It covered a great deal of the landed surface of the earth where particular world conditions at present warrant the assistance of the Brotherhood in dissipating vortices of evil.

As Serapis Bey prepared the Brotherhood for the direction of the Flame, all breathed It in, and It was sent to the Retreat of Beloved Jesus and Mary in Arabia, over the Holy land, forward to India, and then followed the same track as previously used around the entire globe.

Whereas the previous Flame circled the Earth several thousand feet above its surface, this time through the cooperation of the forces of nature, the Flame was projected right along the surface of the land and sea, so that the physical bodies of man and beast were permeated with Its pressure, and not only the inner bodies constructively affected. It acted in a measure like a razor cutting the lines of force which connected the consciousness and vehicles of the inhabitants of earth, with the downward currents which have grounded the consciousness. As this was repeated over and over again, the pull of the senses, appetites and passions, which are all part of the gravity by which man is held in the lower octaves, was tremendously lessened.

It served in a measure like the Sword of Flame wielded by Lord Michael and the Angels who work in the astral and psychic plane, in literally shearing off the accumulations, which had grown into the consciousness like barnacles attach themselves to a ship.

You will see that when the tremendous downward surge of energy is lessened, that the buoyancy of the heart flame of the people will respond to the upward surge, which is the Ascension Flame in Its essence.

After fifteen minutes of cutting away the “adhesions” in the consciousness, the Brotherhood began to pour the buoyant raising action, which is the true nature of the Ascension Flame, into the hearts and into the Individual Flame of the people, and it seemed to have the same effect as helium within the dirigible.

We are extremely grateful for the cooperation of the groups who, together with their Cosmic Sponsors, made this possible, and We look forward with joy to the day when thousands of such foci will be actively engaged with the Brotherhood during each such thirty-day period in cosmically remedying the conditions under which the masses function in so limited a degree of awareness of the ever-present and potent powers of the Sacred Fire, which are available for their use at any moment.

Blessings and Love,

Maha Chohan

THE RETREAT OF BELOVED KWAN YIN

The Temple of Mercy at Peiping
February 15 - March 14, 1953

Walking along the grassy footpath that winds gently through the rolling foothills outside of Peiping, one finds the tensions and the rapid pace that make up present day living, falling away, and a peace and tranquility begins to fill the aura of the pilgrim, wrapping him gently round in the invisible, but palpable presence of love and comfort. The placid face of nature seems to reflect this gentle Presence, and the soft light of the morning sun to caress the atmosphere with the hand of immortal peace.

Thus is the traveler prepared for the entrance into the Temple of the Goddess of Mercy and Compassion, Kwan Yin, Who represents the Immortal Presence of China's once great glory, and the promise of her future redemption.

The beautiful Temple of Mercy, around which are twelve smaller Temples, is located in the ethers, near Peiping, China. This is the Focus for the Flame of Mercy and Compassion for the Earth and all Her evolutions.

The Lady Master, known well in the Orient as Kwan Yin, Goddess of Mercy and Love magnetizes this Flame of Mercy and Compassion from God's Own Heart into the lower atmosphere of Earth wherein the distresses of soul, mind and body are temporarily experienced.

Long ages ago, Beloved Kwan Yin was well known to many of the people of Earth who, being aware of the tremendous gifts of Her Flame of Mercy which could be theirs for the acceptance in the transmuting of, their own destructive karma, as well as that of their loved ones.

At certain times, Kwan Yin and Her Spiritual Court would travel over much of Eastern Asia and those who were not able to make the long pilgrimage Her Temples were so given personal audience by this Gracious Lady, at that time visible to the physical sight of the Earth's people. She has always been and still is particularly interested in helping children and parents redeem their respective and collective destructive karma, so that they may more quickly outpicture the Perfection of their own "I AM" Presence.

Often, in those past ages, Beloved Kwan Yin would baptize with Violet Fire the children who were brought to Her for blessing, holding them during that ceremony in Her Own compassionate arms and, as much as the Law of their Beings would permit, She would mercifully transmute as much as She could of the unseen (to the physical sight) but destructive karma of these little ones before it could externalize as distresses of soul, mind, body or affairs. These destructive energies, of course, had been generated in past lives.

After the veil of maya had been created by the mass of humanity, Beloved Kwan Yin, like Others of the Divine Beings, was no longer seen by the outer physical sight of the people but She continued Her services from the Inner Levels of consciousness which, of course, are very efficacious and render a transcendent service to humanity, the Earth and Its atmosphere. Since humankind's attention is the Open Door in his world of all upon which it fixes that attention, when this Beloved Goddess of Mercy, Kwan Yin, is again better known to Earth's people and Her beauty and loveliness (as well as Those Who serve with Her) are again visible to the physical sight of the people, then will such blessings of healing, balance, peace and joy come forth to the people as have never been known on Earth before. This is just one of the glorious gifts of "The Seventh Ray" which She serves and has served so selflessly for ages and which await humanity as the Permanent Golden Age comes into Its complete fulfillment.

Wise, indeed, is the chela and grateful, indeed, is Kwan Yin for such a one who will consciously, daily, offer the younger generation and incoming children to Our Beloved Kwan Yin for Her loving and merciful assistance in these days. She will answer your calls and take each such lifestream into Her embrace, performing for them that same service which She rendered in those past ages.

After a soul has passed through the change called "death" at the close of an Earth-life, Beloved Kwan Yin again renders each such a one a specific service, helping to wash away many of the scars upon the etheric body of that one of disappointment, feelings of apparent failure, remorse and the causes and cores of other distressing conditions which the Law of that one's being will permit Her to remove. This makes it much easier for the individual to stand before the Karmic Board Who, of course, must see all that is within the entire world of the applicant and it enables that loving and merciful Karmic Board to assign that soul to the highest possible Sphere for instruction and help between embodiments.

The Beloved Kwan Yin, with Her Sisters and Brothers of Mercy, as well as Her limitless Legions of the Angels of Mercy, are also dedicated to the complete removal as quickly as possible of the cause and core of the scorn which so-called "righteous" ones direct toward unwed mothers and their illegitimate children.

One of Her Legions is always a Guarding Presence over all Homes and Orphanages where such lifestreams are given as much assistance as possible. Her Flame of Mercy and Compassion always surrounds the mothers and mothers-to-be, whether they are helped by their fellowman or not and, in many instances, abortions and suicides often have been averted by the protecting faith-sustaining power of the Legions of Kwan Yin, the radiation from Whom gives such tremendous help to those unfortunate lifestreams who have become enmeshed in distresses of this nature.

The extreme quiet of the Temple of Mercy is the very first thing a visitor notices. The Brothers and Sisters move silently from Temple to Temple, rendering Their Service without fanfare of any kind. So does True Mercy act, even through unascended human beings.

The exquisite graciousness of Kwan Yin is embodied in all Her Celestial Helpers and even in the unascended chelas who belong to Her Legions of Mercy. This graciousness is also the predominant nature of the Beloved Ascended Master Saint Germain and it is a heart feeling, not a surface expression of kindliness and love.

There are many individuals belonging to the Earth's evolutions who cannot or do not desire to forgive injustice done to them. Even sincere chelas sometimes harbor feelings of resentment and rebellion against other lifestreams, as well as against circumstances of an unhappy nature.

To these is recommended the invocation of Beloved Kwan Yin's own feelings of true Mercy, Compassion and Forgiveness. She will give to you the feeling of Her full gathered Cosmic Momentum and joy that comes in generating that feeling for yourselves.

*Peiping, Peking is also known as Beijing.

February 28, 1953

Beloved Chela,

I am so vitally interested in the progress of the Transmission of the Flame around the Earth, because My service to life is connected with the tying of the breath into the physical body at the time of birth, and the releasing of the final breath from the body at the time of so-called death.

When mankind voluntarily offers to contribute some of his breath to the forward progress of the race, he automatically receives from life a greater proportion of the gifts that lie within the substance of the air and ethers.

The forming of the Bridge from point to point across the face of the Earth, by the VOLUNTARY CONTRIBUTION of the breath of certain students is a marvelous Cosmic action of the Law. Up to this point, We felt it enough for the students to concentrate upon the Flame to be released, and then attempt to regulate the rhythm of the breath so that the primal substance of the unified breath of the group might be molded by the Master Sponsor, directed by Him, and sustained by Him, to form the conductor of the Flame, in its world-wide circling of the globe. However, the intensity of the individual's interest, and the clarity of comprehension make it possible for Us to experiment with the further development of this endeavor, and on February 21, We gave to the chelas the greater responsibility of drawing, absorbing, qualifying, directing and expanding the Flame on the breath. We shall watch carefully to see how each one cooperates in the endeavor.

The same rhythm of breathing will be followed – that is, on the rhythmic count of eight – four activities, inbreathing, holding the breath inside the body, out-breathing, and holding the breath out of the body. However, we shall “step up” the activity and complete the cycle in one consciously drawn, held and released breath, as follows:

On the in-breath, as the statement is given, the students consciously draw the Flame from the Retreat into their bodies. The leader will, of course, have to step up the worded decree which will direct the attention of the group accordingly: “I AM inbreathing the Fiery Breath of Cosmic Love Divine from Kwan Yin's Retreat in China.”

On the out-breath: the students consciously direct that Flame, with the added quality of their individual and collective love and light, to the next point on the course of Its progress. “I AM directing the Fiery Breath of Cosmic Love Divine from Kwan Yin's Retreat in China.”

As the breath is held out of the body, the students visualize the Flame covering the Earth in a rhythmic circular movement – loving and thanking that Flame and the great Retreat from whence It issues forth. “I AM loving (or thanking, or blessing) the Fiery Breath of Cosmic Love Divine from Kwan Yin's Retreat in China.”

This may be repeated audibly in its fullness twelve times (by the director only) and then silently by the director and the group (for the next twenty or thirty minutes). It is wise for the director from time to time to repeat the rhythmic decree audibly to allow the students to check on their individual rhythms.

February 23, 1953

The Transmission of the currents of Mercy, Forgiveness and Love Divine from the Cosmic Temple of Beloved Kwan Yin in China last evening, February 21, through the kind contribution of the energy, time, visualizing faculties and breath of the beloved students in conscious cooperation with the Ascended Host of Light, was another Cosmic milestone in the spiritual evolution of the race.

This accomplishment fills My heart particularly, with gratitude, that so much has been accomplished in such a very short time, and that the beloved students have grasped so quickly the importance of this endeavor, and have become such a valuable and active part in assisting Us to render this service to our evolution and to the beloved Sanat Kumara. The releasing of Cosmic vibrations with a certain definite qualification, whose rapid revolution around the Earth and through the bodies of the people and the nature kingdom, represents the most concentrated action of the Sacred Fire ever drawn, focused and projected for the upliftment of mankind on this planet.

Many times have great heights of spiritual glory been attained, and Golden Ages manifested on the face of the Earth where the power of the Sacred Fire was invoked and utilized locally for the Benefit of the people, but this is the first time it has been consciously directed around the entire globe again and again, with the specific intent and purpose of setting mankind free from the misqualification of energy with its attendant results of karmic misery and limitation.

The Beloved Kwan Yin began to draw the Cosmic power of the Sacred Fire twenty-four hours before the actual Transmission of the currents was to take place. The Brotherhood who abide within Her Temple of Mercy have woven for Her the most exquisite Robes of State and Vestments of Power, in the glorious royal purple and gold, which She wore over Her own simple gown of mauve silk. She, together with the twelve ladies who represent Her spiritual court, took their positions before the altar upon which blazes the Cosmic Lotus of Mercy, long before the assembly gathered, and began to tie in the currents from the Temples of Light around the physical Sun and the spheres of light, which caused the Flame to expand and intensify in its concentrated power until it was so brilliant in its activity that even We found it difficult to look upon its blazing Presence for more than a few moments at a time. From the Cosmic Temple of the Elohim of Mercy around the Sun, the great purple Ray flashed forth and connected with the focused Flame in the Temple at Peiping.

Then, from the seven Temples of Mercy, Forgiveness, Love, Freedom, Purity, Kindness and Ordered Service that abide within the Seventh Realm, seven great Rays were directed by the Angel Devas of the Violet Fire, which joining with the Master Ray from the Sun, entered the heart of the Cosmic Lotus, expanding It until Its petals covered the entire country of China, well up into the Siberian state, across

Tibet and the Malay Peninsula, and out through the Pacific, blanketing the Korean battlefields in Its potent power.

From inner levels, it looked as though the lovely Earth had put a beautiful jeweled Lotus in her hair, and the attention of Beings from other stars and planets was forcibly drawn by the tremendous, magnetic power of that Light. These glorious Celestial Visitors began to gather, in a wholly spontaneous spirit of homage to the Flame. The Earth was not offered such cause for Spiritual Visitations since she was first created as the cradle for the evolving race.

The spiritually sensitive chelas and students fortunate enough to be within the actual physical locality of this activity were also drawn by this concentrated power of love, and it was not unlike the gathering of the wise and innocent around the birthplace of the beloved Jesus at Bethlehem so long ago, as they again responded to the magnetic power of love and the gift of God imparted for the blessings of all peoples.

Just before the Transmission of the currents began, the members of the Brotherhood took Their places within the Temple proper, and at a given moment Kwan Yin gave the signal and all breathed into the purple Fire Lotus, Their blessing and Their breath. Kwan Yin and Her Court stepped within the Flame. The assembled Brothers each drew in a deep breath, absorbing the power of Mercy, Forgiveness and Love Divine, and then breathed it out powerfully toward the Retreat at Suva, where It was immediately conveyed to the blessed ones on the western coast of the United States of America. In a matter of less than thirty seconds, this exquisite transmuting power of merciful forgiveness had completely circled the Earth. There was not a home, a hospital, an asylum, a human heart, or a member of any kingdom evolving upon the Earth but had that current pass right through its center, melting away shadows as the sunlight melts away the darkness of the night. Although the center of the Ray passed from each designated group of beloved Masters and chelas, the entire activity was a blanket outpouring of purple Flame that reached from pole to pole from the very first breath.

All at the Temple were so intent in witnessing the amazing power of being released that We were not prepared for the magnificent Visitor Who came among Us, in His usual silent, humble and beautiful manner, sweetening the essence of mercy with His Presence.

Suddenly, at the edge of the group of pilgrims who had gathered in the large field that surrounds the Temples, there was a movement as though a gentle wind had blown through a wheat field, each pilgrim silently prostrating himself upon the ground. The stir of energy soon reached those in the heart of the Temple, and looking toward the opened Temple doors, there We saw standing the beautiful Presence of Lord Gautama Buddha, with His hand on the arm of the faithful Ananda. Smiling gently, They proceeded down the aisle of the Temple to the place of honor

immediately prepared for Them. As always, He wore only a simple robe, with no adornments, His brown hair hanging loosely around His serene and gentle face, His luminous eyes smiling with the love, which He has become, as the individualization of the nature of God.

It took the utmost self-control and concentration of the Brotherhood to continue the unbroken rhythmic breath, because even at the Wesak Festival at which time Lord Buddha blessed the race, He has never come into an assembly in His actual Light Body, since His Liberation so many centuries ago.

Kwan Yin silently offered Him the place of honor as Officiating Master within the Heart of the Flame, and it was with great personal effort that She continued in Her service, so overwhelmed was She with gratitude at the Presence of Her great Lord and Teacher. He just smilingly waved Her on, while He remained the center of all hearts' love and interest, as the Transmission continued.

At a given moment, He arose and, with His beloved Ananda, They together placed Their Holy Feet on the bridge created by the breath of the Brothers, and these two beautiful Gods walked slowly and majestically over that bridge toward the Retreat at Suva, from whence They proceeded into every Retreat and Sanctuary and home where the currents were being drawn, focused and transmitted. After about fifteen minutes They again appeared in the Temple, having circled the Earth, and blessed personally and individually each lifestream who was a part of the transference of the Mercy Flame of Love Divine.

There is no need to emphasize the tremendous import of such a Visitation, nor to point out the spiritual significance, which lies within the return of the Lord Buddha. There is only the reminder that we walk in strange days, in the Presence of Guests whose coming is even unheralded to the Brotherhood, and blessed are they who are gathered together awaiting such blessing in whatever day it may come!

Blessings and Love,

Maha Chohan

BELOVED KUTHUMI'S FOCUS OF LIGHT AT KASHMIR

March 15 - April 14, 1953

During this period the Great Lord Maitreya will be Host to the Great White Brotherhood and the peoples of the Earth, and through His pupils, Beloved Kuthumi and also the Master Jesus, intensify the natural spiritual outpouring of the Easter Season. Within the heart of the gently rolling hills of Kashmir, in Northern India, the Great Lord Maitreya and His pupil, Beloved Kuthumi, drew around themselves those chelas and students.

With the permission of Beloved Lord Maitreya, I shall endeavor to describe the outpouring, which took place in the Kashmir Hills recently.

The Valley was filled with the members of the human race who, in their finer bodies, responded to the magnetic power of Lord Maitreya's Love that was drawn within and through this whole activity. Shortly after the midnight hour, the Divine Presence of Lord Maitreya ascended a small, grassy elevation and began an address on love, with an accompanying demonstration of His feeling of love, which varied according to the different activities of this quality included in His discourses, and which became the very substance of the listeners – human and Divine.

As the great Master of Love stood against a background of gently sloping hills with the silvery moon shining upon His Luminous Presence, there flowed from His Aura a feeling of the most glorious peace – a stillness that was even reflected in nature, so that the very bodies of the assembled guests did not choose to move, because the comfort of that peace was more precious than the will of any part. (This is the feeling that the Masters experience when They enter the Great Silence between Their activities, but for Lord Maitreya to have brought that feeling of stillness into the lower atmosphere of Earth, was again the manifestation of the complete mastery of love over every vibration which is less than itself.)

Upon the small elevation Lord Maitreya stood alone in perfect repose, His head inclined a little, in order to focus the radiation of His Love upon the assembled throng. Above Him in the inner atmosphere were the Presence of Lord Buddha and the Twin Flames from the Heart of the Sun Itself. Thus, Lord Maitreya became the Conductor not only of His own love, but also the most concentrated directive outpouring of the Cosmic Christ that the Earth has unto this day received.

The reason why individuals who are about to serve life in a cosmic capacity have always been required to enter the Presence of Lord Maitreya, is that they might experience in full the Nature of the Cosmic Christ Love themselves and receive that seed in the feeling world which could be fanned into a Flame when circumstances present themselves for Its use.

It was for this specific reason that Lord Maitreya performed this service for mankind enmasse at this spiritual initiation. Up to this time the service was only performed for one initiate at a time, but this time he rendered the same service for every person present and everyone in the vast assembly who experienced the feeling of the Love of the Cosmic Christ is a potential focus for the expansion of that Flame when it is required in any crisis, individual or collective.

A gift, spiritually conferred, and a power vested in your lifestream, is only as valuable as the use to which it is put.

March 9, 1953

Beloved Sons and Daughters of God,

May I congratulate you, each one, on the very glorious contribution of your life energies in creating a bridge over which the holy and blessed feet of Lord Buddha and His dear Disciple, could pass in Their self-chosen Visitation, through the concentration of Mercy, Forgiveness and Love Divine, at the Retreat of Our Beloved Sister, Kwan Yin. The heart desire of so many unascended beings to draw a concentration of the Mercy Flame from the Spirit of God, was a magnetic power that drew the attention and Presence of many Beings Who had not thought of the planet Earth nor had any connection with her evolution in centuries.

As the attention of the chelas turns toward the great Lord Maitreya, and the mankind of the Earth experience the radiation and feeling of the Cosmic Christ Love which He is preparing to release on the night of the Transmission of the currents throughout the world, We are hopeful of greater cooperation between the outer selves of the sincere, God-loving people of Earth and their own God Presence. This is the particular service of the great Initiator, Who is always present when the contact and connection between the Christ Self and the outer self is permanently established and the individual moves forward to externalize the Divine Plan. You will remember this spiritual baptism took place when the Beloved Master Jesus, though John the Baptist, was "visited by the Holy Spirit" and was anchored in His Own Christ Nature.

What Lord Maitreya accomplished for the Master Jesus, by fusing His Own Christ Consciousness with the individual Divine Self of Jesus, giving the Cosmic momentum and power of His Full Lifestream into the "keeping" of Jesus to further His Mission, He desires now to do through all mankind. The Second Coming is not only to be an individual but a Cosmic Event, and each blessed chela – standing with upraised head and humble heart – will have the blessing of Lord Maitreya pass through His Own Christ Self to assist in the blending of the Divine nature with the personal ego, which is the instrument of the One in the world of form.

We are informed that the great Ceremony will take place on the hills of the Kashmir countryside, for there is no auditorium in the Eastern Hemisphere large enough to hold the guests who will attend, not only from this planet, but the other systems of worlds. The Christ Self of every lifestream belonging to this evolution will be in attendance even of those who are not presently in physical embodiment, including those whose personalities are sojourning in the astral and psychic realms. No Divine Presence whose HOPE lies in working through the personal self it has sustained for aeons of time, will miss the opportunity of having the Presence of Lord Maitreya fill IT with the Pressure of His Presence which, like a strong HAND, will move the individual Presence toward the personal self with a power that cannot be denied.

Of course, the Higher Selves of the conscious chelas will be particularly blessed, and each lifestream should prepare for this hour, that he may be ready for the coming of his own Lord of Life.

The Great Initiator and the representation of the Holy Spirit are always present at these Cosmic Baptisms, and that is why the Dove is often seen with the inner sight by those who have developed that blessed vision, at the moment when the Christ Self draws close to the incarnate consciousness.

I would suggest that the beloved students visualize the gentle slopes of the Kashmiri Hills, and feel themselves among the group of pilgrims awaiting the coming of the Brothers, each one contemplating according to his individual capacities, the Nature of God within himself – and above the assembly, the Christ Selves of the entire human race like a canopy of glorious white Angels.

Then let each one turn his attention toward his own Christ Self until the magnetic power of the love from the chela draws the Christ Self from the group, and It stands clearly and distinctly above the head of the chela. The love from the Presence and the love from the chela, going back and forth from the heart of each, making a bond of unity and oneness, so that when the Lord Maitreya comes into the atmosphere and ENSOULS each Christ Self, the individual has already drawn It as close as he can by his own endeavors, and the Cosmic Impetus of Lord Maitreya's Love will sweep the two into one!

The keynote of Lord Maitreya's Retreat will be best sounded within the lovely song, "Ah, Sweet Mystery of Life," and the color of the Cosmic Christ Flame is a beautiful canary yellow, delicately shaded with white toward the outer edges.

I note that the lengths of the breaths are disturbing some of our sweet friends. The rhythm of the inbreath, the held breath, the out breath, and the sustained breath outside of the body, are the most important, and the visualization of the activity is invaluable. We shall be happy in every way, to make it as easy as possible for each dear heart to contribute his breath without strain, struggle, tension, or depletion. All of our activities are EMBODIED HAPPINESS AND PEACE!

Looking forward to greeting you in the heart of the beautiful Kashmir, I AM always your friend and Father of Love.

Blessings and Love,

Maha Chohan

March 22, 1953

The activity at Kashmir last evening will be re-created every evening through the fourteenth day of April, 1953, in order to give every possible assistance to the Christ Selves of the entire human race in their endeavors to become the master control of the outer personality which they have sustained through the centuries by a constant outpouring of life itself, within which is love, light, blessings and patience indescribable.

The Christ Self of every member of this evolution, including all those not presently in incarnation, and all personalities now abiding in lower astral and psychic realms, were present for the service last evening. Over the entire continent of Asia, these beautiful white Fire Beings stood, canoping the sky with the blazing light of Their Presence. The most exquisite music filled the atmosphere, composed of the keynotes of each one. The Angel Devas of music grouped Them into sections and combined Their songs into anthems that filled the lower atmosphere, not only of the Earth, but of the seven solar systems belonging to our Central Sun.

The Beloved Sanat Kumara and Lord Buddha were Guests of Honor – a beautiful bower of lotus flowers were woven over the white marble thrones upon which These Noble Gods sat together facing the members of the Brotherhood. When the hour of Transmission was almost upon Us, the Christ Selves of the race gathered together in a great, shining, white spiral of living Beings over the hillside, and Lord Maitreya stepped into the center of this spiral, which stretched from the surface of the Earth, well over 10,000 feet into the atmosphere above. He (Lord Maitreya) wore pure, snow-white garments, a lei of white lotus flowers around His neck being the only adornment that He wore.

We all stood as He entered the circle composed of the Christ Selves of the entire human race. Even Lord Buddha and Sanat Kumara inclined Their Heads toward Him in honor of His service and office as the Cosmic Christ.

As the moment of the first concentrated breath approached, a pure white Flame rose around His Figure and He disappeared with It. The Flame Itself rose from the Earth in a pillar of White Fire, to the crest of the Celestial Figures surrounding It. At a given moment, a burst of music, containing Lord Maitreya's Keynote sounded from within the Flame, and We all breathed It in, blessed It and sent It forth on Its journey around the world.

Simultaneously with direction of the Flame from Kashmir, the Christ Selves of the race spread out and took Their positions above the physical bodies into which Their Flames have been anchored through the centuries, and Lord Maitreya again appeared from within the Vestments of Flame, shining like a Sun. With each breath, the Christ Selves drew the Flame of His Cosmic Christ power into Their own hearts, and then individually directed It through the outer self. You will see how this

personalized the outpouring, each Christ Self giving full attention to the outer self, which is Its own responsibility. This was the first universal release of the Cosmic Christ power through the personal selves of every member of the human race, to take place on this planet. No lifestream belonging to this race was excluded from this service.

After the Flame had circled the Earth for about fifteen minutes, I entered the central Focus of the Flame, standing with Lord Maitreya, called forth the Messengers of My Office. Suddenly there appeared countless millions of white Doves, each of which flew forth with My Blessing and entered the aura of the Christ Self of every lifestream, duplicating the service rendered Jesus when He was baptized by John the Baptist, under Lord Maitreya's Blessed Presence centuries ago.

At the close of this part of the ceremony, the Celestial Choir began the great Cosmic Songs of praise to the Heart of Creation. Then the Brotherhood and assembled guests took up the song, and We all felt the Presence of the Heart of Peace, and abode in great joy therein.

We shall render this service every night, to intensify the feeling of Oneness between the Christ Self and the personality from now until We enter Beloved El Morya's radiation at Darjeeling on April 15. I hope sincerely that each one, particularly of My chelas who enjoy the Bulletin, may feel the Presence of their Christ Self and the Presence of the Holy Dove of Peace who is now their joyous companion upon life's way.

Blessings and Love,

Maha Chohan

THE RETREAT OF BELOVED MASTER EL MORYA AT DARJEELING, INDIA

April 15 - May 14, 1953

Turning off the main highway, we enter a gracious tree-lined drive, reminiscent of the spacious English countryside, and suddenly come upon the exquisite white palace, which is the home of the Beloved Master, El Morya, in India. It is built much on the oriental style of the Taj Mahal, and at either end are rounded minarets that rise a full story above the main building. We found that later that one of these minarets contains the instruments, which denote the Master's keen interest in astronomy – the great telescope and other machinery dedicated to the study of the stars and planets of the system. The other minaret is an exquisite Sanctuary, in which the furnishings are done in royal blue and pure, unrelieved white. As we stand at the foot of the long column of marble steps leading to the massive golden doors on each of which is fastened a Crest composed of a massive "MR" held within a chalice, unseen hands draw white velvet curtains across the tower room windows and these now blend with the white stone of the building itself.

Our guide pulls the long chain hanging beside the great doors, and a melodious bell sounds, reverberating through the stillness of the surroundings. The doors open silently and the splendor of the magnificent entrance hall is revealed.

The gracefully carved double stairway arches over the most exquisite life-size tapestry of King Arthur, sitting with His Knights at the Round Table. Into it have been woven the glorious colors that only the Kashmiri Weavers could have drawn forth. Looking upward, a great Prism in the vaulted ceiling has caught the natural rays of the sun, which pours in a veritable rainbow of color in the hall below. The door to our right is closed, and again we note the Crest of the Master woven into the elaborate design. A golden plate signifies, in Sanskrit, that this is the Council Room of the Brotherhood.

Raising our eyes to the balcony formed by the meeting of the great stairway, we can see the full length portraits of many of our Master Friends. The gallery stretches away beyond our line of vision in both direction and leads, no doubt, to the guest rooms and the sleeping quarters of the Palace.

In the exact center of the entrance hall is a beautiful replica of the Taj Mahal, its tallest minarets about five feet or more in height, complete in every detail, with a miniature lily pool in front, filled with sparkling, effervescent water in which float fragrant lotus blossoms of every size and color.

The door to the left of the hall is open, and we can see an exquisite drawing room, a cheerful fire burning in the grate – and a large vase of roses on the carved rosewood piano, the music still open upon the rack as if someone had just been playing there. A fine china tea service is set before the fire, and although the whole

atmosphere is the personification of splendor and elegance, there is an atmosphere of homeliness and warmth that enters deeply into the heart.

A hand carved desk stands at the far end of the room, framed in a bay window that leads out into the formal gardens, in which the soft colors of the English garden flowers can be seen, blending with the more brilliant hues of the tropical blooms. On the desk is a portrait of the Master's dearly beloved Brother Kuthumi. We are drawn, by our host, to the fireside and a silent brother serves us refreshment, while our host weaves for us the magic carpet on which we rise mentally and spiritually into the world of his stories and are completely caught up in his consciousness and feeling. While seemingly entertaining our outer consciousness, we find that the substance within our brain, which has blurred the vision of our divine plan and the world plan, is being drawn off, and we can see, clearly, the pattern of our own lives unfolding before us, as well as the clear design of the God-plan for our earth and all its evolving life. The clouds of uncertainty and confusion drop away and we know our purpose and our reason for being, and our place in the eternal scheme of things. Thank you, oh beloved Morya, Master of love, for so kindly and gently revealing to us God's will. May we embody your strength now and go forward to fulfill it, happily, joyously, and in full God-accomplishment, through the light which is the essence of our very heartbeat!

April 7, 1953

May I again bless you on the choice that you have voluntarily made to contribute freely a portion of the breath by which the life in your body is sustained, in order to carry the particular and specific blessing and feeling of the Flame which has been focused and sustained in the various Retreats of the world, around the Earth once each month.

Although the Ascended Masters have rendered this service, the conscious cooperation of lifestreams whose vibratory action is one with the mankind of Earth, make it possible to greatly condense the power of the Flame and allow it full freedom through the physical and inner bodies of the members of the race. The conscious conductors from among the race make tremendous things possible!

The revolving planet, on its bended axis, is so grateful for this assistance, which is removing the weight of the tremendous mass accumulation of the human creations of the ages. As this is done, the "blanket" human veil will be thinned with each successive Transmission Flame, until the hour arrives when the Spiritual Sun can be seen and comprehended by every lifestream belonging to this evolution.

The Flame of pure White Fire focused at Darjeeling holds within Itself the Divine Pattern for the planet, and the evolution of all the kingdoms presently abiding upon it, within it, or in its atmosphere. It is the concentrated WILL OF GOD – the VISION which the Great White Brotherhood have dedicated themselves to externalize through the contribution of their individual and collective energies, talents, powers and life. This White Fire Flame is held within a beautiful golden Chalice, in the Sanctuary at Darjeeling. This Chalice has been in the possession of Beloved El Morya since the fourth century. It represents the purified consciousness, which is elevated and receives into itself the God directions from the Presence of God. In the Orient, the consciousness of the people are representative of the Chalice (the uplifted consciousness) but it is to the West We look for those chelas who are willing to fashion that electronic energy of their own lifestreams into the "Spear of Light", and translate "Vision" into "fact."

Mystically, the life of the Master Jesus is symbolized by the "Communion Cup" and the "Spear" which pierced His side, allowing the spiritual life force to flow freely into the world of form. In the life of each initiate, these two activities must be balanced if he is to be of the greatest value to the Brotherhood. It is not enough to enjoy the words and vision imparted by those enabled to drink from the Cup – it is for everyone so privileged, to drink from It to fashion the energies of his own life, and in dedicated and concentrated action, to send forth the Will of God to some good accomplishment.

The Master, El Morya, in His great Consciousness, has chosen to bring to the children of Earth, in simple worded expression, the Will of God, and to acquaint the

outer consciousness of those desiring to cooperate with the Masters, with the design of the Father, the service of Beloved Sanat Kumara, and the current activities in which the Great White Brotherhood are engaged.

This new activity is such a Chalice, and all who share Our Words drink of the Cup of Communion held in His Blessed Hands. It is now the opportunity of each student to receive the Will of God into his own personal consciousness, and endeavor to externalize it at his particular place on the Path.

Beloved Morya will officiate at the service, holding aloft the beautiful Chalice, and at the given moment as the breath of the Brotherhood at Darjeeling is directed outward, the Flame will become a living Spear of Light and Fire which will pass through the mind and consciousness of the students first, and in the latter part of the service, through the mind and consciousness of all mankind, piercing through the veil that lies between the outer consciousness and the Presence, and opening up the individual connection between the Presence and the outer mind, so that a closer "communion" between the God-self and the outer self may ensue.

Blessings and Love,

Maha Chohan

April 15, 1953

Beloved Friends of Light,

I GREET you again, across the span of the years that separate the outer consciousness from the remembrance of friendship and cooperative endeavors to serve the cause of mankind's greatest good.

The countless centuries that the Great White Brotherhood have served the human race, without more than a handful of people being cognizant of Their very existence, has done much to retard the natural evolution of the higher consciousness, which is the instrument by which and through which the Divine Plan may be fulfilled.

The Brotherhood, able to reach the outer mind of man only through the intuitional sense and the questionable promptings of the feeling nature, could hope for little conscious cooperation with the services in which They were engaged and which They hoped would raise the consciousness of the individual to a point where the Higher Self could control and direct the activities of the personal self. Then, instead of blind, groping, blundering embodiments, which merely add to the shadows that enshroud the Earth, We would have a steady and progressive evolution toward mastery through the individual and for the race!

The rare spiritual nature which aspired to more than the conscious mind of the average man could hope to grasp, usually forsook the world, and in the quiet and solitude of the Retreats of nature and the Brothers, attained individual mastery, leaving as His heritage to the race, the substance of his prayers, aspirations, devotions and illuminations. This heritage became part of the very atmosphere of Earth, as well as the record of akasha, and it could be "tuned into" by those following on, who were enabled to visit the location where such illumination took place, or else, though sympathy of vibration, to tune into the consciousness of the illumined one and partake of that illumination, regardless of the position of the physical body. Thus, many have attained great enlightenment in the actual atmosphere where Lord Buddha attained His Victory, and the Blessed Jesus achieved His manifest mastery, and others, tying their lifestreams into the purpose of these Holy Ones, achieved the illumination through similarity of purpose regardless of the place of their "spiritual" pilgrimage.

However, as Representative of the Divine Will of God to the Earth today, it became my great honor and privilege to approach the Lord of the World, early in the nineteenth century, and ask that a knowledge of the Masters, the Brotherhood, and Their endeavors to assist mankind, be brought to the conscious attention of the minds of the Western world, wherein I perceived the vital energies required to translate "vision" into action. The East had had centuries to render this service, but the absolute disregard for form, and the nature of the Eastern Holy Man, being so

absolutely devoted to adoration, made it increasingly clear that to the West the Brotherhood must look, if a conscious connection between Their design and man's energies might be accomplished.

My arguments in favor of investing certain spiritual energies in attempting to contact and convince individuals of the reality of the Masters, and the existence of this Brotherhood, were rewarded and I, together with my blessed Kuthumi, Saint Germain and Serapis, began Our plans for the organization of the Theosophical Society, if we could secure the cooperation of any embodied souls with Western vehicles, who could form the spearhead for Our endeavors.

Helena Blavatsky naturally attuned to Our vibrations through centuries of association at inner levels, and many embodiments of cooperative service while in physical bodies, became the medium through which We endeavored to bring a knowledge of the Masters to the people. Through the exertion of great effort, and the production of much phenomena, We were able to reach a limited number of lifestreams, and the opening wedge into the consciousness of the West began.

Then, through the kind assistance of the Lords of Karma, many beautiful spiritual souls who had gained much conscious knowledge of the inner light, were assigned to embodiments in the occidental world, and these became our "outposts" to carry on the initial endeavor which We, in hope, had begun.

The Master Saint Germain then, as His Cosmic Ray began to strike the inner atmosphere preparing for the Cycle which will close another fourteen thousand year period, felt it within the design of the Cosmic Law to begin to train dedicated lifestreams in the art of invocation, and the direction of light rays by which vortices of discord and the accumulated shadows of human thought and feeling might be dissolved.

The third chapter of the book remains to be written. The trained spiritual lifestreams, chosen from among all those who applied for acceptance, had to receive some means by which they could cooperate with the current activities of the Great White Brotherhood, so rather than the scattered energies of individual groups, rendering separate, distinct and localized services, We might have a worldwide body of intelligent, cooperative chelas, who could offer their breath, in cooperation with the Ascended Master Activity, worldwide, and form a conscious union between the human and the Divine.

It is not enough to believe the Masters, or even to have localized spheres of spiritual influence, because through weakness in organization and mechanics, if the conscious mind of the student cannot be reached for years after the activity of the Brotherhood has taken place, the efficacy of the cooperative energies of the chelas is lost.

For instance, beloved Kwan Yin opened Her Retreat in China on February 15. Because chelas all over the world knew that the Goddess of Mercy and the Ascended Masters were drawn together, the chelas, as well as the Brotherhood, concentrated on calls for Mercy, and the result was that beloved Lord Buddha Himself, in answer to the calls from unascended beings for Mercy, AMPLIFIED by the calls of the Brotherhood, left Nirvana and returned in His Ascended Master Body into the atmosphere of Earth and has promised to remain through the next twenty year period.

Before this time, although the Brotherhood focused their energies at one place in each thirty day period, and although They one-pointedly called for certain activities to bless the people, the Cosmic Law limited the release because no energies from unascended mankind were offered in cooperation with Their endeavors. And how could even the most earnest cooperate, when the shadows of human thinking had shut off the directions of the God mind, and there was no outer channel to tell them of the activities?

For this reason, I again applied for the opportunity of reaching the outer mind of blessed chelas who wanted to cooperate by whose creations were yet such that they could not grasp the inner action clearly enough to participate. The beloved Maha Chohan gave me a limited grant, saying that the response of the few whom I had chosen would determine whether I could continue such an association. With well-justified trepidation, I endeavored to correspond with the most likely and promising of those who professed to love Us and Our way. Their response made it possible for Me to continue this endeavor.

And now, many good and fine lifestreams, like a golden chain, girdling the Earth, make it possible for Us to transmit the current action of the Brothers around the planet and bless all life and stimulate all souls by this universal service.

This is the purpose of the Bridge, the Bulletin, and this expanded service which is but a part of the One Plan, even as the foundation is laid and a beautiful spiritual edifice built thereon.

Hoping to have the pleasure of your presence at My Humble Quarters in Darjeeling, I AM always your obedient servant.

El Morya

(Thomas Printz)

**The use of the music, "Pomp and Circumstance", written by Elgar, will assist in drawing the radiation of the Beloved Master Morya.

***"HISTORY" OF THE FURTHER DEVELOPMENT OF THE TRANSMISSION FLAME
CLASS***

The development of the activity suggested by our Beloved Maha Chohan and amplified by all of His Beloved Sons (the Seven Chohans of the Rays), again was blessed by the entrance of the Blessed Master Kuthumi who, on April 18, joined a group of students participating in the Transmission Flame Activity. Beloved Kuthumi privileged the students to witness, through His Projected Consciousness, the actual activity taking place at the Retreat at Darjeeling, at the same time the students in their sanctuaries and homes throughout the world were joined together to perform their part in the ceremonies of the evening.

A digest of His first report follow. Hereafter, from time to time, the reports of the Beloved Kuthumi will be found to supplement the activity as presented before the class, and summarized thereafter by Our Lord Maha Chohan.

April 18, 1953

I am standing at the doorway of the Great Council Chamber in the home of Our Beloved Master, El Morya. From here, looking out into the night, I can see the lights of a hundred thousand campfires, or more, made by the earnest pilgrims and holy men, who have responded to the magnetic pull of the spiritual currents focused here at Darjeeling. These men and women come clothed in no more than a loin cloth, and are content to remain in the aura of a Sanctified Retreat, absorbing such of its blessings as flow silently through the atmosphere, with no recognition of the self by the Masters or the chelas within. It is a cold night, the ice is just beginning to melt in the mountains, and the chill winds from the land of eternal snows blows freely through the hillside.

Inside the brightly lighted Council Chamber, the Brothers and Sisters are seated in semicircular fashion, the Brothers and Sisters of the First Ray and Sphere in the first row, those of the Second Ray in the second row, etc. All wear snow-white robes in honor of the Ray of Purity focused upon the altar. Over their white robes, each wears an "over cape" in the color of His or Her own Ray. The Beloved Gautama Buddha wears, as usual, a simple tunic of white linen. The Beloved Morya Himself, is magnificently dressed with the white robes of state, the over cape of royal blue velvet, the Star Sapphire in the center of His turban, and the great Sapphire on the fore finger of the left hand, a matching diamond on the forefinger of the right hand.

I would like to emphasize here the importance of the rhythmic breath in the establishing and sustaining of good health and general well being in the physical body. Each individual is allotted so many breaths in the course of a lifetime. If he breathes short, shallow breaths, he uses up this allotment more quickly. Those individuals, who have sustained life in the body for centuries, did so through knowledge of the long, controlled and sustained breath. At Crotona, many centuries ago, I began the simple breathing exercises when the children were three years of age. By the time they were ten or twelve, they had developed beautiful, strong bodies and could more easily assimilate the instructions of the Higher mind and the Spirit of God.

The Beloved Lord Buddha sustained the life in His physical body during His Seven Years of meditation primarily through the drawing of the spiritual nourishment and energies from the atmosphere in controlled, rhythmic breathing.

The Beloved Sanat Kumara enters carrying the Rod of Power from Shamballa. The sponsors for the various Sanctuaries are now passing before Sanat Kumara, to receive His Blessing and preparing to take up Their stations throughout the world.

The Flame, representative of the Will of God, burns upon the exquisite diamond and sapphire altar, which the Beloved El Morya had constructed in the fifteenth century. The Beloved El Morya now steps within It, energizing It by His Presence, and the assembly prepares to breathe into that Flame Their own life, increasing It in

size, and then at the given signal, direct It around the world on the course already designated for it.

Blessings and love to all,

Kuthumi

April 19, 1953

The assembly gathered about an hour before the ceremony was to begin, in order that all might blend their breaths in that rhythm that forms a mighty force and momentum, and is the initial impulse of the Transmission Flame.

Every branch of the Great White Brotherhood was represented at the Council, all showing the color of the Retreat in which they serve, in the cowl which they wore, thrown back over Their white robes, their degree of Mastery being made known by the crest embroidered in the same color on the robe over the heart.

The Beloved Sanat Kumara Himself carried the Rod of Power from Shamballa, and His exquisite raiment was symbolic of His Office as King of Kings. With Him came Lord Maitreya, carrying a number of scrolls all bound round with Golden thread, which represented Missions to be delivered to certain members in the assembly at the completion of the ceremony.

The Beloved Lord Buddha and Ananda came dressed in simple white robes of a coarse fiber with a lei of flowers around Their necks. The seven great Chohans all had chairs placed in the order of Their rank, although the Beloved Kuthumi, as Recorder of the ceremonies, did not occupy His chair; and the chair of Beloved El Morya, as Director of the proceedings, was placed upon the altar platform.

At a given moment, there appeared in the atmosphere over the palace, a gorgeous canopy of blue Light, projected by the great Elohim of the First Ray, the Mighty Hercules. The great Silent Watcher of the planet, in a luminous body larger than the entire globe, stood in the atmosphere, holding the planet within Her everlasting arms. She, too, wore blue—the soft blue of the sky on a clear day.

The hillsides all around Darjeeling were crowded with pilgrims and holy men, who live but to obey the magnetic pull of the spirit, toward any location which their meditation reveals within their hearts. They are known as "wandering mendicants," free as the wind, led here and there by directives and purposes not easily discernible even to their own fellow countrymen. The light from a hundred thousand campfires made their presence known upon the hillsides.

It was not surprising to Us to see the Beloved Mahatma Gandhi enter the chamber in order to avail Himself of the opportunity, at the completion of the Transmission of the Flame, to walk among His countrymen, and there were many among them who saw His Presence.

From the Heart of the Himalaya Mountains came the Great God Himalaya, His exquisite, delicate, Oriental features emphasized by the simplicity of His raiment. The Ladies of Heaven were represented by Kwan Yin, Who wore Her hair piled high in Oriental fashion and held in place by three beautiful fan-shaped combs of diamonds. The Beloved Nada, Leto, Mother Mary, and many other beautiful Goddesses all wore robes of various shades of blue. The Goddess of Liberty presented a predominant figure among the Ladies. She came dressed in a robe of

exquisite sapphire blue and wore the seven-pointed crown of the Lords of Karma, which August Body She represented at the Council.

The chelas who, by merit and not by outer position, had earned the right to enter the great Auditorium, were seated back of the Brotherhood. When all was in readiness, through that magic, mystic accomplishment known only to the Higher Consciousness, the substance of the walls of the great room dissolved, so that the millions on the hillsides might not only have the benefit of the radiation from the Assembly, but could also experience the joyous upliftment of actually seeing the Council in action.

There was a Sponsor for every group representing the outer world fields of education—politics, art, music, spiritual education, brotherhood, as well as all those interested in healing, and a great number from the Christian Dispensation attended who are feeling the action of the Flame. Almost the entire student body of the Beloved Saint Germain was present.

His Beloved Master Morya entered the Chamber just before the unified breathing was to begin. As He stood before the altar, the Crystal Flame within the Chalice rose upward as the physical flame rises in a fire when fuel is added. It then spread out in the form of a great lotus flower. At a given signal from the Master, the entire Assembly, including the great Ones in the atmosphere above, breathed in the Flame, blessed and qualified It with Their Own consciousness, and then directed It forth on Its journey from place to place across the surface of the earth. The Flame swept into Shamballa, and from there on to Suva—on and on It sped until It permeated every atom and cell on the earth, and the consciousness of every lifestream—incarnate as well as discarnate—received a clarification of consciousness that will enable the Christ Self of each individual to reach the intellect more easily.

Each time the Flame encircled the earth, It returned to Its starting place, and the Brothers sent It forth again and again—Its action becoming more and more rapid, until it seemed as though the planet was a blazing crystal globe.

As this crystal Ray was breathed in (either consciously or unconsciously) by the people, It began to melt the heavy, dark substance in the mental body, (Human concepts), some of which had been condensed there for a million or two million years. This action will continue during the entire period that Beloved El Morya's Retreat is open, and those people who are endeavoring to present truth in any form, will find that wall of prejudice will be broken down considerably during the activity of this beautiful Crystal Ray which represents God's Will.

When the Beloved Master Morya descended from the altar platform at the close of the Flame activity, His place was taken by the Beloved Sanat Kumara, and a new

action was set into motion pertaining directly to the spiritual government of the people which will be manifested in due time.

THE RETREAT OF BELOVED JESUS AND MARY OVER THE HOLY LAND

May 15 - June 14, 1953

In the Near East, shining in the pulsating ethers over the Holy Land, stands the Temple of the Resurrection whose Immortal Flame of Restoration and Resuscitation is guarded and protected by the beautiful Ascended Masters, the Beloved Jesus and His Mother, Mary.

The Temple of the Resurrection is circular in design. The courts, like great cylindrical corridors, circle round the Central Flame Room where the heart of the Sacred Fire of the Resurrection is focused.

The vibratory Action of the Resurrection Flame is controlled by those Brothers and Sisters Who abide within the Resurrection Temple, and direct that Flame through the physical, mental, etheric and emotional bodies of the neophytes in response to their individual invocations for Its tremendous power to be loosed through them and others at their call.

From the Heart of the Temple where the White Fire of the Resurrection Flame pulsates like a Great White Lily, the Angel Devas and Cherubic and Seraphic Hosts of the Resurrection are constantly absorbing Its substance into Themselves and then sweeping outward at the direction of the Masters Who are in charge of the direction of the Light Rays.

One of the corridors is devoted entirely to directing the Resurrection Flame into the Etheric Realms, rendering tremendous assistance in dissolving the mass accumulations of discord which manifest as diseases of mind and body. From this room, also, are directed the rays in answer to the calls and prayers for the so-called "dead".

From another one of these great circular rooms, the Brothers and Sisters direct the Flame through the vast sea of the emotional realm and through the desire worlds of those who wish to rise above the passions of the senses.

From still another room the Directors of the light rays pour the Flame into the vibratory action of the mental bodies of the race and through the tremendous accumulation of thought forms which fill the atmosphere, impinging themselves in the mental bodies of the people thus blocking the God-directions of the individual Higher Self.

In the outermost court of the Temple are the Brothers and Sisters Who direct the Flame through the physical structure of those who desire bodies that are absolutely non-recordant to disease.

As the Great White Brotherhood freely partakes of the gifts and blessings of the Resurrection Temple, as well as share in their distribution, and as the mankind of earth are invited to become the Guests of the Beloved Masters Who guard and sustain the Flame, there is a tremendous opportunity offered for those who choose to avail themselves of Its restorative powers.

The degree of mastery and light achieved by each brother and sister belonging to this temple, determine how near they may draw to the central sanctuary, the Holy

of Holies, because the power of this flame is such that only Ascended Beings can stand in its presence. However, many chelas and neophytes occupy the outer chambers, and gradually, through proximity and through individual application, prepare themselves to approach closer and closer to the heart center, where the focused flame abides.

The Resurrection Flame was first drawn into the atmosphere of the planet Earth by the great Krishna, who, seeing the shadow of human thought and feeling taking form in the consciousness of man, knew that the fruit of that seed would be disease, disintegration and decay, and knew, further, that some means of restoration of these fallen sons of God would have to be provided for, if they desired to return to their natural God-estate.

When a great being applies to the heart of creation for the privilege and honor of ensouling some God quality with his individual life intelligence, he must vow to remain the guardian presence of that flame, renouncing his freedom and joyous release into the higher realms, until some volunteer spirit from the race he serves chooses to relieve him of his trust and become that guardian presence in his place and stead. Thus, it is not lightly that great beings apply for voluntary exile from the peace of celestial glory, to guard and sustain a focus of light and power which can be drawn upon by mankind in their hour of need, especially when, for countless centuries of time, not one applicant from the race even applies for the beneficent radiation of that flame or shows a passing interest in its presence and in the gift which it brings to free life.

However, through the centuries, the great Maha Chohans of each age have availed themselves of the tremendous power of the Resurrection Flame, in bringing the kingdom of nature to new life each spring- time, and the builders of form have utilized the powers of the Resurrection Flame in creating new temples or bodies, for the evolving souls of mankind.

In rare instances, those who had renounced the heritage of death and decay as the “natural estate” of humankind, were drawn into the vicinity of the Resurrection Temple and were taught how to draw that flame through their inner bodies and their flesh structure as well, and these became the Brothers and Sisters of the Resurrection.

Many of these devotees went forth and established foci of the Resurrection Flame in remote, inaccessible places. The few seekers of the race, with sufficient desire for redemption in their hearts, were drawn to these sanctified locations and, when they persevered in the use of this flame, found their bodies restored, their minds illumined and their consciousness prepared to be light bearers, themselves. These people were able to maintain life in the physical body for centuries and the records of their achievements are found in many of the archives of great civilizations of the past.

The beloved Master Jesus and his mother, Mary, applied to the great Father of Light for the privilege and opportunity of relieving the previous guardian spirit of the Resurrection Flame, offering to take his place and to remain as its guardians, until some other sons and daughters of earth might find it within their own heart's light to assume this wondrous service.

In order to be vested with the power and authority of guarding a cosmic flame, the presence of which is essential to the redemption and freedom of an evolution, the spiritual being making the application must draw that flame, in its fullness, through his own bodies. The Master Jesus offered to render this service at the close of his mission in Judea.

With the help of the present Maha Chohan, whose cosmic service and momentum are builded into the full power of the Resurrection Flame, through the kingdoms of nature, Jesus was enabled to demonstrate the power within that flame in restoring the body to life and the spirit to immortality. He was then vested, by Cosmic Law, with the power and authority, together with the beloved Mary, his mother, to guard and sustain the Resurrection Flame from within this temple, where they render this service to the present day.

From the heart of the temple, where the White Fire of the Resurrection Flame pulsates like a great white lily, the angel devas and cherubic and seraphic hosts of the resurrection are constantly absorbing its substance into themselves and then sweeping outward, at the direction of the Masters who are in charge of the direction of the light rays.

Each of the circular corridors receives of the radiation of the flame, mercifully dimmed so that its light and essence may be absorbed and digested by the beings who serve within that sphere of activity. In each such corridor a Master of Wisdom instructs a group of chelas, who are engaged in the service of learning how to draw this flame, and to project it toward a given objective, holding the beam of their attention as the channel and guide along which the light flows into churches, shrines, hospitals, homes and human hearts.

One of the corridors is devoted entirely to directing the Resurrection Flame into the etheric realm and through the etheric bodies of those who have applied, through their own heart flame, for purification of their own etheric records. The brothers and sisters who direct the flame, in its etheric vibration, are instantly responsive to those calls made by conscious chelas for the dissolving and purifying of etheric records in nations, continents, old castles and places where great evils and injustices have been done to life.

In another circular room, with the willing cooperation of the angelic host, the brothers and sisters direct the flame (with the assistance of the Master who guides them), into the astral and psychic realms, rendering tremendous assistance in

dissolving the mass accumulations of discord, which manifest as diseases of mind and body. From this room, also, are directed the rays in answer to the calls and prayers for the so-called "dead" and the purifying power of these rays does much in assisting "earthbound" spirits to rise into the octaves of light and to enter schoolrooms of spiritual endeavors, which will enable them to return in bodies of greater purity and light and thus move forward more quickly in the fulfillment of their God-plan.

From another one of these great circular rooms, the brothers and sisters direct the flame through the vast sea of the emotional realm and through the desire worlds of those who wish to rise above the passions of the senses, sublimating the lusts of the outer self and replacing them by “hunger and thirst after righteousness.”

From still another room, the directors of the light rays pour the flame into the vibratory action of the mental bodies of the race and through the tremendous accumulation of thoughtforms which fill the atmosphere, impinging themselves in the mental bodies of the people, thus blocking the God-directions of the individual Higher Self.

In the outermost court of the temple are the brothers and sisters who direct the flame through the physical structure of those who desire bodies that are absolutely non recordant to disease. From this court, also, the nature devas and the elemental builders of form, under the direction of the Maha Chohan, supervise the direction of the rhythmic currents of the Resurrection Flame, that provide the seasons of growth and harvest.

As the Great White Brotherhood freely partake of the gifts and blessings of the Resurrection Temple, as well as share in their distribution and as the mankind of earth are invited to become the guests of the beloved Masters who guard and sustain the flame, there is a tremendous opportunity to those who choose to avail themselves of its restorative powers by the opening of their inner bodies, as well as their physical bodies, to the transmuting, quickening, raising power, which is provided by the God of love for those who choose to accept its blessings and incorporate its power into their individual lives and worlds.

April 30, 1953

I greet you in the Name of the Resurrection Flame by whose power I have been privileged to send the Cosmic currents surging through the body of earth in rhythmic cycles, thus providing both the beauty manifest in nature, and the sustenance for the lives dependent upon this precipitation of nourishment for their very existence!

Within the glorious spectacle of Springtime, man may see the power of precipitation in action, and draw hope from the fact that some part of life has learned how to renew itself in beauty and strength. Because the precipitation is gradual, man has accepted it without much conscious thought, and for the most part, without understanding that what I have done, together with the Beloved forces of the elements and the Beings of the nature kingdom, every man can also do in his own life experience, resurrecting the perfection of his mind, body, consciousness and world.

As the Brotherhood gather in the Temple of the Resurrection, We shall endeavor to powerfully concentrate and direct the ASCENDED MASTER FEELING of the power and efficacy of this restorative power, and We ask that you ACCEPT that power ALIVE within all your bodies, and flowing out from your heart into your world. As the rhythmic breath carrying this Flame surges through the consciousness of mankind, particularly those of you who are consciously aware of Our activity at this Cosmic Moment, on the in-breath feel that Fire of Resurrection enter every cell and atom of your being.

As you hold the breath within your body, please feel it expand through all your inner bodies, as well as your physical body, and to the very outermost rim of your individual sphere of influence.

As the breath leaves your body, feel your sphere of influence expand and become WORLD-WIDE, conducting your feeling of the efficacy of this Flame to act in all kingdoms.

As you bless the breath and Flame in the pause after its exhalation from the lungs, consciously thank the powers of light and life, and particularly our Beloved Jesus and Mary, for sustaining the restorative power in the atmosphere of earth until this hour when you choose to avail yourself of Its Presence.

As this activity is so closely connected with My service to life, and as the Transmission of the Flame is My humble contribution to the Brotherhood in an endeavor to hasten the New Day. I know you will FEEL My Presence with you and will accept MY CONFIDENCE in this power to act.

If I did not approach each spring with this CERTAINTY in the power of the Resurrection Flame, there could be no release of Its action through nature! I shall endeavor this evening to give you THAT CONFIDENCE which is Mine!

As the great Resurrection Temple opened Its doors to the mankind of earth, the pure White Flame from its heart reached up beyond the ten thousand foot level, opening the door into the Octave of Light, and connecting the Resurrection Temple on earth with the Ruby Temple of Beloved Jesus and Mary in the Sixth Sphere.

It was a beautiful and majestic sight to see the Brothers and Sisters of the Resurrection Flame in Their white robes, embroidered with the lily, honoring the Presence of that Resurrecting Power, without which no man can enter into his Christ Estate.

As the Flame was directed around the earth and expanded through the cooperative endeavors of the beloved students, We endeavored to charge the feeling, power and mastery of Our own consciousness into each one's acceptance of that restorative power to act within his own conscious world and personal activity.

As We come again into the radiance of that holy and sanctified Retreat established on the exact location where the mankind of this earth made their first contact with the physical appearance world, We all—here above, as below—are humbly and reverently petitioning the Lords of Mercy and Love to grant these special dispensations by which Freedom may be afforded the Christ Selves of the two hundred thousand chosen to prove the service that could be rendered by the Christ through the outer self of every man!

The Beloved Lanto will preside at this half-yearly Council, and We are told that a Messenger from the Central Sun Itself will be in attendance, with full authority to grant dispensations upon the recommendation of the Karmic Board.

I, Myself, shall offer as proof of the worthiness of mankind for special assistance, your loving and willing participation in these monthly transmissions of the Flame around the world. It has been a magnificent God accomplishment, and has done so much to remove the unseen but potent forces in the lower astral realms which have acted through mankind to limit the endeavors of the Brotherhood to establish lasting Freedom through understanding. Your cooperative and enthusiastic participation in My endeavor has brought the Living Presence of the Beloved Buddha into the atmosphere of earth! It has also joined the sphere of influence of every Retreat in the world in a permanent and constant connection, one with the other, and it has created permanent bands of light that connect the continents of the world in common interest and purpose, providing channels for a constant flowing of God's Blessings to each individual continent and all its territories.

And over and above this, your kindly service gives Me the opportunity to throw upon the Cosmic Screen the results that have ensued from the conscious cooperation of unascended beings with the endeavors of Ascended Beings, when the outer mind is given the opportunity of being enlightened as to Our current activities on their behalf. This will lend great weight to all petitions offered by Ascended and unascended beings. All of these things have been made possible because you freely and joyously offered to loan Us some of your precious, priceless breaths! I thank you!

Tonight, as the great Retreat which forms one of the most Ancient Sanctuaries known upon the planet earth today, plays Host not only to the Ascended Masters and Their chelas of love and light, but also to the souls of the millions of incarnate lifestreams, and the members of the human race who are awaiting incarnation in the discarnate realms, We choose to bring to your attention an eye-picture of the activity in order that you may enjoy and consciously participate in the service, as manifested through us all.

Because of the momentum of the student body over the many years they have turned their consciousness toward this Retreat (at least twice in each year), the inner currents are more firmly established than in the Retreats which have just been brought to the attention of the outer consciousness. It is like traveling along a well-cut highway, in comparison to that of a grassy footpath, for the consciousness and the soul of the mankind of earth, as they turn toward this Retreat,

The seven great Thrones of the Lords of Karma in the atmosphere above the Council Chambers, are already occupied. These Beloved Beings have come several weeks in advance of Their usual Visitation in order that They, too, might contribute the energies of Their love and breath of life in this powerful and magnificent opportunity.

Each of Them wears upon His or Her head the seven-pointed crown, symbolic of Their office, and all are in green and gold, in honor of the colors of the Beloved Host of the evening—with the exception of Beloved Kwan Yin Who, as "Spokesman", has chosen to wear the deep royal purple, significant of the concentrated action of mercy and compassion.

The Ascended Masters Themselves are now gathering and entering the vast chamber, taking Their accustomed seats, each of which is provided with a green velvet cushion and footstool. The rostrum itself is decorated in a most exquisite display of golden calla lilies combined with a rich green vine which grows in China, brought hither for the occasion by some members of the Brotherhood. Over the entire mountain stands the canopy of force that was drawn from the heart of the Music Festival, (Philadelphia, June 13, 1953), which is made up of the combined energies of the thousands of lifestreams who attended, and which will be offered on behalf of Beloved Serapis Bey when the two hundred thousand are called before the Karmic Board to render an accounting for their participation in the progressive unfoldment of the evolution of the race.

The Beloved Lanto is already upon the platform and the concentration of the Green and Gold Flame standing around His Body for about three feet in every direction, is so brilliant and beautiful that His form is hardly visible within it.

The rear of the Council Chamber is occupied by the inner bodies of the conscious students who are aware of the Masters and Their service, and the action of the whole audience is to enter deep into the heart of their own flame and endeavor to duplicate the great Cosmic Green and Gold Lily, which is the form the Flame will take in Its expanding activity around the earth. The Sponsors for each location have established around each sanctuary a similar Flame Flower.

They are all closed like great tulips and will not open their petals until the Beloved Lanto gives the signal for the cooperative breathing to begin. It is the desire of the Sponsors (through the student body) to expand all of these Flame Flowers, entwining one with another, until the entire earth is garlanded with living light.

As We stand here, We see the discarnates being drawn into the atmosphere by the great Astrea, the Beloved Oromasis and Diana, and Lord Michael the Archangel. There is a great amphitheatre prepared for them, for they have asked that they might give their breath in passing this same Flame through the realms where they abide, as well as through the elemental kingdom. This is the first time the discarnates have asked for an opportunity to consciously participate in the activity themselves. I would ask that you send a thought to anyone whom you think might be within those realms, as it will make it easier for them to accept the benefits of the Flame.

The Beloved Sanat Kumara and the Beloved Lord Buddha have just entered—the Beloved Lord Maitreya has also entered, bearing with Him the Rod of Power. All are now seated, quietly contemplating the Flame.

June 21, 1953

As the Flame of God encircled the earth on the evening of June 20, 1953, it was interesting to note that the tracks which had been cut through the lower atmosphere of earth from sanctuary to sanctuary, by the breath of the student body, were clearly defined before the great Invisible Helpers began to set the currents into action from the Higher Realms which would enable the greatest possible service to be rendered at this time.

I can best describe it by saying that the lower atmosphere of earth is often temporarily "parted", so to speak, by a strong thought or feeling form through a cooperative service or group endeavor, but after the service is completed the atmosphere again "closes in", just as the path of an individual leaves no trace behind him when he passes through water. However, as the Great Law, through Its Messengers has witnessed the fidelity, constancy and enthusiasm of the unascended beings who have joined together month after month in invoking and directing the Flame, and who have contributed the energy and substance of their own breath as a conductor of that Flame, this bridge of breath and energy has been made permanent and remains a visible, tangible, constant "conductor" from one focus of light to another at all times.

This means that even when the added impetus of the conscious cooperation of the students is not intensifying the blessing of the particular Retreat which is the focus for the evening, the rhythm of that Flame, like water pouring through a prepared channel, continues to flow, and the sphere of influence of each Retreat is no longer "localized" but World-wide in its outpouring. This is more important than perhaps the human consciousness will realize upon first thought, because instead of having one "treatment" in a thirty-day cycle, the entire momentum and power of radiation from the Retreat which is active during that period, becomes the constant, pulsating, raising activity of the entire world throughout this thirty-day cycle.

Each time the group activity is repeated, all the breath released from each lifestream is woven into this "spiritual track" to widen that bridge, so that from a tiny "thread" which is barely perceptible among the shadows of earth's present garments of pain and confusion, it will one day be a blazing highway, wide as the earth's periphery, and then all will see, know and manifest God accomplishment.

In July of last year, when this humble experiment first began, the sphere of influence of each Retreat covered a localized area, but there was no conscious, unbroken connection between these foci of light and power. When the student body first contributed its timid breaths, there being but a few such groups of unascended beings conscious of Our endeavor, those combined breaths did not reach across the Atlantic Ocean, and it was the pleasure of the Ascended Host to provide, the necessary strength, impetus and Cosmic breath to carry that frail offering around the world and, like a wisp of smoke, the students' breath was dissipated at the close of the ceremony.

As the year has progressed and as more and more groups of unascended beings are participating, the power and momentum of the students' own energies carry the breath around

the world, accomplished through the conscious endeavors of unascended beings, and We merely intensify the Flame

Because this contribution has come voluntarily through the hearts of members of the human race, the Law has permitted Us to sustain this channel through which the energies flow, and it is a tremendous forward impetus to Our endeavors, for, rather than receiving the "food" once in every thirty days, all kingdoms are receiving it every second throughout this period.

May I bless and thank those lovely spirits who have chosen to invest their breath in this Cosmic endeavor!

We begin Our second cycle of the Transmission Flame on July 18th, from the Retreat of the Master Saint Germain in Transylvania. I am grateful that, as the "Book of Life" closes on Our first year's endeavor, I shall be able to offer the Lords of Karma such a beautiful report from the hearts of those who love life enough to voluntarily contribute their breath to the glorious fulfillment of the Divine Plan for the planet itself, and each soul and elemental being and electron that are a part of its evolution.

Maha Chohan

July 1, 1953

Beloved Children of God,

As I stood by the side of your mothers, when your own spirits invoked the first breath of life into your bodies, and I was privileged to breathe that breath into your nostrils, little did I realize that you would be voluntarily giving that breath to Me again to further a cause dear to My heart—the redemption of the earth and the illumination of all life evolving thereon!

Just one year ago (July 19, 1952) a few dear hearts offered to engage upon the first endeavor to transmit the Flame of Freedom from the Heart of Saint Germain's Retreat in Transylvania, around the world. As we again return to the Heart of Freedom, I AM so grateful that from this small beginning, there are now conscious students in America, Europe, Asia, and Australia who have made it possible to weave a line of spiritual force from every Retreat, sanctuary and focus of light upon the surface of the earth and within the atmosphere, that has been endowed with immortality.

When spiritual powers are invoked, drawn and directed, the constancy and fidelity of the lifestreams who are to be guardians of that Flame, must be carefully examined before a permanency of that current may be granted. The service of the student body throughout the year has proved to the Cosmic Law that the breath released through each individual and each group, has earned the right to be touched with the wand of immortality, and it has become a permanent channel (something like a telephone wire), which is open all year round, not just during the night devoted to the conscious transmission of the Flame through the cooperation of unascended beings. This means, in part, that the flow of the spiritual blessings from the Retreat which is currently the center of the attention of the Brotherhood, may flow around the world rhythmically, without stopping, for the entire thirty-day period.

If so much has been accomplished in the first year, what shall be the results for the second! My hope is high!

God bless you for giving of your breath! That breath shall come back to you and give to your inner bodies and your flesh form that which your own Christ Self knows is required most to assure you your complete, eternal Freedom!

Love and Blessings

July 18, 1953

Tonight, Beloved ones, is an Anniversary—one that I can celebrate with particular personal happiness, because I have just returned from a visitation to every student who has voluntarily offered to participate in this magnificent activity suggested by the Light and Consciousness of Our Lord Maha Chohan, and brought to such full fruition through the cooperative endeavors of students who for the most part have been My own blessed charges over the past years.

Can you understand the happiness in the heart of the teacher when there is an opportunity afforded for Cosmic Service and the teacher may approach the Cosmic Law and say: "I believe that those whom I have prepared through the years are ready to engage in such an activity"—particularly when the curtain had all but closed upon My humble endeavors through the past twenty years? So My personal Heart is happy tonight, for on the records of akasha there are written the words which represent each individual's mastery over the substance and energy of the inner bodies to a point where they could perceive Truth, recognize Our vibrations, and choose voluntarily to cooperate in this new endeavor, relying only upon the light of the heartbeat and directions of their own Christ Self.

Transylvania tonight is a beautiful sight as We look at it from the inner standpoint! It is not a large state at most, and from border to border it is ablaze with deep purple fire—Devas and Angels and Elementals clothed in every hue of the Violet Ray, are bathing in this tremendous aura of pulsating Violet Flame, and from the Heart of the Sun a directed Ray of the most intense purple fire that has ever touched the earth is anchored through the Focus of the Freedom Flame, which it has been My privilege and honor to guard for many centuries.

The Freedom Flame Itself burns upon the altar, and the Beloved Brothers and Sisters have decorated the entire assembly room in Maltese Crosses, made up of exquisite floral offerings representative of the various countries from whence they came. Each has followed the pattern of My own Electronic Light Pattern, but the flowers symbolize the location of the Retreat or Sanctuary from whence the Brothers and Sisters have joyously come to offer the energy of Their life this night—and I shall always remember the beauty of this kind expression of Their love!

As We go into action in the drawing of the concentrated power of God Freedom into this mighty Flame, and as we then direct it through the channels which have already been opened and established, We are going to endeavor to create around every student unascended a similar Cross, larger than the physical body, made up of the actual substance of this Concentrated Flame which has become the atmosphere of Transylvania tonight!

The vibratory action of this prepared Cross will be much more rapid than the natural vibration of the physical and inner bodies of the students, and should enable them to breathe in the Flame with greater ease and absorb it into the inner bodies with much less difficulty.

As I am speaking with you now, the Beloved Serapis is taking His place before the rostrum, and it is His great joy to ask the Brothers and Sisters of the Ascension to create out of Their thought force this great Maltese Cross before the entire assembly—the Ascension Brotherhood

is particularly noted for Its power of concentrating thought force and invoking the Universal Light to fill it and condense its vibratory action until it is visible to even the physical sight of unascended mankind.

As I am watching the proceedings, We see this great Cross taking form. It is well over one hundred feet high, and very clearly distinguishable, as its periphery seems to be made of a silver substance, which clearly defines it from the Violet in the atmosphere. Then We witness the drawing of the Violet Fire from the atmosphere into that Cross, condensing it just as you would fill a mould with a particular substance.

As this is completed the Brothers of the Ascension then relinquish Their places to the great Angel Devas of Ceremony, Who now, under the direction of the Archangel Raphael, are stepping within this Cross and greatly expanding it in size, and it is beginning to pulsate with the motion of their own heartbeat. Beloved Raphael, I know from My own feeling, is preparing them now to carry the replicas of this original Cross into the sanctuaries particularly, and into the auras of the students.

From the higher atmosphere more and more of these Devas and Angelic Beings come, and They are drawn just as the moth is drawn to the Flame, into this great Cross until it becomes deeper and deeper in color, larger and larger in periphery, and more radiant in its pulsation, which is so rapid now that you can scarce distinguish it in their outbreath of that Flame.

The great Freedom Flame is also expanding and flowing into the Cross, which becomes now as large as the entire European Continent, and yet the signal has not been given for Them to step forth from It—they are still concentrating and drawing more Beings into It from the four corners of the earth. This activity is a surprise to Me, and a Gift of Love to My Life stream, as well as yours. I trust as it takes place that you may enjoy contributing your energies to the intensification of the form.

The Beloved Raphael is an exquisite Being, standing well over seven feet in height. His hair, like that of the Archangels, resembles molten gold. He is slender of stature, and has an exquisite tenderness in his countenance. His is the service of working with the Angels of Healing and Ceremonial, and His voice, both in speech and song, is the sweetest that I have ever heard, although He uses it so seldom—as in the case of His activity this evening. It is all done by the magnetic pull of His own Love, and the directions which are so clear, sent forth from His Consciousness, are easily received in the sensitive feeling of the minds of the Angelic Kingdom, which knows no question, but is obedient always to the behest of Love.

This Great Cross still grows, until it extends well into the Asiatic Continent, and down into Africa, and I must soon enter into the Heart of the Flame. I had hoped that They would start the expansion while I was still speaking with you, so that you might enjoy it—Beloved Raphael, in answer to My request, now raises His Hands, and as they are lowered you can almost hear the burst of music as the Angel Devas pass out from that Flame—everyone of them carrying an exquisite Maltese Cross of blazing light. The great Devas carrying some as large as a city, and

there are smaller Devas and Angels Who are carrying *little Crosses* no larger than an eight-inch ball.

Let us follow them now as they swing outward—you can hear the song of the Freedom Flame and the rhythm of their motion. They go instantly into the sanctuaries, and wherever there is an activity established, the Cross is as large as the city, and the Deva Who carries it settles it down like a plate in a parallel form over the entire city, and the heart of the Cross stands over the leader of the group. Where there are only isolated members, the Cross is always larger than the room in which the activity is held, and the Deva holding that then calls to the local Angelic Kingdom, and they are coming and creating little Crosses around the individuals, for They love to work with substance.

So here now before the beginning of our great service, if you were to stand in the atmosphere a mile above the surface of the earth, it would be like looking down at a garden of beautiful Maltese Crosses which look a little like pansies— looking down from above—and in the center you find the student body in the various countries, each group preparing now for the drawing of the substance of the Freedom Flame, and because it is My Office, I must address My people, so I leave you with this visualization. If you will hold it for a few moments until We begin the action of the Flame, I am sure you will feel the power that is within it tonight.

Beloved Chelas,

How grateful I AM to see that within the short cycle of twelve-months, the Maha Chohan has indicated that soon the forcefields established by the Transmission Classes may be endowed with the power of radiating certain activities of the Sacred Fire that have, to the present, been of too rapid a vibration to connect with the physical or inner bodies of the evolving race, until they had attuned themselves to a point where they left the earth and were, therefore, of no use as "conductors" into this realm which so much needs purification and redemption.

Every group activity creates a forcefield made up of the energy of the group, in song, spoken word, visualization, thought and feelings etc. That is qualified energy which, like a wagon wheel, flows out from the heart center as far as the drive of energy from the combined group can send it. At the close of class, that forcefield is dissolved by the activities of the city, town or village and its inhabitants, and it must be builded anew at each successive class. The Deva or Angel, or Builder of Form, however, uses the momentum of the collective endeavors of the group in re-establishing it before the beginning of another service.

Now the Beloved Maha Chohan has signified that these forcefields will be made permanent, so that even if no one is officiating in the sanctuary, there will be a field of qualified energy radiating out through the locality, into which at a given moment, certain Divine Rays may be focused to blanket the people and environment in protection, or whatever the requirement of the hour may indicate. In the future always when there is at least one individual in attendance, the concentration of this power will be increased.

The importance of the permanence of this new activity cannot be overemphasized, because before every Golden Age was firmly established CENTERS were prepared for the establishment of particular qualities and powers of the Sacred Fire. I see now that the Vision of the beloved Maha Chohan was built upon this great premise, knowing that those who responded to this opportunity to contribute their breath to the Transmission of the Flame from the Retreats of the Masters around the world, would be those who could qualify to become guardians of specific qualities of the Flame in themselves, when the proper mechanical adjustments could be made to this end.

As these forcefields are permanently established, one of the Angels of Ceremonial, or Devas of Light, will take up permanent abode over the focus so blessed, in order to hold sustained the energy contributed by the breath and activities of the students, and that which Adelpia has done for Philadelphia activities, will be duplicated in a measure for all these other sanctified group activities shows the great importance of belonging to some cooperative endeavor,

although such unified service must be a voluntary expression of each lifestream, and not a duty to be performed as such.

I experimented in the endeavor to direct the Freedom Flame through the beautiful Maltese Crosses created by the Brothers of the Ascension, and the Law has blessed Me by allowing the rhythm of that Flame to remain a steady pulsation through those who received it on Saturday last. I feel that all will benefit by that purifying action as it continues to build in momentum and power with each passing day. Looking at the "track" of the Transmission Flame as set forth on the map, you will see how much has been accomplished in so short a time.

Blessings and Love
